PRESIDENT OBAMA COULD GET 3 TERMS IF H.J.RES 15 ABOLISHES TERM LIMITS

By: Angel Clark

Americans around the nation were shocked Friday as they heard about H.J.Res. 15. H.J.Res 15 proposes an amendment to the Constitution of the United States to repeal the Twenty-second Amendment. This would remove the limitation on the number of terms an individual may serve as President. Rep. José Serrano (D- NY15) introduced the controversial joint resolution on Friday, the second day of the 2013 legislative session.

The last President to serve more than two terms was Franklin D. Roosevelt. Roosevelt served three full terms as President and was elected to a fourth term. Roosevelt died 83 days into his fourth term in office.

Congress passed the Twenty-second Amendment on March 21, 1947. The required number of states ratified it in 1951. There have been numerous attempts to repeal the Twenty-second Amendment, including a previous attempt by Rep. José Serrano. Rep. Serrano attempted to repeal the Twenty-second Amendment with H.J.Res. 5 in 2009.

Opponents of H.J.Res. 15 are being urged to inform their representatives of their opinions and to voice their opinion on PopVox.com.

INTERESTING DISCOVERY

While hunting lions in the Pioneer Mountains west of Melrose, Dillon Hahnkamp and his dad, Jay, found a big horn sheep carcass.

Craig Fager, a Fish and Game Biologist was taken back to the site and the skull was retrieved. The ram was calculated to be 7 ½ years old and could have been killed by a lion, but an abscess in the jaw was the probable cause of death.

The ram head will be donated to Jack Schoonen's science class at the Dillon Middle School.

⇧ Dillon Hahnkamp and Game Biologist, Craig Fager, examine the Big Horn Sheep carcass.

⇨ Note the lion in the picture was the same lion that Dillon and Jay were following when they found the sheep carcass.

WHETHER THE SEMI-AUTOMATIC WEAPONS BAN PASSES DEPENDS ON WHAT HAPPENS TO THE SENATE RULES

By: Michael Hammond | January 4th, 2013

It was reported that Vice President Joe Biden "guaranteed" to ailing Boston Mayor Tom Menino that sweeping gun control legislation would be passed by the end of January.

How sweeping?

A quick look at Feinstein's semi-auto ban legislation suggests that up to 75% of all handguns currently in circulation would be banned, along with 50% of all long guns.

Depending on its configuration, the AR-15 you already have would probably be treated like a machine gun. You would have to be fingerprinted, background checked by the FBI, and undergo a six-month license application process to keep it. And when you die, the government will seize it.

If you don't get an NFA license, you can expect the SWAT teams to descend on your house.

But, you ask, how could such rabidly anti-gun legislation ever get past Congress?

For an answer, look at what happened on the fiscal cliff.

The Senate would change its rules so that it could pass a gun ban with only 50 votes (plus the vote of Vice President Joe Biden) — or so that you could write the gun ban in a House-Senate conference committee on a must-pass bill. Democrats like West Virginia's Joe Manchin, Nevada's Harry Reid, and Pennsylvania's Bob Casey — who will not have to run for reelection for awhile — will cast "courageous" votes for this gun ban.

And it will hit the House with enormous momentum — momentum which House Speaker John Boehner (who has already called for a dialogue on gun control) may not have the courage to resist.

But the first step will be to demolish the Senate rules so that gun control only requires 50 votes — or so that gun control can be inserted in the conference report on a must-pass bill. And this is where John McCain comes in.

John McCain and Armed Services Chairman Carl Levin are working together on a series of rules changes to inter alia, make gun control a lot easier to pass.

The first McCain-Levin rules change would make it impossible to fight a motion to proceed to gun control legislation. Remember ObamaCare? Our

Happy New Year!
Thanks for a great 2012!
Looking forward to an even better 2013!

last real shot to kill ObamaCare was by filibustering the motion to proceed to it. Once the motion to proceed was adopted, the bill became amendable and Harry Reid could play "let's-make-a-deal."

The second McCain-Levin rules change would make it easier to add gun control to a bill in conference. Currently, senators can block a conference. If the McCain proposals are adopted, a must-pass bill could be sent to conference, amended in conference with a draconian gun ban, and then sent back to the House and the Senate on a take-it-or-leave-it basis.

McCain will try to tell you that that would be outside the "scope of conference." But "scope of conference" rules are never followed. Gramm-Rudman was written in conference from the ground up.

The third McCain-Levin rules change would block any amendments except for those Leader McConnell and Manager McCain proposed. All other senators would be out in the cold.

This McCain-Levin package must be stopped.

Senator Rand Paul is currently planning to offer an amendment requiring a two-thirds vote in the Senate before any anti-gun measure can be passed.

I know. I know. If it were up to me, gun control would not be able to be passed with 100 votes. But we need to propose something which will pass the Senate.

So this is the "day of march." We saw, with the resolution of the fiscal cliff debate, how the diminution of the Senate rules (and Republican courage) can lead to historically bad results.

But if conservatives allow these rule changes to be implemented, they have no reason to complain when the rules allow them to be defeated in battles over the debt limit, the continuing resolution, and sequestration.

In those battles, the rules — which are now up for debate — will determine whether we win or lose.

UMW WOMEN'S BASKETBALL

The University of Montana Western women's basketball had a tough weekend as they dropped their first two conference games of 2013. Starting on Jan. 3, the Bulldogs took to the road, traveling to Butte, Mont. to take on the Montana Tech Orediggers.

Even though the Bulldogs were effective containing Montana Tech's leading scorer Kelsey DeWit and allowing her only three points on the night, Montana Western lost the contest 57-66.

Sammi Bignell led the Bulldogs with a double-double, netting 10 rebounds and 15 points. Brittney Leibenguth trailed with 13 points. Sophomore Jenna Banks also added nine points.

The Bulldogs then traveled to Lewiston, Idaho to take on Lewis and Clark State College. Montana Western could not seem to get into the flow of the game. A slow start in the beginning of the game and another slow start at halftime caused the Bulldogs to dig themselves into a deficit they could not bounce back from. Montana Western lost the contest 60-69.

Sammi Bignell had another big night and was one rebound short of posting another double-double effort. Bignell ended the night with 24 points and nine rebounds. Alecia Wilson chipped in 12 points and four assists while Jenna Banks added an eight-point effort.

The loss moves Montana Western to 8-9 overall and 0-3 in conference play so far.

The next conference game will take place this upcoming Thursday, Jan. 10 in the Straugh Gymnasium in Dillon, Mont. at 5:30 p.m. as the Bulldogs take on the Montana State University-Northern Skylights. On Saturday, Jan. 12, the University of Great Falls will also be traveling to Dillon to play Montana Western at 5:30 p.m. in the Straugh Gymnasium.

UMW VOLLEYBALL SIGNS RECRUIT

UMW head volleyball coach Lisa Griffiths announced her first signing for the 2013 season, Rachelle Chamberlain, to a Frontier Conference/ NAIA Letter of Intent.

Chamberlain, a 5' 8" setter, played for the Challis High School Vikings in Challis, Idaho. As a senior she had 925 assists, 103 digs, 82 blocks and 71 kills to lead her team to an undefeated State Championship.

"Having been to the state tournament four times in high school is an accomplishment, let alone never finishing below third," Griffiths stated. "Coming off an undefeated season and a state championship during her senior year, Rachelle is ready to bring a high level of play into our gym."

Off the court, Chamberlain has maintained a 4.0 grade point average and is a member of the National Honor Society.

Chamberlain is the daughter of Jim and Belynda Chamberlain and plans to study biology and equine science at Montana Western
