??? Food you're Eat By MJ

Advertisements are quick to inform us about obesity, exercising, eating the right foods... Studies have shown humans do not take the time to read the fine print & will buy the cheapest. That is why people selling inferior products put the feel good words in prominent large letters & ingredients in small unreadable print on a package. People have become suckers better known as bottom feeders.

The power of making money has become more precious than life. Products will be produced as cheap as they can while getting the most dollars in return. Example: The package that has feel good words "Pacific Salmon" in large print on the front of package are mostly from fish farms in the orient where there are no regulations. Articles have said that the Chinese are feeding the fish growth hormones, expired antibiotics from humans & suspend chickens cages over the areas thus feeding fish an ample supply of chicken poop. Hum -- Hum (Montreal Gazette)

Naturally grown fish that are being harvested from the Bering Sea & Pacific Ocean by U.S. businesses are largely marketed in European & Asia countries. Why it is the European and Asian markets will pay more money for these products then the citizens of U.S. are willing to pay? Maybe it is because they know the EPA, FDA and many more regulatory rules imposed on businesses operating in the US might be distributing a superior product.

Could our laziness in not reading the fine print, being cheap & uneducated about the food we buy/eat be jeopardizing our health today & in the future? Thus costing us more money than we would save.

The United States financial system/affairs, effectiveness and efficiency have come to a point where the people need to take back control of their country. Polls have shown that 70%+ believe that the trading privileges afforded the Chinese should be suspended and they want the government to do something about it. The government does not have to do it -- you can. If 200 million North Americans refuse to buy just \$20.00 each of Chinese goods, that would be a billion dollar trade imbalance in our favor.

CEMETERY WALK

The third annual Cemetery Walk is slated for Tuesday August 20. Be at the Mountain View Cemetery in Dillon by 6:00 pm to begin the walk. This year William Orr, Mary Graeter, the Conrad Meine family, and Dr. R. H. Ryburn will be presented. Follow the balloons & arrows from one point to another.

Bring a portable chair, if you would like, so you don't have to stand. You may want to bring bug spray or a jacket, depending on the weather. There will be punch & cookies afterward, with time for mingling. Invite family and friends so no one misses out on this once-only performance. The Beaver Head Hunters Genealogical Society is hosting the event.

NEWS

LATEST CLOSURE ON BIG HOLE: MELROSE BRIDGE TO NOTCH BOTTOM FAS

Montana Fish, Wildlife and Parks will now be imposing a full closure to fishing on the Big Hole River from Melrose Bridge to Notch Bottom Fishing Access Site (southeast of Glen) effective Tuesday, August 20, until conditions improve.

Flows on this stretch of the Big Hole have reached, and dropped below 150 cubic feet per second – the trigger listed in the Big Hole River Drought Management Plan as the point of full fishing closure. The Drought Management Plan was the result of collaboration between landowners, recreationists and FWP as a means to protect the fishery during dry years.

Here's a look at the extent of current closures and restrictions on the Big Hole River:

Headwaters to the mouth of the North Fork Big Hole – FULL CLOSURE

Mouth of the North Fork Big Hole to Dickie Bridge – Closed 2 p.m. to midnight

Melrose Bridge to the mouth (confluence with Jefferson River) – FULL CLOSURE

In addition, in Region 3, the entire Jefferson and Lower Madison River remain under "hoot owl" closures (2 p.m. to midnight).

FWP biologists will continue to monitor all southwest Montana rivers to ensure the health of local fish populations. FWP appreciates the patience of the angling community.

Outfitters and anglers can stay up to date on all emergency angling restrictions by going to the FWP home page at fwp.mt.gov and selecting Drought & Fire under the Hot Topics heading.

MONTANA WESTERN ART GALLERY CALLS FOR ENTRIES FOR EMERICK EXHIBIT

The University of Montana Western Art Gallery is seeking entries to be included in the Mary Baker Emerick Art Salon Exhibition Sept. 27 through Nov. 13, 2013.

The exhibit will celebrate the outstanding contribution that the long-time Montana Western art professor has made to the university and community, UMW Foundation Director Roxanne Engellant said. "Mary Baker Emerick not only provided inspiration to her students for over 43 years, but has left a lasting legacy in the form of a trust that continues to provide scholarships and opportunities for art students."

Gallery director Glen Bodish said that all Beaverhead County artists are eligible to exhibit work. Entries must first be submitted via e-mail by Sept. 6, 2013 to be considered. Additional information and details on the submission process are available by calling Bodish at 406-491-1444 or e-mailing g_bodish@um-western.edu.

The university also plans to honor Emerick by dedicating a new art studio in her name during Montana Western's Alumni Weekend. The Emerick Art Studio will be dedicated Friday, Sept. 7, 2013 at 4 p.m. The event will include guest speakers, refreshments and a tour of the facility.
