**Press Release
May 13, 2013**

On May 10, 2013, at approximately 09:00 o'clock p.m., Beaverhead County Communication Center received a report of a stranded hiker in the O'Dell Lake area south of Wise River. The hiker's companion, Dillon Clark, 20 years old, had walked out of the mountains and reported a GPS location where he left his friend, one half mile west of Lake of the Woods in the Odell Creek drainage. Clark said that he and his companion, Jared Weber, also 20 years old, spent Thursday night in the mountains, with no food or water, and only dressed in blue jeans, light jackets, and hiking boots. Both men are from Illinois.

Search Managers gathered at the Search and Rescue Building to organize a rescue operation for Weber. Subsequently, from an interview with Clark, managers learned that Weber had medical issues and was ill prepared to spend another night in the mountains. After the planning stage was complete, the general membership was paged to respond with snowmobiles, tracked and regular ATVs, and members on snowshoes to assist in the rescue.

A total of ten search and rescuers were dispatched to the area in an attempt to rescue. During the night, search managers made arrangements for a Life Flight team to be placed on standby. During the night and into the next day, the conditions warmed causing additional problems with the rescue. Softening snow and high water in the mountain creeks made access to Weber's location all the more difficult.

Early Saturday morning, Air Idaho Rescue agreed to fly in an attempt pinpoint the exact location of Weber. Air Idaho arrived in the area at approximately 07:39 o'clock and in a short period of time located the patient. A landing zone was identified by Air Idaho Rescue crew and landed approximately 400 yards from Weber. Weber was prepared for transport and a short time later the air ship lifted off with a destination of Dillon. The medical staff of Barrett Hospital and Healthcare examined and treated Weber.

Apparently Weber and Clark were participating in a nationwide treasure hunt. Weber said they were following clues recently given, and one of the latest clues indicated to them as near the Lake of the Woods.

It's never to
early to plan
for
graduation.

Appeal for Help

I am Mark Spencer a wounded warrior from Operation Enduring Freedom and founder of PATRIOT OUTDOORS ADVENTURES. To give you some background on our organization we are dedicated to taking wounded warriors on hunts and fishing trips as well as other outings to not only fulfill a trip of a lifetime, but to assist in the healing process through the great outdoors. Several of our injured soldiers are dealing with emotions of not being able to live life the way they did prior to their injury. They feel they can't do this or they won't ever be able to do that ever again. However, by taking them back out on these outings they start realizing they are still able to do anything they want, maybe with a little modification, but they can still do whatever they did before their injuries.

We were founded by local outdoorsmen and women wanting to do more for our Veterans. With your help, we can give back to our United States Military servicemen and women by giving them an opportunity to enjoy hunts and other activities as a way for us to say "Thank You." We want to do more, benefiting our Heroes that have stood and defended us for centuries.

This is how you can help. We are totally funded by fundraising and donations. We have a scheduled elk hunt in Dillon the first of November and still need lodging and meals for the event. If you could please put this request out to your local companies it would be greatly appreciated as this is our most requested hunt from our wounded warriors.

If you have any questions, you can contact me at 620-966-6936 or by email at mark.spencer346@gmail.com.

USED & BROKEN CELL PHONES

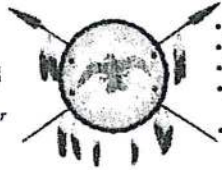

The Women's Resource/Community Support Center NEEDS YOUR HELP! As many of you already know the Resource Center collects used & broken cell phones. Until June 30, 2013, for every 10 phones collected, Shelter Alliance will enter our organization into a \$600 drawing The Resource Center, if selected, will use the money to take our Middle School Girls Group, on a terrific adventure! You can drop your used or broken cell phone off @ the office M-F, 9-5. We appreciate all the help we can get!! Together we are "People Helping People".

STOCKMAN BANK HELPS STUDENTS LEARN FINANCIAL ABCs FOR NATIONAL TEACH CHILDREN TO SAVE DAY

In an effort to foster good savings and spending habits, Stockman Bank presented a financial lesson to three fifth grade classes on April 15th as part of National Teach Children to Save Day.

Using materials developed by the American Bankers Association, Stockman staff member Jean James stressed how money travels in this electronic age and how to protect your identity in her presentation to 79 students.

"Studies show that kids are in need of the skills to make smart financial decisions as adults," comments Shane Puyear, Branch Manager of Stockman Bank Dillon. "Bankers are working with today's youth to help prepare future customers for financial success."

In addition to the presentation, unpainted ceramic puppy banks were given to every student to decorate. With paint and markers furnished by Stockman Bank, students rendered the puppies in bright colors using a variety of themes.

The painted puppy banks were on display in the lobby of Stockman Bank. The public voted for their favorite puppy. The top three winners were Jessalyn Zimmerman – 1st place, Kaleb Probst – 2nd place and Raegan Hale – 3rd place. Each winner received a cash award and every participant received their painted banks back containing a gold presidential dollar.

BEAVERS SOFTBALL

Thursday the Beavers Softball played a double-header versus
Belgrade at home. They lost the first game 8-13, and second game
9-15.

In the first game the Beavers struggled hitting a bit with only 4
hits: Kenzie Stanchfield going 1 for 3 with a single, Brandi Lovaas
going 1 for 3 with a triple, Hailey Montgomery going 1 for 3 with
a single, and Shaylee Ericksen going 1 for 3 with a single. Brandi
Lovaas and Lauren Holten shared time on the mound.

In the second game the bats came alive and the girls had 12 hits:
They were down 8-9 going into the top of the 7th.. and we had 2
outs.. but then the wheels fell off and they scored 6 runs including a
grand slam over left field. Stanchfield went 2 for 4 with 2 singles,
Kimee Hritsco-Murray went 2 for 3 with a single and a double and
2 RBI's, Ellie Wilkinson went 3 for 4 with 2 singles, a double and
and RBI. Lovaas, Addie Hansen, Kansis Stoddard, Taylor Chase,
and Rachael Bowe each had hits also. Hailey Montgomery started
on the mound and did a terrific job. As hard as she works, she is
going to be a great pitcher for us in the next couple of years as she
just started throwing seriously about 2 months ago when our season
started. Lauren Holten finished and is also doing a great job. Lauren
has put in a ton of time in the off-season and it has really benefited
us as we rely heavily on her. Brandi Lovaas is our other go-to gal.
Her style is her own and she can really bring the heat!

The Beavers coach says, "we've made some huge strides this year.
I am proud of how hard the girls work in practice and it continues to
show in games. There are times when we make some mistakes that
show our inexperience... but I feel like the good things we are doing
far outweigh those mistakes. Last year, we got run-ruled and didn't
get past the 4th inning in both games we played against the Panthers.
So, taking them to 7 innings in both games of a double-header is a
very big deal.. at least to me."

LOCAL ENTREPRENEUR

By: MJ

Entrepreneur; is someone who initiates or finances new commercial enterprises.

In the Prairie Star, Friday May 3, 2013 there was an article wrote by Terry Adams, about "Big Sky Natural Beef" located at Dell, MT. The Congdon family is the proud owners of this company that raise and market Highland grass fed cattle.

While attending grad school in New Zealand Congdon learned about Highland cows and why the Royal Family had been raising them for over 400 years. When Congdon returned to western Montana he tried a few Highlanders and quickly learned that Highland cattle produce profitable beef.

Congdon stated that Highland cattle have a unique double coat of hair therefore the breed does not need heavy layers of back fat, thus the meat is lower in fat content and cholesterol; higher in protein and Iron. The meat is tender because the cattle grow slower than many modern breeds. Highland cattle are known for their good nature and ease of calving. Congdon explains that Highland cattle can eat grass all year long and still finish USDA Choice Plus.

1/3 of "Big Sky Natural Beef" business is marketing to food stores and hospitals -- 1/3 to restaurants and a 1/3 to private people wanting grass fed certified natural beef for their freezers.

Mr. Congdon believes that every cow has its place in the world. More information available by calling 406-925-1351
