FIRE CALLS

Dillon Volunteer Fire Dept. was called out at 1:20 pm on Friday to a dumpster fire at Grant. Grant Volunteer Fire Responded and Dillon was cancelled. At 1:49 pm on Friday, we were called to assist with flooding at Bicentennial Apartments, 76 West Center Street.

The storm that came through on Friday was causing trouble around town. The fresh Fruit stand on Montana Street, the Bicentennial and the corner in front of Century 21 were just a few of the places with problems.

HANDMADE QUILT

The Bannack Association is raffling a special handmade quilt made by the Dillon Quilters Guild. The beautiful 76" X 62" quilt is currently on display in the lobby of the Big Sky Cinema and raffle tickets are available there $3.00 each or 4 for $10.00 and the drawing will be held at the Bannack Associations next fundraising event. {Need not be present to win}.

The great success of the Association's first fundraiser, the Bannack Fair, raised much needed funds as well as updated those in attendance of the cleanup and rebuilding effort in Bannack after the devastating flash flood of July 17th. Future fundraising events will be held in the months ahead. The Quilt raffle is another of their fundraising efforts. MOUNTAIN LIONS SPOTTED NEAR BUTTE & BOZEMAN

Montana Fish, Wildlife & Parks wants the public to be aware of increased mountain lion activity on the outskirts of urban areas in southwestern Montana. A handful of recent sightings have been reported near Butte and Bozeman.

This is the time of year when young mountain lions are displaced from their mothers and must learn to fend for themselves. They can then end up in urban settings seeking easy food sources. Most areas surrounding cities and towns also have healthy white-tailed deer populations that may attract lions.

If someone encounters a lion, FWP advises the following:

- Get big (make yourself appear as big as possible and wave your arms)
- Get loud (yell, scream and stomp)
- Create a barrier and/or throw objects at the lion
- Don't turn your back and DON'T RUN

FWP also urges recreationists to carry bear pepper spray at all times because it's an effective deterrent for mountain lions as well as bears. Also, homeowners are reminded to never feed wildlife which – in addition to being dangerous to those animals – may bring unwanted predators into the neighborhood.

If you see a mountain lion, report it immediately to the nearest FWP office, or call 1-800-TIP-MONT (1-800-847-6668).

For more information about living with mountain lions go to fwp.mt.gov/fishAndWildlife/livingWithWildlife/ and click on "Mountain Lions".

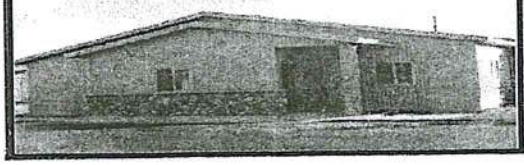

WHITE HAT COALITION

The Beaverhead White Hat Coalition would like to clarify that they have always been compliant with the city of Dillon's requirement to have liability insurance for their annual Memorial Day Parade and deposit 6 months in advance for use of the Depot Park for the annual Auto Festival and Cruise. They are in no way responsible for or part of the Dairy Queen car show.

We appreciate the city's need for compliance in this matter and encourage adherence with this necessary requirement.

CITY HAPPENINGS

By: Lynn Westad

Wed 9-21-13 Council Night started at 6:45 with a hearing on the Street Maintenance District. No public was present. Yearly the City must review and determine projects and budget status 7-13 to 7-14 period. Currently the amount is $1.60. Director of Operations .S. Turner requested a 25 center increase. The projects suggested and finances were reviewed by the Street & Alley Committee David Spehar and Lynn Westad. After careful study it was decided an increase would not be necessary this year and it would remain at $1.60. A hearing is required yearly and the required resolution will be in packet at next council meeting for approval.

Next was regular Council meeting. A petition was received from citizens on Walnut Street requesting a reduction of 25 mph to 15 mph. The petition was referred to the Street & Alley Committee. There are specific studies required by State Statue to change a speed limit. The committee will start the process and meet after studies are finished and statistics are ready for review.

The best news of the night was the City Attorney's report. The City prevailed on all issues on the Conner lawsuit. It was filed in 2008 after the water line froze on the Rattlesnake. The judge determined it was an act of god which the city cannot control and was therefore was not negligent. As the City was not liable no damages were awarded and the matter is closed.

The Tree Board received a $5000.00 gift for trees from Northwestern in celebration of their anniversary and trees will be planted on Glendale St and two parks. Also mentioned was the Northern Rockies School in Sept. See web site for more information. wwe.dillontrees.org

Approval was given for closure of a section of Montana St. for Labor Day activities. Attend the fair, rodeo, parade and singing contest and enjoy the fun on Dillon's biggest weekend.

There were no reports from any committees so meeting concluded at 7:27.

PROTECTING YOUR BUSINESS

By Casey Kyler-West, Communications director, Montana State Department of Labor & Industries

Although viruses are still used, malware and spybots are tools scammers are also utilizing to get your sensitive data. But scammers aren't just limiting their attempts to get your data in your computer; some are calling, sending phishing e-mails, or letters posing as an official entity to get information; this is called 'spoofing'. Scammers who use this technique masquerade or mimic another person, computer, or organization via e-mail, web pages, or file sharing services in order to obtain sensitive information, gain access to a system or data in it, gain illegal entry to services/accounts, or otherwise deceive people. For example, earlier this year scammers sent an e-mail targeting Montana employers asking for former employees' wage and separation information; because the e-mail referred to the Division of Unemployment Assistance it looked official to many business owners. The best thing you can do to protect your data and your business is to call and verify that the information request is real. Do not use numbers listed in the e-mail or letter, but call the entity using the phone number listed in the phone book or online.

Keep in mind that using public WIFI networks are not safe. Cybercriminals can use unsecured wireless to gain access to your PC, mobile device and your data.

If you haven't already developed a plan to keep your information secure, do so following these tips. Once you've created your plan, take the time to educate your staff on security practices. It only takes one incident to compromise you, your employees and your customer's information.

Eureka Fire

Last night, as firefighters were attempting to secure the northern perimeter of the fire through direct attack, rain began to fall, helping them accomplish their objectives
