Dr. John Charles Garry

John Charles Garry, a longtime Dillon resident, died at Barrett Hospital of natural causes on July 15th, 2013.

He was born on the family farm in Lyon County, Minnesota, to Laura Mina Heilig (Garry) and John Thomas Garry on December 20, 1922.

John enlisted in the Marines in WWII, achieving the rank of 1st

Lieutenant.

During the war he met Agnes Arlene Bovett in Washington D.C., and they were married in June of 1946. He pursued his education at the University of Minnesota where he earned his Bachelors and Masters Degrees in Business

He was recalled to service during the Korean Conflict and promoted to the rank of Captain.

In September of 1952 he joined the faculty at what is now the University of Montana Western where he taught in the Business Department until his retirement in 1986. John continued his education to receive a Doctorate in Education from the University of North Dakota in 1967.

Dr. Garry was an active member of the First Presbyterian Church and many service organizations including the Dillon Masonic Lodge #16, Lions Clubs International, Veterans of Foreign Wars, American Legion, Montana and National Educational Associations and the Montana Retired Teachers. For many years he also served on the District 10 School Board.

Woodworking, reading, fishing and hunting were among his favorite hobbies. After retirement he enjoyed regular visits with colleagues and friends for breakfast and afternoon coffee.

John was a kind and gentle man with a quick wit and dry sense of humor. Although a keen punster, he never had a bad word to say about anyone.

He is survived by his children John A. Garry (Elizabeth) of Torrance, CA, Laurel A. Hagenbarth (Jim) of Dillon, MT, and David G. Garry (Nancy) of Aloha, OR. Grandchildren are Marc Hagenbarth, John Hagenbarth (Stephanie), Katherine (Neal) Layne, Phillip Garry, and Matthew Garry (Raven). Great grandsons are Hank and Max Hagenbarth and Carson Layne.

Visitation will be at the Brundage Funeral Home in Dillon from 6:00 to 8:00 p.m. on Sunday, July 21. Funeral services will be held at the First Presbyterian Church in Dillon at 10:00 a.m. on Monday, July 22. Interment will follow at Mountain View Cemetery.

Memorials may be made to the charity of your choice. There is a guestbook available on-line at www.brundagefuneralhome.com.

Letter to the Editor

RAINBOW FAMILY

Well, thank God it's over. What a complete mess. A state of complete and utter, wanton lust and total drunkenness and debauchery. And, worst of all, I couldn't find the place. I hope they publish better maps next time.

Sincerely yours, Johannes Soyland, Ph.D.

FREEDOM

By: MJ

Graduations have taken place all across America and many people will be starting new careers. Lots of politicians have delivered commencement speeches. Did the speeches explain that America's Founders inverted the understanding of sovereignty and that the power comes not from the top down, but up, from "We the People." Only when the government is limited are the rights of the people protected, the rule of law honored, and freedom allowed to flourish.

Did they explain that freedom produces opportunity? Did they speak of the free market system and why it is the greatest engine for prosperity and opportunity?

This is a nation where you can rise or fall; a nation where you can climb the economic ladder no matter who you are, where you come from, what class you were born into... This nation is where climbing the economic ladder is based on your talents, your passion, your perseverance, and your character.

Economic freedom and prosperity reduces poverty. Men and women flourish when afforded the equal opportunity to work, create and accomplish.

How many times do you hear politicians telling you they are going to make a better life for your grandchildren? Really; I wonder if they know your grandchildren's names. YOU DO: You pay the bills, provide homes, education, provide guidance, protection... Are the politicians providing themselves a better lifestyle all the while telling you they are providing it for your grandchildren only to get your vote?

Elections will be coming up. Make an informed vote by gathering your facts early on. Remember, it is a government by "We the People".

We are all children of those who risked everything for liberty. Do we know the value of freedom and opportunity today or have we been brain washed to believe the government will take care of us. The government has only one way to get money and that is by taking money from your paycheck (taxes).

For generations a negative stigma has been associated with nursing homes and skilled nursing facilities. Many people feel that these types of facilities are where one goes "to pass away" and worse yet may see these facilities as a "dumping ground" for our elderly citizens as they become less able to function within their home and community. Both of these generalizations are false. While some people may "pass away" during their time at a skilled nursing facility, the purpose of a skilled nursing facility is actually to be able to provide medical services and support to members of the community that would otherwise be unable to receive or provide these services on their own, aside from being hospitalized or home bound with home health services. These services include: medication management, oxygen services, nutritional services, diabetes care, mental health services, wound care, social services coordination, occupational therapy, physical therapy and speech therapy services. In addition to being able to provide services on an inpatient level, where an individual stays temporarily or permanently in the facility, outpatient services are also available for occupational, physical and speech therapy. Outpatient therapy services may conveniently be scheduled to accommodate an individual's personal schedule. Rather than seeing a skilled nursing facility as a negative, re-evaluate the stigma and understand that a skilled nursing facility is actually an extension of services that a hospital can provide yet these services are provided in a home-like environment with personal care to meet the needs of the individuals that call a skilled nursing facility "home".

Imagine the fears of leaving a hospital after an extensive stay due to illness or surgery. Questions and concerns may abound regarding medication scheduling, medication dosage, ability to perform self-care tasks, ability to complete home management tasks, ability to walk, and more. Following a hospital stay, these concerns and more can be alleviated and addressed through a short term stay at a skilled nursing facility where an individual can foster and develop the necessary confidence and training to be able to successfully return to the home and the community. While some individuals may "live" at skilled nursing facilities that does not mean that their lives are over. Many individuals who become "residents" of skilled nursing facilities
