Lab-made Hamburger

By: MJ

Growing a beef patty in the laboratory was a multiyear project, costing \$300,000± and only produced a single 5-oz. patty, was funded by Google co-founder Sergey Brin. A Dutch researcher has also unveiled the world's first "test-tube" burger in London.

The 5-oz patty that was produced also contained bread crumbs and a binder to hold the meat together. The patty was fried in sunflower oil and butter. It was described as having the texture of beef, was juicy however it was lacking in flavor.

The beef is grown in a lab by harvesting a muscle tissue from a cow. Lab-grown beef isn't considered a genetically modified food because the cells in the meat are derived from the same stem cells that grow into muscle cells in the cow.

CITY HAPPENINGS

By: Lynn Westad

Wednesday night was the regular council meeting with all members present. It was not an exciting night except on one subject:

SPECIAL EVENTS AND STREET CLOSURES.

A few months ago we realized we were receiving more and more requests for events including street closures. After some reviewing it was decided to protect the citizens of Dillon, the event organizers and the City of Dillon we would set a policy that would apply to everyone. Since then we have had at least 6 events presented and most were approved. Why do we do this? Streets need to be open. Emergency services (fire, ambulance, police) and the inability to clear the street quickly may cause property damage and even worse personal injury. If you are planning any activity that involves the City Streets, City Sidewalks, City Parks or any other public property check in with the City. The event review helps the applicant to consider issues that might not come to their mind. We want all groups to have successful events and have the right things in place to protect themselves and those attending. At the end of it all the City has to protect all members of the community and this is why we set a policy.

**SO IF YOU ARE PLANNING AN EVENT CHECK IN
WITH THE CITY EARLY AS THE APPLICATION HAS TO
BE REVIEWED AT A REGULAR COUNCIL MEETING**

WHAT CAN WE DO???

I got up this morning turned off my alarm clock. It was made in China. No one in the United States smart enough to make clocks!! Took off my pajamas, the tag said made in Pakistan. Took a shower, soap was made in the U.S. and the water came from the U.S.; what a relief. Dried off with a towel that was made in Egypt. Then shaved, looked at the razor and it said, "made in Greece". What's going on? No one smart enough in the U.S. to make towel, a razor or pajamas?

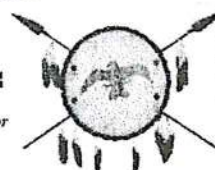

I combed my hair, you guessed it! The comb was made in China. got dressed, underwear made in Dominican Republic, shirt, pants, socks, shoes all made in China.

Then had breakfast. Had oat meal from the U.S. but the box said, "box made in Canada". Had a cup of tea that was imported from India. Looked at the spoon it said, "made in China." And this was just the first hour of my day.

I watched the news before going to work. Local news on a television that came from China. The reported spoke in English not American. The first story of the day was a zillion people out of work in the U.S. Duh!! What a surprise, nothing made in the US anymore. Everything shipped out to some other country. The second story was, "according to a Government survey more millionaires in the America in U.S. history. Are those the people who sent "our" jobs to a foreign country and got super rich? And what can we do about it? Not wear clothes, don't watch television, don't wear shoes, don't buy your kids any toys, don't buy any appliances, don't buy anything that is not made in the U.S.!

What a laugh, or is it what a cry? You will end up buying a cemetery plot and being buried in a casket that was made in China.

This is the FINAL Fact Sheet from Pearson's IMT

Status of Fire: Today, 8/9, at 6 a.m., the management of the Moose Meadows Fire will transition from the Pearson's Type II Incident Management Team to the local, Type III organization based out of the Pintler Ranger District.

Current Resources: The number of firefighters on the incident is 252. The number of personnel assigned to this fire will decrease as containment increases. Resources assigned include five crews, two helicopters and support personnel.

Special Messages/Closures: The Granite County Sheriff maintains the Stage 2 Evacuation Warning for the Middle Fork Road and the Moose Lake area. The warning serves as notification that residents may still need to evacuate in the future. The Middle Fork road is open to residents but remains closed to the general public. Because of a reduced threat to public safety, the Beaverhead-Deerlodge National Forest will be rescinding Forest Closure Order No. 2013-D8-029 and replacing it with a more limited closure as of Saturday August 10th. The new closure order will retain closure on trails that access the fire: Trails 8109 and 8020.

Trail Work Begins on Gold Creek Trail Near Wise River

Reconstruction has begun on the popular Gold Creek Trail No. 2152 located on approximately 15 miles south of Wise River along the Pioneer Mountains Scenic Byway.

Work on the six mile long trail begins at the Lost Meadow Trailhead and includes moving the existing trail away from the creek and reconstructing switchbacks for horse and pack stock. Work will continue through October. Although the trail will not be closed during the construction, people are asked to use caution when approaching machinery by making sure the operator can see you.

For more information contact the Wise River Ranger District at (406) 832-3178.

Knitters and crocheters have been making unique tote bags designed with a large rose on the front. Their creativity has no limits. Each crafter paid a \$10 fee to enter their totes in the contest being held at The Daily Yarn, 36 N. Idaho. The winner will receive all of the entry fees to donate to the charity of their choice. Come in to vote for your favorite tote from 7/25 through 8/9/13 at The Daily Yarn.

There was a mans watch found in a downtown Dillon. If you have lost a watch and can identify it, call Womack's Printing 683-4903, 126 N Montana.

Thank You!

The Bannack Association would like to thank everyone who stopped by our booth at last week's Farmers' Market. Over 100 people looked at the photo boards of the flood and the ongoing clean up of Bannack State Park. Many took advantage of the opportunity to buy items normally on sale at the Park's Visitor Center. The proceeds from all sales go directly to the Bannack Association whose fund go towards many projects at the Park. We will be at the Farmers' Market again this Saturday August 10th so come on by!
