Dillon Public Library Summer Reading Events

The Dillon Public Library will be hosting a variety of programs in the coming week for the Summer Reading Program, "Dig Into Reading." All programs are free and open to the public. Children 5 and under must be accompanied by a parent or caregiver.

Tuesday, July 16th, 7 PM in the Library's backyard will be the third Pajamas in the Parks Program. Come in your pajamas and snuggle with your blanket to enjoy good stories. We will also sing lullabies and enjoy cookies & milk.

Wednesday, July 17th, 10 AM - NOON at Jaycee Park will be Kid-Struction. Grab your hard hats and gear to join the Dillon Public Library and the City of Dillon as we bulldoze through earth-moving stories, explore heavy machinery and construct your own piece of big equipment to take home.

Thursday, July 18th, 10 AM - NOON at the Old Depot Theater "Burrowing Creatures" will be the subject of the Library's regular weekly program. Come learn about some amazing animals that live underground! Discover Burrowing Owls, Black-footed Ferrets, and Prairie Dogs. Each of these animals has their own role in the prairie ecosystem.

Thursday, July 18th, 6-8 PM in the library's basement will be a toy store for children unable to attend the Summer Reading's Grand Finale (August 1st, 10 AM). Here's a chance to spend those dirt dollars!

Judgments' By: MJ

Are you living your life for the flesh or are you living your life working for a better life by feeding yourself information that helps you to change and grow? Are you a person that judges others in a negative way? What would the person that is verbally judging you be saying?

There is a saying; "don't let people judge somebody or something as not worthy of respect". Example: 1) A vegetarian often judges a person that incorporates meat into their diet as making an animal suffer (maybe someone's diet is due to health or religious convictions). 2) If we are thin we judge the person that is heavier. 3) People love to judge how people dress, what they drink, smoke... (4) If we like classical music we judge those who don't. The list of judgment issues is endless.

Judgments are only personal assumptions. You cannot know what some else's life is like or why they do what they do until we walk in their shoes. When we are judging we are putting blind folds on. Blind folds keep our own lives in the dark so we don't have to look at the true us. Take the blindfolds off and judge yourself in front of a mirror -- being honest about what you see.

Are you judging someone today???? If so ask yourself why and what that judgment is doing for you. Is it only to have conversation at the coffee shop because you don't know what else to say, is it because you are not happy with yourself or what you have done...

Negative judgment only covers up our own faults. If we talk about others then we don't have to recognize the truth about ourselves.

Management plan to stem spread of brucellosis

(As Reprinted from the *Western Ag Reporter*)

When 300 elk began feeding alongside cattle in Jim Durgan's alfalfa fields early this spring in Montana's Paradise Valley and then started raiding his haystack, he called Fish, Wildlife & Parks. In the first year of an aggressive management plan meant to reduce or prevent the transmission of the disease brucellosis from elk to cattle in areas surrounding Yellowstone National Park, FWP offered to provide a hazer to move the elk and to pay up to \$2,000 for fencing to enclose Durgan's haystack.

Working sometimes at night and early in the morning to move the elk out, the hazing worked. Durgan was pleased. "A local guy did a very good job, and I really appreciated it," he said.

Although the tactic worked, Durgan said the measures do NOT solve the bigger problems. These include wolves that he claims are bunching up elk into larger herds and pushing them onto private lands seeking safety, lack of access to some private lands for hunters to disperse and reduce the size of elk herds, and what he sees as overall poor wildlife management by the state and federal government. "Personally, I think this is just a Band-Aid," he said.

Dog Gone Jokes

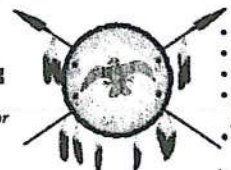

Man to dog trainer: "Every time a bell rings, my dog goes into the corner."

Dog trainer: "That's OK, he is a Boxer."

A wife says to her husband one weekend morning, "We've got such a clever dog. He brings in the daily newspapers every morning." Her husband replies, "Well, lots of dogs can do that." The wife responded, "But we've never subscribed to any!"

The Children's Writing Corner with Jeannie James

We are so happy to have today's selection for The Children's Writing Corner. This poem, written by Gary Colgrove, is an excellent example of describing a subject in a few well-chosen words. I can certainly imagine one of our very wet and cold June days this year when I read this piece. Thank you, Gary.

Winter Came
By Gary Colgrove

Winter came. Spring fallen.
Gray skies forever.
Warm sun forgotten.
Raging snow. Old presence reminded.
Forgotten rainbows.
Silver tears forever under gray linings.

Tip of the Day on Mulching Tomatoes

(Reprinted from www.garden.org, the website of the National Gardening Association.)

Now that the soil has finally warmed up, it is time to mulch tomatoes, peppers, and other warm-season crops. Use organic matter, such as half-finished compost, old chopped leaves, straw, herbicide-free grass clippings, cocoa bean hulls, or similar material. Place the mulch in a flat layer several inches deep, and keep it several inches away from the plant stems.

A Bright Thought for Senior Citizens

There is good news for Seniors today. The brain can continue to grow and improve with exercise. No more does "slowing down" refer to mental acuity. Resources abound to help maintain our brains. Newspaper crossword puzzles are great for exercising language related areas of the brain and games like Sudoku can help with math thinking. There are games to help with reaction time, information retention and hand-eye coordination and speed. For the technological savvy, there are many websites that can be accessed that offer free mind enhancing games. If you are not entirely comfortable navigating a computer, what about enlisting a willing grandchild or neighborhood friend to help you. There is nothing like the energy of young people to help blow away mental cobwebs.

According to The Franklin Institute, one of the best ways to strengthen neural connections is to switch hands. Try doing something with your left hand that you normally do right handed. "If you are feeling uncomfortable and awkward, don't worry, your brain is learning a new skill." This is not recommended for any activity requiring sharp objects.

True Friends by Anonymous

In a friendship
we're free to expose,
Parts of ourselves
nobody else knows.

The thing that sustains it,
and sets it apart,
Is not something spoken,
'tis a bond of the heart.

True friends are rare,
in a lifetime two or three,
I'm so glad it happened,
between you and me!
