CURIOUS MINDS PRESCHOOL WELCOMES LINN VEEN, AS ITS NEW EDUCATION DIRECTOR

Early childhood educator Linn Veen recently joined the staff at the University of Montana Western's Curious Minds as the early childcare center's director. Veen comes to the center with 40 years experience in early childhood education including teaching, program administration and curriculum design.

She formerly was director of Purdue University's child care program and served as a child development specialist for the Confederated Salish and Kootenai Tribes. Most recently, Veen served as the director of the Missoula Community School and education coordinator for Missoula Head Start.

Curious Minds employs a unique approach to learning that encourages children to learn through discoveries they initiate. These discoveries are explored via literature, math, science and art through the support of educators and university students. "This approach to learning is intended to instill a lifelong love of learning because, at an early age, the children become very invested and engaged in their learning," said Veen.

Curious Minds is a National Association for the Education of Young Children accredited lab school. Enrollment is open to any family in the Dillon area, and "Best Beginning" scholarships are available to families who qualify.

For Montana native Veen, the decision to come to Dillon was easy. "I really wanted an opportunity to work with UMW's Julia Bullard, who is a nationally recognized director of early childhood education programs, " said Veen. "I feel fortunate to be able to work in Dillon and implement a shared vision for exceptional education for local children ages three to five, and for the university students who interact with them."

"I also will once again be able to serve as a teacher to not only young children but college students as well," added Veen. "It is important to teach college students how to apply the theory they learn in course work in an actual classroom setting. This is where theory meets practice. It's wonderful to watch the students and children interact and truly learn from each other."

As director she will be responsible for development and implementation of all aspects of the preschool and will serve as the supervisor for all assistant teachers and students who work in the center.

Veen is a recipient of the Secretary of Agriculture Award of Excellence and received her undergraduate degree from Pacific Oaks College and a Master of Science in Education from Purdue University.

Curious Minds Early Care and Education Center at the University of Montana Western has served Dillon families for decades. Its director and lead teachers are early childhood

CITIZENS FOR BALANCED USE AND BAR QUARTER CIRCLE RANCH TO ASSIST DEVASTATED LIVESTOCK PRODUCERS

Working with the South Dakota Cattlemen's Association, Citizens for Balanced Use and the Bar Quarter Circle Ranch are calling on Montana, Wyoming and Idaho livestock producers to make donations to assist the recovery of those hit by the Northwest South Dakota blizzard earlier this month.

Citizens for Balanced Use is asking producers to donate one or more production cattle or sheep to the effort to begin to replenish the devastated herds caught in the early October blizzard. It is estimated that 70,000-100,000 head were lost in the blizzard.

"We are looking for production cattle that would be tested and certified to be shipped to South Dakota sometime before Christmas," said Kerry White, CBU Executive Board Member. "Exact losses aren't yet known as in many cases access to the affected areas is still blocked. As much assistance as possible is appreciated as final counts may be much higher than we estimate."

HOW TO DONATE:

Citizens for Balanced Use is a 501(c)3, non-profit organization. Livestock and monetary donations will be tax-deductible.

The Bar Quarter Circle Ranch will take your name, contact information and the livestock types you will be willing to donate. Send your information to: barquartercircle@gmail.com.

Shipping will be coordinated at a later date after needs are identified and assessed for proper allocation to producers most affected and in need.

Remember, donations are tax-deductible. Monetary donations can be mailed to CBU, P.O. Box 606, Gallatin Gateway, Montana, 59730.

Updates and further information can be found at www.BalancedUse.org.

As Summer Ends...

By Chuck Dishno

Blessings on thee, girl or man,
Cultivating a coat of tan.
All a gleam with grease and lotion,
Simmering beside the ocean.
Slowly turning, bit by bit,
Like a steak on a spit.
First you will redden, girl or mister,
Then like as not you will blister.
After which if you don't freckle,
Blotch or streak or merely speckle.
You'll be tanned a golden brown,
Ready to return to town.
Back to work in office shade,
There to be admired……and fade.

Dillon Medical Clinic

would like to say a sincere

Thank you

To the over 13,000 patient visits seen since opening less than 5 yrs ago.

We appreciate you who have trusted us for your healthcare needs.

Amid America's growing pains, she is still the best country God ever created.
In our clinic, there is a 1917 photo of a hard working horse in harness, doing its job.
"Pull it one more mile" is its caption.
I thank my Lord Jesus Christ for the opportunity to do the same in this land of free enterprise, shoulder to shoulder with my fellow Americans.

Together, WE CAN make it through the present healthcare hurdle!

We will be continuing our policy of delivering same day quality healthcare with **no appointment necessary** throughout the coming years.
We will strive to maintain affordable rates & timely visits.
We look forward to seeing more of our friends, neighbors and visitors.
I've lived in Dillon for 20 years, and Lord willing, I'm here to stay!

THANK YOU, THANK YOU, THANK YOU!

With heartfelt thanks,

Ter
