JOHN F. GUTCHECK

Word has been received of the passing of John F. Gutcheck at his home November 18. Arrangements and information will follow.

Nyles R. Humphrey

Nyles R. Humphrey, Ph.D. Washington
"He didn't live forever. But he truly lived."

Dr. Nyles Ray Humphrey passed away November 13, 2013 in Washington, UT. He will be missed by his family, friends, neighbors who enjoyed his quick wit and sense of humor. He was grateful for all those who displayed their genuine care for his wellbeing.

He was born in Salina, UT August 24, 1947, the oldest of five children born to Nyles L. and Camille B. Humphrey. He was a member of The Church of Jesus Christ of Latter-day Saints.

As a young man, one of his favorite things was to accompany his grandparents to the Manti Temple to help with the filing of paperwork at the recommend desk. In the fall, he enjoyed going with his grandpa to bring the cattle down from the mountains.

Nyles graduated from Malta High School in Malta, MT and went on to attend Montana State University on athletic scholarships. He held high school and college sports records in the high jump and pole vault.

Nyles received his Bachelor and Masters' degrees from Montana State University. Dr. Humphrey received his Ph.D. from the University of Utah in 1973.

Both his Masters' thesis and Doctoral dissertation involved methods to extract the best performance possible from athletes. His Masters' thesis entitled, "An Electromyographical Analysis of Sprint Starting from Variable Width Blocks" led to a more universal use of starting blocks for track and field sprinters. His Doctoral work entitled, "Cardiovascular and Respiratory Adaptations Occurring During Second Wind" was published as groundbreaking information in Time Magazine.

Nyles was recognized by Who's Who in American Universities and Colleges. He was invited to coach the Austrian Olympic Track and Field Team. He qualified for the Junior Olympics out of high school. He was honored as Coach of the Year at Western Montana multiple times.

Professor Humphrey was a teacher and coach at Montana State University, in Bozeman, until he was named Athletic Director at Western Montana College in Dillon, MT. In addition to his Athletic Director responsibilities during his tenure at Western Montana he was also a teacher and coach. Dr. Humphrey retired in 1994, after 25 years of service in the

To the Citizens of Dillon,

It is with great sorrow and sadness that I inform you of the passing of the Honorable Judge John F. Gutcheck who passed away at his home on November 18, 2013.

Judge Gutcheck served the City of Dillon as judge for four years. Many of you remember John as the Chief of Police for the City of Dillon, a position that he held for the better part of 20 years. John started with the department in 1980 as a patrol officer and advanced through the ranks before becoming Chief. John will be greatly missed.

Funeral arrangements are pending and additional information will be forthcoming.

Sincerely,

Martin R. Malesich

WESTERN FALTERS AND FALLS SHORT

Western played Eastern Oregon University Saturday where Western led 13-7 after the first quarter as Dylan Kramer run for two touchdowns. Then Eastern came back with 21 unanswered points before half time and they led 28-13.

Kramer then scored a third touchdown and that was the last of Westerns scoring in the third quarter. Kramer ended with 155 yards and Tyler Hulse, the Bulldogs quarterback, ended the game 25 for 40 with 230 yards and three interceptions.

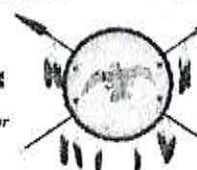

The final score was 42-20 at Vigilante Field to see Western's year end wins the same as last year's (4-6, 4-6).

President's Trip

By: MJ

Pres. Obama and his entourage attended the G-20 summit in September 2013. G-20 is a Group of Twenty Finance Ministers and Central Bank Governors from 20 major economies. Topics featured this year were: Growth through Quality Jobs and Investment; Growth through Trust and Transparency; Growth through Effective Regulation.

President Obama's traveling entourage included: 500 staff, including 200 Secret Service agents, a team of six doctors, the White House chef and kitchen staff with the president's own food and water, four speech writers, 12 Teleprompters and 35 vehicles. Also along was the "Marine One" (presidential helicopter) along with a fleet of decoys to ferry the president around. Let's not forget the presidential limousine, the "Beast" with reinforced ceramic and titanium armor, tear gas cannon, night-vision devices, its own oxygen and is resistance to chemical and radiation attack.

The president is entitled to all the security, communications and support he feels necessary to do his job.

Would this be classified as "government wasteful spending?" Maybe it would be better if more money was spent at home helping the millions of people that are now suffering without health insurance and paying down the trillion dollar national debt that continues to grow by the second or creating a budget that would help the USA economy. Just a thought.

"Addiction Incorporated" To Be Featured at Montana Western

The Acappella Pictures' documentary film, "Addiction Incorporated," which has won critical acclaim for its riveting, true story of the tobacco industry's lies and its attempt to silence the scientist who blew the whistle on the industry, will be screened at the Great American Smokeout event sponsored by UMW Student Wellness and the Tobacco Free Task Force at the Lewis and Clark room in Mathews Hall on Wednesday, November 20th, at 7:00 pm. The film shows footage of the scientist testifying at the Congressional hearing at which tobacco firm executives all lied. The hearings led to the lawsuits that ended with the tobacco companies' settlement of billions of dollars paid to states to recoup some of the money they spent on treating addicted, ill smokers. Many of these trailblazing lawyers and investigative reporters also are featured in the film.

Written and directed by Charles Evans, Jr. and produced by Charmaine Parcerro, the story of scientist Victor DeNoble, who worked for Philip Morris in trying to develop a "safe" cigarette. Instead, he discovered how very addictive the nicotine in tobacco is and told his employer the results of his research. The company immediately closed his laboratory and dismissed him, insisting that he sign a confidentiality agreement. During a dramatic moment, captured on film, Congressman Henry Waxman succeeds in getting the firm to agree to the breaking of that agreement, allowing DeNoble to tell the truth, proving the industry moguls lied before Congress. DeNoble has since become a strong tobacco-prevention proponent, speaking to schoolchildren, as well as adults, about his experiences and the dangers of tobacco use.

The showing is free and open to the general public.

PASS IT ON!! A post from the Obamacare Website:

"I actually made it through this morning at 8:00 A.M. I have a preexisting condition (Type 1 Diabetes) and my income base was 45K-55K annually.

I chose tier 2 "Silver Plan" and my monthly premiums came out to \$597.00 with \$13,988 yearly deductible!!

There is NO POSSIBLE way that I can afford this so I "opted-out" and chose to continue along with no insurance.

I received an email tonight at 5:00 P.M. informing me that my fine would be \$4,037 and could be attached to my yearly income tax return.

Then you make it to the "REPERCUSSIONS PORTION" for "non-payment" of yearly fine.

First, your driver's license will be suspended until paid, and if you go 24 consecutive months with "Non-Payment" and you happen to be a home owner, you will have a federal tax lien placed on your home.

You can agree to give your bank information so that they can easy "Automatically withdraw" your "penalties" weekly, bi-weekly or monthly!

This by no means is "Free" or even "Affordable."
