ANACONDA WOMANS DRIVERS LICENSE FOUND

Tammy Salle's driver's license was found by two fishermen upstream from where a woman's body was found the day before. The body had been sent to the crime lab for positive identification although tattoos found match those of Salle's. Salle's boyfriend John Goldberg was a suspect in the disappearance but he committed suicide a few days after he was first questioned.

BISON MANAGEMENT

The Legislature has Senate Bill 143 in the works to consider. It would provide for year-round bison hunting among many other issue to be considered such as increasing the number of bison to be hunted and stop the transfer of wild bison. The bill is a measure to contain the number of bison coming out of Yellowstone park.

Wildlife managers say that hunters killed 172 bison this year but about twice that need to be killed to keep the population down to manageable numbers.

Those against the bill say that the population could be devastated by hunting year round.

Senate Bill 256 would make Montana Fish, Wildlife and Parks pay property owners for damages from the bison. The MFWP would have to estimate what the potential damages would be. People against this bill say that it is financially unsustainable. That there is not way to get those estimates of damage and that sportsman licenses would be what pay the bill for damages. Those in favor of the bill say bison can do a lot

of damage to ranches and farm and present safety concerns.

The spread of brucellosis is a major concern from the bison coming out of the park. The disease cause cattle to abort their calf. Yellowstone is a major spot for that disease. Rancers are affraid of allowing the bison around their cattle because of the estimate that 50 to 60 percent of the animals test positive for the disease.

House Bill 396 is put in place to prohibit the relocation of bison. That bill is on its way to the Senate.

House Bill 328 allows biologist to give hunters a general location of bison which would make it easier to kill the animals.

LAZIEST GUN IN THE WORLD

---Today I swung my front door wide open and placed my Stevens 320 right in the doorway. I set 6 shells right next to it. Noticing it had no legs of its' own, I even placed it in my wheelchair to help it get around. I then left it alone and went about my business.

While I was gone, the mailman delivered my mail, the neighbor boy across the street mowed the yard, a girl walked her dog down the street, and quite a few cars stopped at the stop sign right in front of our house. After about an hour, I checked on the gun. It was still sitting there in the wheelchair, right where I had left it. It hadn't rolled itself outside. It certainly hadn't killed anyone, even with the numerous opportunities it had been presented to do so. In fact, it hadn't even loaded itself.

Well you can imagine my surprise, with all the media hype about how dangerous guns are and how they kill people. Either the media is wrong, and it's the misuse of guns by PEOPLE that kills people, or I'm in possession of the laziest gun in the world.

Alright, well I'm off to check on my spoons. I hear they're making people fat.
