### **WARDENS REMIND US: FEEDING WILDLIFE IS AGAINST THE LAW! NUMEROUS RECENT CASES IN PARK AND GALLATIN COUNTIES**

People often feel sympathy for wildlife appearing to be stressed by winter conditions. Unfortunately, sometimes people take matters into their own hands and provide these animals an artificial source of food. And while the intent might be to help the animals through a difficult and demanding period, the end result could be injury and even death to the animals. Another unforeseen consequence is the possibility of those animals injuring a person (whether or not that person is the one doing the feeding). But it doesn't stop there. Here's a little more on why it is against the law to feed most wildlife (including bears, deer, elk, antelope, moose, mountain lions, bighorn sheep, etc.):

- Supplemental feeding encourages wildlife to become dependent on food sources that are not part of their natural diets;
- Young animals that are taught to depend on humans sometimes never develop normal foraging behavior, and could starve if the artificial food sources are removed or more likely become nuisances and come in conflict with humans;
- Wildlife lose their fear of humans and learn that they can boldly forage for artificial food, causing possible risks to human safety;
- Wild animals being fed by humans may congregate in unnaturally high numbers, and this is the perfect opportunity for disease to spread;
- Feeding wildlife, especially prey species such as deer, squirrels and rabbits, often causes a domino or food chain effect. Example: Increase deer numbers in your yard and you may be inviting a mountain lion for a free meal;

Offenders could be charged with a misdemeanor, which carries a maximum fine of \$1,000, six months in jail and you could lose your privileges to hunt, fish or trap. The law does not apply to normal feeding of livestock, backyard gardens or to commercial processing of garbage.

In Region 3, FWP Wardens and biologists annually receive

dozens of tips about artificial feeding.

Livingston Warden Drew Scott has given out four warnings about feeding deer in the last few months. Bozeman area wardens are currently working on the unlawful feeding of bighorn sheep in the Big Sky area. And over the summer of 2012, the Ennis warden caught and cited a man for illegally feeding bears in the Big Sky area. In all of the above instances, these individuals were putting themselves, their neighbors and wildlife at risk.

If you have any information about the unlawful feeding of wildlife, please call (800) TIP-MONT.

By: MJ

If a private citizen has an investment business that operates by  
collecting money from private citizens by promising people they will  
invest and double their money. Instead of making money for you the  
owner takes your money and invests in himself; (businesses, several  
million dollar homes, planes, trips, clothes, parties, cars...When it comes time to cash in on your investment your money  
is gone - been spent and you receive zero (0) dollars or you settle  
for less then you invested. Owner goes to jail for scamming the  
people by using manipulative and confusing advertisements.The government has taken a share of everyone's paycheck  
for years promising the people that the money would be paid back  
when they retired. Government overspent and politicians needed  
money to pay the bills, so like the private investment company they  
took the money they promised you're for retirement and spent it.  
The only way government makes money is take your money via  
taxes.Private Citizens become criminals and are incarcerated for dis-  
honesty and ripping people off. What do the politicians do? Ask  
your representative to take a good look at wasteful spending, honor  
the oath they take to represent all the people and operate within a  
balanced budget.**BITTERROOT TRADING POST****J.D. PAPE**

## THRILL KILL

The pregnant cow moose that was killed in February north of Avon was described as a "thrill kill."

Two 15-year-old boys have been sited for allegedly shooting and killing the moose. They face up to a two-year loss of hunting and trapping privileges along with up to a \$735 fine.

The meat from the moose was salvaged by three wardens and given to a food bank. The moose had a calf that was standing with her when she was shot. The calf was thought to be from last year and is expected to survive on its own. It was weaned and was feeding on vegetation.

The boys are scheduled in Powell County Justice Court on March 15.

## MONTANA WESTERN TAKES SECOND IN FRONTIER CONFERENCE CHAMPIONSHIP

There was no stopping the red-hot Rocky Mountain College Battlin' Bears in last night's Frontier Conference Championship.

The 68-52 win was the fifth straight for the Bears and their third straight on the road.

Rocky opened the game with a Matt Strickland three-pointer and quickly held a 13-6 lead. Montana Western went on their own run to tie it up at 13 on a Kris Collins long ball. Rocky held a slight lead until Collins got a steal and sank a pull-up three at the 8:01 mark.

A Jordan Overstreet steal and basket put the Bulldogs up 24-21. The three-point lead would turn out to be their best of the night. After keeping it close until the 4:21 mark, Rocky took a 10-2 run into halftime to hold a 36-28 lead.

The second half started with two Rocky baskets followed by a Kris Castro three that put the Bulldogs within nine. From there it was all Rocky Mountain. The Bears would increase their lead to as much as 18 while never dropping it into single digits. Rocky was crowned Frontier Conference Champions with a 68-52 victory.

Montana Western shot a dismal 33 percent (22-67) from the field, 19 percent (6-32) behind the arc and 33 percent (2-6) from the free throw line. Rocky fared much better with their 52 percent (28-54) on field goals, 37 percent (7-19) on threes and a perfect five of five from the charity stripe.

Overstreet was the only Bulldog to reach double figures with his 15 points off the bench. Tyler Miller, Maazin Butler and Collins each chipped in eight. Vince Turk pulled down seven rebounds, Castro had three steals and Gabe Rucker and Miller had five assists apiece.

The win earns Rocky an automatic berth to the NAIA national tournament, which will be held March 13-19, in Kansas City, Mo.

The NAIA is providing a free live selection show with graphics to reveal the 32-team bracket for the 76th Annual Buffalo Funds-NAIA Division I Men's Basketball National Championship. The men's bracket will be announced immediately after the women's at approximately 7:15 p.m. on www.NAIA.org.

Letter to the Editor  
Dillonite Daily

I was one of the twenty judges for the Middle School Science Fair last week. The students were polite, self assured and confident. Their projects were thoughtful and well displayed. It was a joy to talk with and interview these young students.

Parents you should be proud of your student, your teachers and your school system.

Hats off to Mr. Schoonen, eight grade science teacher, Mr. Zitzer, seventh grade science teacher, and Mr. Valach, technology and computer teacher.

Hats off to all the students and parents for a great Science Fair here in Dillon.

## QUARTERBACK REJOINS GRIZZLIES

Jordan Johnson was acquitted of a sexual intercourse without consent charge last week which opened up the opportunity for him to ask to be reinstated on the Grizzlies Football team. He did that over the weekend.

The University of Montana's Athletic Conduct Committee made the decision to let him back on the team after hearing his appeal on Monday. The University of Montana stated in a press release that Johnson had been reinstated on the Grizzlies team. It seems he will have to start the spring ball practice March 18 and try to get the starting quarterback position back.

The last time Jordan played on the field was in the playoffs December 9th, 2011 in a ESPN televised game.
