FIRE CALLS

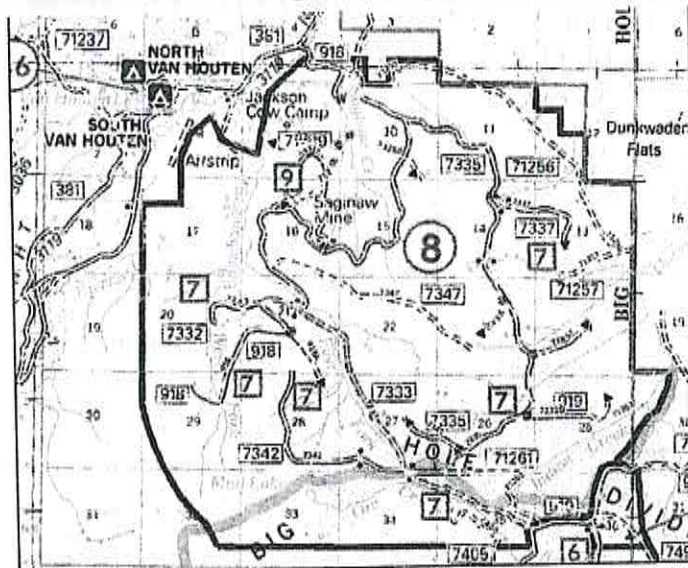

On Friday, June 21st at 8:00 pm, Dillon Volunteer Fire Department was called to 625 North Montana Street, the big Town Pump for a semi that hit a fuel pump. There was no fuel leak or fire.

At 9:06 pm on the same evening we were called near 25 Pioneer Drive for a small fire ring fire that might get out of control.

Rainbow Family Gathering Current Information

The weather at the Rainbow Family Gathering site includes snow and rain. The flow of incoming Rainbow Family members to the gathering site remains light but is expected to increase over the next week. Traffic along area roads is normal. A Special Order is in effect designating the closure of several Forest Service roads within the Gathering area for resource protection.

Rainbow Family members are setting up their camp with kitchen areas, a kiddie village, slit trenches, and parking under the monitoring of Forest Service resource specialists and law enforcement to ensure compliance under the operating plan.

Public Meetings

The U.S. Forest Service National Incident Management Team (NIMT) and other local agency representatives will conduct a public meeting to provide information about the 2013 National Rainbow Family of Living Light Gathering. The meetings will take place:

- Tuesday, June 25 in Dillon at the Dillon Elementary School Gym at 22 N. Cotton from 6-7 PM.
- Wednesday, June 26 in Wisdom at the Wisdom Community Center from 6-7 PM.

Background Information

On June 18, 2013 the U.S. Forest Service learned that the Rainbow Family of Living Light (Rainbow Family) planned to conduct their national annual gathering on the Wisdom Ranger District of the Beaverhead-Deerlodge National Forest. Participants began to arrive at the gathering site, located in the Saginaw Creek area 10 miles south and west of Jackson and Highway 278 in Beaverhead County, within a few days after the Rainbow Family announced their selection of the location.

The National Rainbow Family Gathering is under the management of a U.S. Forest Service NIMT. The NIMT is operating under a unified command with local jurisdictional agency representatives. The key objectives in managing this event are to provide for employee and public health and safety and minimize the impacts to natural resources.

The date for the National Rainbow Family Gathering is July 1-7.

DILLON CUBS TAKE FROM SPIKES

The Dillon Cubs took an easy win over the Bozeman Spikes on Friday at home 14-2.

Cole Miotke was on fire as he brought in 5 runs on his three home runs.

Nathan Simkins went the full game pitching for the Cubs with just one earned run for the Spikes. The Cubs got behind 2-0 and then pounded out 6 in the bottom of the second inning and never slowed down and didn't allow any more runs against them.

Corey Renfree, RJ Fitzgerald and MJ Simkins each had two hits each and Eathyn Peterson and Nate Simkins each sent in a run.

CITY HAPPENINGS

By: Lynn Westad

City Council was called to order at 7:00 pm with all members present. After the routine business was over a letter from the Dillon Cubs was received in regard to a baseball field at Ray Lynch Park. The matter will be referred to a committee. Officer Jeremy Alvarez probation period was over and Chief Paul Craft recommended his appointment. One asset Chief Craft had noticed was he has a great demeanor with all he comes in contact with young and older. This is an important asset in our community. The council approved his appointment.

The fire works ban in the city was waived for the 3rd and 4th till midnight.

There were 4 special events requests for a variety of activities in the next few weeks in downtown. Check out the schedule as there is something for everyone.

A resolution for the Tree Board's Community Forest Management Plan was adopted. The Tree Board is working hard to maintain healthy trees in our community. The Tree Board is available to help you with any tree questions you might have. See their website for further information. A resolution on amendments to the Subdivision Regulations was adopted. It was brought to the council's attention that the ordinance on vegetation requires all vegetation in excess of eight (8) inches is deemed a nuisance and must be cleaned up by the property owner even if a tenant occupies the premises it is the property owners responsibility. This is a very dry year and July 4th is close.

Reports by Committees:

Judiciary no report, Finance no report, City Hall no report, Fire & Order no report, Parks & Playgrounds no report, Cemetery no report, Health & Welfare no report, Street & Alley no report,

Water & Sewer Committee: Chair Bob Cottom: In the packet was an outline of a presentation made to the County Commissioners on Monday. In order to provide water to the county fairgrounds and protect the safety of the water system certain improvements are required. The County and City joined in partnership to fund the costs of the project and after a year an evaluation of water usage will be reviewed. Thanks to Bob Cottom and his knowledge of the system this long pending item is being resolved.

The engineer showed a brief video of the sewer lagoon project and with that the meeting was adjourned at 8:15.

MEDICAL RECORDS

By: MJ

Does today's technology allow your personal hospital records, insurance details, prescription data to not only be collected by doctors, insurance companies and hospital, but also by data clearing houses, retail pharmacies, marketing companies as well as employers. Astute marketer's compile formation from your medical records and sell it.

The buying and selling of medical data has become a profitable, productive business. It used to be your social security number was important; however in today's world your medical records give more detailed and valuable information. Retailers like Target, can tell what type of supplies you will be purchasing from your medical records. Example: If you are pregnant you probably would buy a certain type of vitamin and clothes to accommodate the pregnancy. It costs around 50± cents for a social security number and approximately \$14-\$24 for your medical records that can be bought online. There are federal guidelines for acquiring records however; a Health and Human Service audit of health care providers and insurers that was released May 10th, showed that the vast majority of companies and people collecting your records did not compile with federal rules.

Read the fine print when signing papers that give permission for your records to go on a traveling spree from their origin. Ask questions until you understand and are comfortable with the paper or papers you are being asked to sign. It is your health and privacy that is on the line.

Forest Service Closes Hazardous Mine Openings

The Beaverhead-Deerlodge National Forest (BDNF) possesses a profound mining heritage with one of the most extensive and best-preserved compliments of historic mining in the Northern Rockies Region. Commonly encountered historic mining features such as open adits and/or shafts with unstable structures or debris have been abandoned and inactive for many years and present a public safety hazard. Inventory of the abandoned mine hazards is an ongoing program on the Forest.

The purpose of the inventory is to identify hazardous mine open-

ings to close and reclaim. As part of this ongoing program to close hazardous openings, the BDNF proposes to close twelve to fifteen mine openings this summer. The closure work this year will be on the Madison, Wise River and Dillon Ranger Districts.

Adequate access routes necessary to perform the closure work exist and the Forest plans to close the openings by installing either bat-friendly structures, polyurethane foam, or backfilling with nearby materials. The Forest will keep disturbance of the surrounding area to a minimum and preserve the mining setting.

Direct any requests for additional information about the closure of these hazardous mine openings on the Beaverhead-Deerlodge National Forest to Licette Hammer, Forest Physical Scientist, at (406) 683-3911 or lhammer@fs.fed.us.
