FIRE CALL BECAUSE OF TREES AND POWER LINE

Dillon Volunteer Fire Dept. was called to 735 West Park Street where a tree fell into a power line and was sparking. Northwestern Energy responded. Northwest Energy had other problems with outages and transmission lines down.

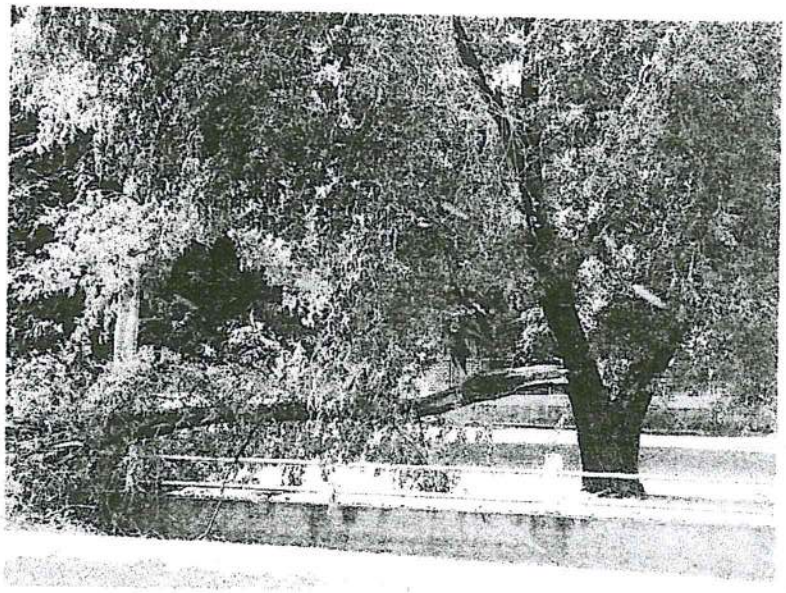

CITY CREW CLEANS UP

After the heavy wet snow and winds, the city crew was out all across town grinding up tree branches and cutting down limbs that were still hanging but still attached.

There were branches down everywhere in town. Some of the larger limbs had caused damage to cars and many fences were under the weight of the trees. Until the broken branches are removed it is hard to tell what the damage cost will be.

The above picture was the corner of Reeder and Idhao streets. The branches below are some of the damage at the University campus.

BRUCELLOSIS FOUND IN MADISON COUNTY

According to the Associated Press and Montana Department of Livestock the disease brucellosis was found in one cow from a cattle herd in Madison County.

The animal was killed after a positive field test for the disease, and the infection was confirmed after tissue from the cow was sent to the National Veterinary Services Laboratory in Iowa.

State veterinarian Marty Zaluski said about half of the 1,000 head herd had been tested and all those have been negative. Tests will also be conducted on adjacent herds.

The federal government has eased rules that before caused sanctions against states where the disease was found. Montana has stepped up efforts to find the disease before cattle leave the state and they have expanded efforts to determine how prevalent brucellosis in among elk. Everyone is involved - the Department of Livestock, Fish, Wildlife and Parks, the state legislature, USDA-APHIS, ranchers and hunters.

CITY HAPPENINGS

By: Lynn Westad

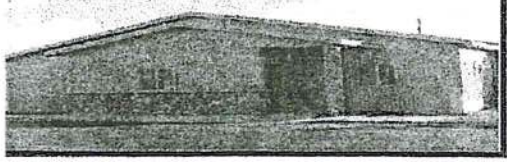

City Council meeting started at 7:00 with all members present. A short presentation was done by a group working with the Mainstreet program. The goal is to sustain and improve the economic status of Dillon by doing improvements and projects that bring visitors to town, make them feel welcome to visit and stay in our city.

Next was the most important part of the night. The budget for the 7-13 to 7-14 period was adopted by a unanimous vote of the City Council. Adoption is the last step in the process for a city to establish a budget. Yes we were one day late of the required state time. The state was advised in advance and it was no problem. All the other budget processes were done correctly from start to finish with adoption by the council being the last step.

The city is in the best financial shape it has ever been. The rating by Standard & Poor's who rates city's finances is A +. This is not given out easily. Another accomplishment this year was the city refinancing all the bonds during this time of low interest rates and by locking in the low interest rate it will over time save the taxpayers 2 million dollars.

The rest of the meeting was the routine reports and the meeting was adjourned at 7:43.

FOWL COVER-UP

By: MJ

Gotta love this one: In our world today raising chickens has become a hobby for city dwellers. Since potty training is a problem for a chicken the stylish diaper was created for our feather friends. The idea was hatched to help chicken lovers keep or care for their pet birds indoors or while transporting them to poultry shows. Several online businesses, including Pampered Poultry and Hen Holster, make the washable cloth diapers.
