Beaverhead Search and Rescue News

Article Credit to: Kolby Malesich, Commander

Beaverhead County Search and Rescue had a fun joint training Saturday March 29, with Ruby Valley Search and Rescue. It was a great training and was fun to collaborate with other agencies including Ruby Valley SAR, Beaverhead County Sheriff Department, and Life Flight. It was a great opportunity for our members to get some great training and meet other involved in the same types of events we are involved in... BVHD SAR members participating in the event are: David Broadhead, Steve Mock, Lance Hopman, Tara Remely, Brad Wagner, Adam Norlander, and Kolby Malesich. A big thank you to Adam Norlander for Coordinating the event in partnership with Ruby Valley. Tara Remely and Brad Wagner coordinated the food and cooked for the entire group.

Ruby Valley FB Post:

Saturday, March 29th, we were invited to participate in a join training with Beaverhead Search and Rescue. We had a great day with several different training stations. There was a station training on search techniques in an avalanche scenario.

How to operate probe lines in the snow, the use of avalanche beacons. The second station trained on the treatment of hypothermia patients. And the third station was training on ice rescue and the use of various equipment on thin ice.

In the afternoon Steve Schmid from Life Flight Network came out and gave use some great information selecting a landing zone and how to coordinate helicopter landings with the pilot. Shortly after that Kevin, one of the pilots from Life Flight came out with the helicopter and we were able to practice loading patients into a waiting helicopter.

Due to not having a full crew on the helicopter we were not able to practice hot loads, but we did talk about how to operate around a running helicopter and were able to practice as though it was a hot load. All in all, it was a great day of training and we couldn't have asked for better weather to train in. A huge thank you to Beaverhead Search and Rescue and Life Flight for making this training possible.

Pledge of Allegiance

The VFW Auxiliary to Post 9040, ordered and supplied 86 kindergarteners at Parkview Elementary School with learning materials to learn to say the Pledge of Allegiance. Mr. Fitzgerald said they all learned it and say it every morning. I returned last week with certificates for their achievements.

FWP launched the Migratory Bird Stamp contest in 2024 to help raise additional awareness and appreciation for wetlands conservation and the benefits of intact wetlands to people and wildlife.
 The 2025 Migratory Bird Stamp is not required to hunt migratory birds in Montana.
 This year, all hunters who purchase a Migratory Bird Stamp will be sent an email with the winning artwork and offering them a sticker sheet.
 Additionally, people want to support wetland conservation but don't hunt, they can purchase a sticker sheet and other promotional items through Montana's Outdoor Legacy Foundation.
 For winning the 2025 Migratory Bird Stamp contest, Nelson receives a \$2,000 prize paid for by contributions from Montana's Outdoor Legacy Foundation, Montana Audubon and Ducks Unlimited.

Terminus Distilling Company Updates

Katrina & Derek Lewis

Building

Derek has framed up walls around most of the Production Room – it looks pretty amazing (see below). He is sheathing the warehouse-sides of the walls with plywood and the production-space walls with washable wall board. This past weekend we chose lighting fixtures, designed the desk area where he'll do the monthly federal and state reporting paperwork, and compared prices (and dimensions) of commercial ice machines. Bit by bit, the pieces are coming together.

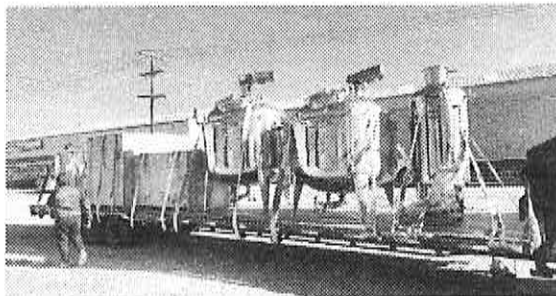

Business/Community

Last week, we met with Mayor John McGinley and Director of Operations Kristina Abbey to talk about sidewalk design and parking on both Virginia St. and N. Idaho St. We'll work with them to make it

easy and safe to walk up, drive up, or bike up to our building.

Distillery

Our still has arrived! Big thanks to Pat and Ken from Standard Lumber for lending a hand after our forklift ran out of propane (with the 500gal mash ton halfway off the truck). Now the still and its equipment are in the building, waiting out of the way until we're ready to install it all in the Production Room.
