VOLUNTEER OF THE YEAR

The Southwest Unit of Retired Educators have chose William C. "Bill" O'Connor the recipient for our local volunteer of the year. We are submitting his name to be included in the selection of individuals nominated as "Retired Volunteer of the Year", at the State level.

Dr. O'Connor was born on a ranch in Culbertson, Montana on April 20, 1936. He attended a one-room school through the eighth grade then attended high school and undergraduate school at a private school. He graduated with a BS from Montana State University in 1958, received his MA at the University of Montana in 1964, and completed his Ph.D. at the University of Colorado in 1974. Dr. O'Connor is a professor retired from the University of Montana Western.

He married Margaret Ashton in December of 1967 and they had two daughters; Caroline and Mary Frances. Bill became a widower in 1999, and has since dedicated himself to the service of his church and community.

Bill has served on many boards and committees within our community. He has served as a member of the Pastoral Council for St. Rose of Lima Church, and also was a part of the Choir Ministry within the church. He served as President of the Beaverhead Allied Services, Board of Directors for the Barrett Hospital Foundation, served as President of the Dillon Epilepsy Association, President of the Southwest Montana Retired Educators, and dedicated the past thirteen years to "Margo's Book Memorial".

Bill started the "Margo's Book Memorial" in 2000 in memory of his wife. He said he does this to honor Margaret's idea of inspiring children to read by reading to them. All first graders at the Parkview Elementary School in Dillon, in April, receive a free hardback classic book chosen with the help of parents. The books have come from various publishing companies. Once this program started there has been no stopping the impact of success it has made over the past thirteen years. Bill reported they have given out over 1,000 classical books.

Bill's has been involved with the Kiwanis since 1976. He served as Club President 1980-1981 and received the distinguished President Award. He was Current Club President 2003-2004 and served on the Board of Directors, Kiwanis Club of Dillon 1980's, 1990's, and 2000's. He served as Lieutenant Governor, Division 3, MT. District of Kiwanis 2004-05 and 2005-06. He attended the Kiwanis International Convention in Indiana, Hawaii, and Montreal. He served on the Board of Directors, Kiwanis Club of Dillon-1980's, 1990's, 2000's.

Bill was the advisor to Circle K at the University of Montana Western, 1980's-1990's and has been a member of

TAG (Together Achieving Growth) Team since its beginning and has helped establish new clubs in Challis, Idaho, Three Forks, Montana, and is currently working on a club for Big Timber, Montana.

Bill has worked within our community through service leadership at the elementary, Middle School, High School and College levels. He enjoys helping wherever he can and contributes many more hours of volunteer than he reports. He is a modest man with a kind heart and a love for helping make our community a better place to live. He is an example of what volunteering should mean to us all.

I am honored to submit our 2013 candidate, William "Bill" O'Connor, for "Retired Volunteer of the Year" for the State of Montana. I feel he is most deserving of this honor.

If anyone is interested in becoming a member of the Southwest Montana Retired Educators, please call me at 683-4329.

I would like to invite any retired educator and spouse to become a part of our group.

Frances Schisler
Southwest Montana Retired Educator President

DRIVE-THRU FLU SHOT CLINIC

Beaverhead County Health will be having a drive-thru flu shot clinic today from 9am to 1pm at the Public Health dept. located at 41 Barrett Street.

CITY HAPPENINGS
By: Lynn Westad

The meetings started promptly at 7:00 pm. Councilmember Randy Gustine absent.

A letter from Ed Mooney was received thanking the Dillon Volunteer Fire Dept for there quick response to a fire on their property on Lemhi Pass. Sandra Berry was appointed to the Board of Adjustments. Citizen requests were acknowledged and most have been resolved. A few council members stated they have been receiving complaints on un-mowed property and weeds all over the city but especially noticeable was property on all entrances to the city. Minutes from the Planning Board were received and a minor subdivision was approved with one condition being recommended to the council. The subdivision will come to the council at the next meeting. The Streets & Alley Committee minutes were received and they are considering a wrought iron fence at parking lot on Montana Streets. Estimates and samples of the fences have been requested so quality and cost can be evaluated. With no other reports from any committees the meeting was adjourned at 7:40.

Pioneer Mountains Scenic Byway Temporary Closure between Grasshopper Overlook and Lupine Campground

Beaverhead County under the Federal Lands Access Program of 2013 will be repairing severe frost heaves in the Moose Park section of the Scenic Byway road. The work will entail full width excavation of the roadbed and rebuilding it with imported select borrow materials. The sub-excavated materials will be hauled to repair sloughing of high bank fills in the vicinity of the Grasshopper Overlook.

The repairs will be carried out utilizing our County Road Department crews. This section of the Scenic Byway will be closed for approximately six (6) weeks while the repairs are being accomplished. While trucks will start hauling gravel to the Moose Park area starting the week of September 8th, the actual closure will not be in effect until September 16, 2013 and may remain closed until October 18, 2013. The repaired section will then be repaved during the 2nd quarter of 2014.

If you should have any questions, please do not hesitate to contact me at 683-3724 or the Road Department at 683-3780.

Firewood Available in Recreation Areas Near Georgetown Lake

Looking to stock up on some firewood for the upcoming winter? Firewood will be available to valid firewood permit holders in recreation sites near Georgetown Lake beginning Sept. 5.

The following recreation sites have firewood available for gathering: Pebble Beach Picnic Area, Echo Lake Picnic Area, and Piney Campground. The host site at Piney Campground is not in the gathering area.

Downed trees and wood on the ground is available for gathering. Felling of trees in these areas is not permitted. Please pull to the side of the road but do not drive off road, be courteous to other gatherers, and have your valid firewood permit in possession.

For more information contact the Pintler Ranger District in Philipsburg at (406) 859-3211.

DNRC Northern Rockies Tree School Sept. 19-20

The Montana Department of Natural Resources and Conservation (DNRC), the City of Dillon and other sponsors will host the Northern Rockies Tree School in Dillon, Mont., Sept. 19-20 on the campus of the University of Montana-Western.

This event offers a great learning experience for arborists, municipal workers, tree companies, ground workers, extension agents, students, agency personnel and anyone who is interested in trees and urban forestry.

This year's keynote speaker is University of Florida Horticulturalist Dr. Edward F. Gilman, author of the International Society of Arborists book, An Illustrated Guide to Pruning. The theme for this year's classes is "Risky Business: Tree Risks and Aboriculture in the Northern Rockies.

Classroom topics will include Pruning to Minimize Risk, When Trees Attack, Tree Risk Assessment, Tree Planting and Early Establishment, and Nursery Selection to Avoid High-Risk Trees. There will also be a panel discussion of risks, costs, response and planning.

A pre-session workshop by Dr. John Ball from the University of

Safe Hunting in Bear Country

Hunters are, by design, good at sneaking up on bears unobserved. They also provide bears with an attractive food source in the form of gut piles and carcasses. This is a safety concern for hunters who can follow a few precautions to minimize bear habituation this season.

1. Keep a clean camp. Bears are very smart, have a great memory and if they receive a food reward in one camp, they may become aggressive as they continue to raid camps. Make sure all attractants are placed in a hard-sided vehicle, locked in a bear-resistant container, or hung 10 feet up and four feet out from any supporting branches. Anything that has a smell or has once had a smell needs to be put away. This includes food, garbage, toothpaste, deodorant, blood-covered clothing, and any stock feed (except hay without additives). Coolers are not bear-resistant and must be stored, even when empty. Check with a local ranger station about obtaining bear-resistant containers through the loaner program, free of charge.

2. If you are fortunate enough to harvest an animal this year, gut it immediately and move the gut pile at least 200 yards away from any national forest system trail. This will keep the bear away from you and your carcass and will prevent other hunters from stumbling on a bear. Remove your kill as soon as possible. Never bring a carcass into your camp! If you need to leave a carcass on the forest, hang it (10' up, 4' out) 100 yards or farther from a sleeping area or trail. If you must leave it on the ground or improperly stored, make sure it is at least a half mile from any sleeping area and 200 yards from a trail. Leave your kill in a place where you can view it from 200 yards away as you return.

3. Calling for elk and deer/elk scents are attractive to bears. Bears have approached hunters while calling, and in some areas have become attracted to gunshots after learning to associate the noise with a carcass or gut pile. Consider leaving elk calls and scents at home when travelling in grizzly country. You should always expect to find

grizzly bears in Southwest Montana, even in areas outside their known range.

4. Bear spray works! Better than bullets in most encounters. Remember that bears have thick hides and that they move faster than most shooters can properly aim. Bear spray produces a large cloud that targets a bear's nose and eyes - its most sensitive areas. It has proven 98% effective at preventing injury in actual encounters.

5. Be aware of your surroundings at all times. Watch for bear sign in the form of scat, tracks, or scratch trees. Be on alert in areas of low visibility and by streams which mask noises.

6. Pack tarps for moving gut piles, ropes and a pulley for hanging game.

If you do encounter a bear, it is important to leave the area as soon as possible without running or turning your back. Talk in a low, calm voice to help the bear recognize you as human. Avoid making eye contact with the bear and stand your ground even if the bear begins to charge, as many bears will execute bluff charges.

Defensive attacks (where a bear is defending its cubs, its food or itself) are more common with grizzly bears and may happen quickly or be accompanied by warning signs. Look and listen for woofing, growling, jaw-popping, and bluff charges. Stand your ground during a charge, use your bear spray, and play dead by laying face down on the ground and covering your neck if the bear makes contact.

Predatory attacks (where a bear is treating humans as prey) are more common with black bears and can be identified by a silent approach. The bear may disappear and reappear, circling around with its head low. If the attack is predatory, use your bear spray and fight back with all your might.

Remember to make sure all fires are out cold when unattended, use motorized vehicles only on designated routes, and bring certified weed-free hay and straw. For information about local regulations or bears, go to the Beaverhead-Deerlodge National Forest website at www.fs.usda.gov/bdnf, or stop by a local Forest Service office.

Mistake Corrected
By: MJ

The Jaycees made a suggestion that the participants in the parade do not throw candy from moving vehicles. It was not a city resolution as I stated. The majority of the participants honored the Jaycee's suggestion and did not throw candy from moving vehicles. People walking in the parade were able to get closer to the children and continued the tradition of passing out candy. It's these type of suggestion that might very well of prevented a horrible accident we all would of regretted, Thanks Ms. Westad for pointed out my error, thus giving me the chance to correct.
