PRIVATE PROPERTY & CORNER CROSSINGS

By: MJ

HB 235 has been rejected by the Montana House. If the bill would have passed it would have allowed the public to cross private lands. It seems that private property owners were the only party giving an easement.

What if the bill would have asked for a reciprocal agreement between private property owners and government? This way both parties would have participated in finding a fair solution.

THE IMPENDING STORM

"No morn ever dawned more favorable than ours did; and no day was every more clouded than the present! Wisdom, and good examples are necessary at this time to rescue the political machine from the impending storm."

The Daily Yarn

Come... Sit... Create...

As you walk in the door there is an instant atmosphere of warmth, being welcomed, and friendship. This impression lends itself to Dee Boka's ability to create and decorate. She is the proprietor of *The Daily Yarn*.

That same creativity applies to knitting. Dee likes to knit and learn and knitting is very conducive for both because it is so open ended.

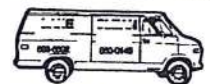

As a knitter, Dee became tired of traveling to find yarn. She expresses, "I saw a need that was good for me and that fit the community and it was a done deal."

She has 10 years retail experience as a previous owner of Stephen's Floral. "I liked being in retail and in contact with the community, and I missed it and that was the impetus of *The Daily Yarn*."

Doors opened for business on Tuesday, February 12th. *The Daily Yarn* is open for business Tuesday through Saturday, 10 am to 5 pm. It is located at 36 N. Idaho Street in

the old D.I. Hardware building that is being renovated. The Open House on March 15th and 16th will dovetail with the Open House for the rest of the building.

At the Open House Dee will have available a schedule of classes being offered. These classes will include Beginning Knitting, Beginning Socks and Entrelac, a type of knitting that produces a diamond pattern. Free Form crochet is another class being offered and she is looking for someone to teach other crochet classes.

The Daily Yarn provides all types of yarn, from sock weight to bulky weight, super wash as well as 100% wool. Dee stocks yarn from local producer, Rattlesnake Creek Alpacas and has made an extensive effort to find yarns made in the U.S.A. She explained that yarn comes from all over

the world, but she prefers U.S.A. produced yarn. One of her suppliers is a company called Brown Sheep Company based in Nebraska. Also available are a variety of knitting needles, crochet hooks, books and patterns.

She encourages people to come in, shop and visit. "I feel all people are naturally creative, but not everyone has the luxury of finding their gift and I want to facilitate that," Dee explains.

Be sure to visit *The Daily Yarn*, open Tuesday through Saturday, 10 am - 5 pm, and don't forget to stop by for the Open House on March 15th and 16th.

TRIPLE OVERTIME

Friday night at the Maroon Activities Center the Southwestern A Boys Basketball semifinal was a battle for the victory between the second-seeded and defending Class A State Champion Dillon Beavers and the third-seeded Butte Central Maroons.

In a triple overtime Butte stole the ball, made a layup, got fouled and made the free throw to end the game 38-35, putting the Maroons on the top.

After a battle the Beaver led 27-26 and in the last five minutes of the game the Beavers led 31-28. At the 2:36 mark the Central coach called a timeout and they came back in to tie the game 31-31. The score remained 31-31 for two overtimes. In the third overtime Butte scored with two free throws making it 33-31. Carson King tied the score again with two free throws. Both teams scored again and was tied 35-35. Butte then stole the ball and scored a layup leading 37-35. The player was fouled and with :17 to go he put in a free throw making Central the victor 38-35.

Saturday morning in the Southwestern A Divisional the Lady Beavers won over the Corvallis Blue Devils 42-31 and went on to play the Stevensville Yellow Jackets and there season came to and end by losing 49-37.

WILDLIFE MANAGEMENT

Is Montana's wildlife being "managed" by sound science or misinformation spawned by Republican Party paranoia? Let's start by examining the claim that wolves are killing too many elk while finding time to decimate the two and one half million exotic cattle that roam on Montana's public and private lands. According to confirmed body counts in 2012, wolves harvested only 74 cows and within 83 of the 127 state management hunting units there are "too many elk." It looks like Montana wolves are laying down on the job.

So how do wildlife advocates counter misinformation coming from the special interest groups doing business on public lands? Actually, it's pretty easy. There is a treasure trove of public statements coming from the mouths of local politicians that deserve to be made public nation wide. There are too many to list coming out of Montana's current legislative session, but this writer got lots of mileage out of comments made by a candidate running for Beaverhead County commissioner. This is what he published: "These wolves that are decimating our wildlife populations and our livestock producers are an exotic species to our area. They may have been prevalent in the dinosaur age which may be the actual reason for dinosaur extinction and not global cooling as Al Gore once thought." This guy got 47% of the vote in Beaverhead County!

How Montana manages its wildlife population on public lands, especially federal lands, will be determined by scientific fact not misinformation. Misinformation, a derivative of lying, I'm sorry to say, does not in any way violate the principals that govern the modern day Republican Party.
