"FALL BACK TO APPLES" Bake Day event to support Dillon Tree Board

All sales from September 18-20 event will go towards planting new trees and public park growth

Dillon's Great Harvest Bread Company will hold its popular Bake Day fundraiser September 18-20 to raise money for the Dillon Tree Board. All sales from the three-day event will go towards the development of Jaycee Park and the planting of new trees in and around the Dillon community.

On the menu will be a variety of delicious apple-themed products including Apple Cinnamon Walnut Bread, Apple Streusal Coffee Cake, and Caramel Apple Scones.

"Great Harvest owners across the country have a uniform interest in conserving our environment for the future of our children and grandchildren," says Janet Tatarka, Great Harvest's director of bakery logistics and training. "Hosting Bake Day events are a fun way for our new owners to become familiar with bakery operations while also supporting organizations in the Dillon community. People from around the country know Dillon for its natural beauty and for being the home base of Great Harvest Bread Co., so it is only fitting that we support an organization that contributes to our natural surroundings."

For sale, the Dillon bakery will feature its signature Honey Whole Wheat, Cranberry Apple Berry, Rosemary Bleu, Cinnamon Chip, Dakota, Spinach Feta and Oregon Herb loaves; fresh Peachy Keen and Apple Streusel muffins; Double Chocolate Chip, Golden Raisin Cinnamon Chip Pecan, and Snickerdoodle cookies, Savannah, Kahuna, and new Harvest bars; and freshly brewed drip coffee. Made-to-order sandwiches will be available from 11 a.m. to 2 p.m. Also on offer will be an expanded line of sweets, granola, jams, peanut butters, and dipping oils, which make a great gift.

New to the lineup will be Anadama Bread, which is slightly less sweet than Honey Whole Wheat, making a delicious option for toast or sandwich slices.

"This new Anadama recipe is simply addictive," adds Tatarka. "Sales of that one loaf alone could fund a few trees!"

The Dillon Tree Board is a non-profit, volunteer organization focused on expanding the community forest. With a complete tree inventory, the board is able to conduct an annual plan to prune or plant trees in relevant areas to preserve an aesthetically pleasing, green environment for the entire area.

The board also oversees a community forest management plan in partnership with the City of Dillon and relies on volunteer hours to plant new trees and prune existing trees. In 2012, over 650 hours were contributed for planting 42 new trees and

pruning 54 existing ones.

"We hope the community will come out to support this event, meet some of our new bakery owners, and help to promote individual tree health in our local park," says Tatarka.

The Dillon bakery serves as a model for Great Harvest stores nationwide, and new owners come to Dillon to understand the intricacies of what it takes to own and operate a successful store. Bake Day events are held in conjunction with these new-owner visits to provide them with a real-world retail experience before returning to their own community to open a store.

Bake Day events donate 100 percent of the proceeds from all three days. In the past, these events were only one day, but the extended time frame benefits both the new owners and the community.

Great Harvest invites southwestern Montana residents to stock up on fresh out-of-the-oven breads and treats. The bakery, located at 25 E. Glendale St. next to the Dilmart, will be open September 18-20 from 7 a.m. to 2 p.m.

Special Surprises Part II

The Women's Resource/Community Support Center has more great news to report. Recently, our agency accepted an anonymous donation of $10,000. The intent is to generate a dollar for dollar match. The anonymous donor, our Board of Directors, & the staff of this agency would like to invite our service communities of Beaverhead and Madison counties to match this donation. We thank you very much for your continued support. Please don't hesitate to contact Kelly McIntosh @ 683-6106 to learn more about this wonderful opportunity to contribute. Fires Wars in MT??
By: MJ

Current studies show that the U.S. is under attack of "fire wars" and they are being used as one component to destroy the economics of the U.S. Ten (10) years ago the "Blue Ribbon" panel report had studies that warned of massive beetle kill, extreme dry conditions and lack of timber harvest as being the ideal targets for fire wars.

There is a magazine titled "INSPIRE" (published by Al-qaida), offering detailed information on how to start huge forest fires in western U.S. with timed-remote controlled explosives. The magazine issue #9 has lethal advice giving instructions on how to ignite an "Ember Bomb." It recommends "ember bombs" to be used in the valleys of Montana because of the rapid population growth in wooded areas, dry forest, massive beetle kill along with years of no tree harvesting, grazing rights discontinued, creation of wilderness...

U.S. official have determined the some of fires started in CA last year were set by Al-queda operatives & others and not lightening caused. Since July 1, 2013 fires have been burning in AL, MT, CO, UT, ID, TX, NE, KS, ND, SD, MO, CA... 25 fires were started in TX within a few miles of each other in 2 counties of which all were attributed to arson. Billions of your tax dollars are used to fight these large forest fires along with billions more dollars lost in the private sector via the loss of private property, loss of revenue, loss of businesses, jobs, tourism...

People are not fighting back do to the engrained out of date mind set where we still are treating fires as a land management tool and not considering national security and adopting strategies to fight "fire wars." Why not allow grazing as a tool to control heavy tall grasses that provide great ember bombs, take some of the fuel away from fire by harvesting the dead timber, require developers to establish a water right for filling fire trucks out of deep wells drilled in surrounding area...

You and your local government can have a say. Get involved - become progressive - call your elected representatives, your commissioners -- pass your suggestions and ideas onto them; find out what they know and what they are doing to protect you.

The Never Ending Parade and Candy Throwing.

By Chuck Dishno

Getting it straight… Mr. Brillhart accuses me of not liking candy. Not true. If any of you have seen me and my size you will know that I have had my share of candy. The only things I really dislike are crooked politicians and broccoli. He also indicates that I don't want children to eat candy. I don't care how much they eat as that is between their parents and their dentist.

I do not dislike the Mayor; I do believe he could have used better judgment in throwing candy from his moving vehicle. It is hard to see where the candy is landing and the swarm of kids who descend on this act.

I do not dislike the Police Chief but here again I think better control of the candy throwing should have been practiced.

I do not dislike Lynn Westad for writing in all capital letters. I only know that in my 42 year in the printing business, using all capitals in a statement is like chewing a person out. Well I guess you chewed me out. I hope you enjoyed the bite.

La Von, you also accused me of not liking the President of United States. That is not true either. He is the president and the office demands our respect. I don't agree with some of his policies and his lack of backbone when it comes to standing up to our terrorist enemies and his lack of foreign policy. I believe his Affordable Health Care; because of the way it was rammed down our throats will ultimately break our beautiful country. If it is so wonderful, why is all of Congress and the President exempt from it?

Once again, I invite any of you liberals to call me and tell me how wonderful this Obama Care is when you see your insurance premiums go up and it becomes harder to find the doctors and health care providers when the time comes. I hope I am wrong but I will bet my last bag of candy that I am not.

La Von, you said you would be happy to share your candy with me. My only request is that you don't throw it from a moving vehicle and that it is sugarless and no chocolate.

To all the parade participants, I think it is time to stop this senseless act before some innocent child is hurt.

My name is Chuck Dishno and I am proud to be an American.

Road Work and Hazard Tree Removal to Begin on Pioneer Mountains Scenic Byway

The Pioneer Mountains Scenic Byway will be undergoing road work to repair severe frost heaves in the Moose Park area beginning Sept. 16. Beaverhead County will temporarily close the Byway from the Grasshopper Overlook (Mile Maker 13.4) to the Mono Creek cattle guard (Mile Maker 20.4) which will close through access north to south. Time to complete the project should take about six weeks while the repairs are being made.

Additionally, the Beaverhead-Deerlodge NF is advising travelers that there will be heavy truck traffic and logging machinery along the Pioneer Mountains Scenic Byway south of Wise River beginning Sept. 16. Work will be taking place between Sheep Creek Trailhead and the Lupine Shelter area. To provide for safety of the workers and public while this work is occurring Beaverhead County has issued an emergency speed limit ordinance of 35 mph from mile marker 20.75 to mile marker 38.08 until work on this project is completed.

Travelers are advised to drive with extra caution and to expect up to 15 minute delays as heavy machinery will be operating within close proximity to the paved road. Travelers are also advised that they may not be seen by the heavy machine operators and to drive slow and expect debris on the paved road. Favorite campsites may not be available as logging work progresses.

The trees being removed are considered hazardous as they have been affected by the mountain pine beetle. The hazard tree removal project is being conducted to improve public safety. Logging truck traffic will increase and travelers can expect to see significant traffic starting early morning and continuing throughout daylight hours. Work along the Byway will continue through mid-December. For additional information contact the Wise River Ranger District at (406) 832-3178.
