HAPPY ST. PATRICK'S DAY

THELMA SUZANNE (TIBBITTS) KELLY

Thelma Suzanne Tibbitts Kelly was born May, 25, 1916 at Rocky Ford, SD (near Porcupine, SD) to Thomas & Florence Tibbitts. She passed on Saturday, March 15, 2014. Her sister and brothers were Delores Emery (deceased), Vesta Soderlin; Martin, SD, Devona Marshall; Mission, SD, Thomas Tibbitts (Sonny) Allen, SD, Phyllis Fravel; Mission Ridge, SD, and Francis Bradford; New Castle, WY.

Thelma met and married Thomas Kelly (deceased) on June 4, 1937. To that marriage came here children: William (LaVonne) Kelly; Ft. Pierre, SD, Tresa (Randy) Shannon; Thorp, WA, Kenneth Kelly; Sheridan, WY, Kathy (Ray) Tipton; Victor, MT, and a Baby Boy (deceased); buried in Pierre, SD. Here grandchildren include Rhonda (Mike) Knapp, Darrel Shannon, Robert (Jessie) Shannon, Brenda (Jeff) Hansberry, Rick (Leslie) Shannon, Jamie Tipton, Shawn (Danni & Walker) Tipton, Caleb Tipton, Casey Tipton, Billy G (Jenny) Kelly, Karmen (Jim) Meyer, Tommy (Carrie) Kelly, TJ Kelly.

Thelma was Preceded in death by her parents, sister, baby boy, husband, and grandson.

She attended school at St Francis Holy Rosary Mission; Pine Ridge, SD.

Thelma & Tom lived in several locations in their life here on earth. Nebraska, South Dakota, Washington, & Montana.

She was the wife of our Rancher Father, Tom Kelly, who together raised 4 children while wearing several hats of trade. She took in ironing, delivered milk & cream from their own stock, delivered mail with children in tow, a housekeeper. She was a waitress in several cafes. She really was a social person who loved taking care of & serving others. She could visit with you all day long!

After retiring from the work force, she enjoyed the company of her friends that gathered several times a week at the local coffee shops in Dillon, MT. I believe her last social was at the age of 96 years old, yes, she drove herself to the Coffee Shops at that age as well as to the grocery store. She frequented the Dillon Sale Barn with Dad and quite a few times after Dad was gone. She lived in her home until 11/4/12. She

was 96 years old at that time.

Mom loved her family. She always had the beds ready for their visit and enough food prepared to feed an army. That's just how she did things. She loved to sew & cook. Oh, how we all miss the homemade bread and cinnamon rolls.

Many family & friends have some item she has made with her hands. Quilts, afghans, pillowcases she embroidered....and other things too numerous to mention.

Thanks to ALL of the Friends, Dr. Ron Loge, the Nurses, Meals on Wheels & to Brundage Funeral Home in Dillon MT for taking very good care of Mom, for us. Also, to the Discovery Care Centre and the Nursing Home Staff in Hamilton, MT

Thelma was a member of the St Rose of Lima Parish, Catholic Church in Dillon, MT

HUMANS - WHO ARE WE?

By MJ

Humans were given the gift of being able to remember the past as separate and unconnected events. Humans live in complex societies because of their ability to remember the past, relate to the present, and project the future.

Thinking allows humans to view things in two different ways (instinctively and intellectually). The instinctive view is instant and uncontrollable (fight or flight syndrome). The intellectual view is learned and alterable, based on the culture and society that people live in. Intellectual thinking constantly changes and for continued success requires continual education.

Humans have the most complex society of any creature on earth. Humans extend self-protection beyond personal physical survival. Humans live in complex and interdependent societies, where people band together in groups, for mutual assistance, (physical and mental).

Money is a major resource that humans seek. It provides us with the ability to acquire other resources needed, food, homes, cars, health care... The fear of not having enough money can cause sufficient stress that can be as dangerous to personal survival as a predator.

Humans will do whatever it takes to survive. Could mean belonging to a group, a clan, a family, following and individual and doing what they say, accumulating large amounts of money, learning how to survive with pain, handicaps, or doing whatever it takes to keep their boat afloat?

Question might be: Is the human world healthier and superior to the animal world? The animal's world revolves around instinctive thinking. They don't remember the last time they hunted, were hungry or that they might be hungry and hunt again tomorrow. Today they are hungry so today they hunt. As animals live so do humans; take one mate for life time or not, have an instinctive need to assure the survival of their species, live in large packs, small groups, follow leaders...

GENEALOGICAL SOCIETY

The Beaver Head Hunters Genealogical Society will be holding their next meeting on Tuesday, 18 March at 7:00 pm, in the Museum Research room. This month we will discuss plans for our day long genealogy workshop to be held in May. After the discussion, Helen DeShazo will enlighten us on English and Welch records. She has done research in Cornwall and Wales and has some ideas on ways to search these records. As always, the public is invited.

Forest Service Seeks Comments for Butte Highland Mine Haul Road Project

The Butte Ranger District, Beaverhead-Deerlodge National Forest is seeking public comments on a proposal submitted by Butte Highland Joint Venture to accommodate ore hauling and mine support activities over Forest Service roads that are necessary for mining operations associated with the Highland Mine. The location of the project area is approximately fifteen miles south of Butte, Montana. The expected duration of these activities would be five years.

The Draft Environmental Assessment analyzes three alternatives in detail. 1) Alternative 1 - No Action Alternative; 2) Alternative 2-Highland Road (FSR#84) going westward; and 3) Alternative 3-Highland Road (FSR#84) going northward down Roosevelt Drive. Alternative 2 & 3 both propose using the FSR#84 Highland road northward to Roosevelt drive for employee travel and mine deliveries.

The Draft Environmental Assessment is available on the internet at <http://www.fs.usda.gov/goto/bdnf/projects> (Under Analysis-Butte Highland Mine Haul Road). Comments regarding the project will be accepted through April 7, 2014. A Final EA and draft Decision will be made available for the public to review prior to a final decision being made.

If you have any questions regarding the project or would like to provide comments contact Mary Beth Marks, Minerals Staff Officer, Beaverhead-Deerlodge National Forest by email at mmarks@fs.fed.us or by phone (406)-587-6709.

Barrett Hospital & HealthCare Honored for Hepatitis B Vaccine Birth Dose Rate

Barrett Hospital & HealthCare has been recognized by the Immunization Action Coalition (IAC) and the Montana Department of Public Health & Human Services for achieving the highest reported rate in the state for its work to protect newborns from hepatitis B virus infection.

"This is exactly the kind of collaboration that keeps our community healthy. It is truly heart-warming to be associated with this caliber of clinicians who take such good care of their patients" said Carol Kennedy, Chief Clinical Officer.

Barrett Hospital & HealthCare is the newest entry into IAC's Birth Dose Honor Roll (www.immunize.org/honor-roll/birthdose), which recognizes hospitals and birthing centers that have attained high coverage levels for administering the hepatitis B vaccine at birth. Barrett Hospital & HealthCare immunized ninety-six percent of babies 2/21/13-1/31/14 and took additional steps to prevent perinatal transmission of hepatitis B.

The national standard of care to prevent hepatitis B virus infection in babies is to administer hepatitis B vaccine to all newborns before they leave the hospital or birthing center. This standard is being adopted by centers of healthcare excellence nationwide as a safety net to protect newborns from a wide range of medical errors that lead to babies being unprotected from perinatal hepatitis B infection.

"Hospitals and birthing centers have a responsibility to protect babies from life-threatening hepatitis B infection," said Deborah Wexler, MD, executive director and founder of IAC. "Barrett Hospital & HealthCare's commitment to the best practice of hepatitis B vaccination at birth has shown them to be a leader in preventing the transmission of the hepatitis B virus."

Barrett Hospital & HealthCare currently employs two Family Practice/Obstetrics Physicians, with two more starting this summer and fall. On average, 80-90 babies are delivered at Barrett Hospital & HealthCare every year. Barrett Hospital offers full-service Obstetrics, including C-sections if necessary, lactation consultation, and childbirth preparation classes.

For more information, contact Barrett Hospital Foundation at (406) 683-6737.

DILLON SPRING 2014 HUNTER EDUCATION CLASS SET

On Tuesday, Montana Fish, Wildlife & Parks announced the spring 2014 hunter education course in Dillon will be held on April 22, 24, 28, 29 and May 1 at the Dillon Middle School from 6-9 p.m. The Field Day will be held on Saturday, May 3 from 9 a.m. to noon at the Dillon Rifle and Pistol Club Range. Online registration is required and students under 18 years of age must have the consent of a parent or guardian.

To register, students (or parents) should go to FWP's website at fwp.mt.gov, click on "Education," then "Hunter Education," then "View Course Schedule." The Student Code of Conduct must be downloaded and completed, and if the student is under 18 years old, a parent or guardian must sign the parental Acknowledgment of Risk Form and bring to the first night of class. Students will not be admitted to class without these forms.

Prior to the first class meeting, students are required to read the first three chapters of the hunter education manual and complete those chapter quizzes. If not complete, students will not be admitted. Manuals can be picked up from at the Dillon Middle School Office or Montana Fish, Wildlife & Parks office (730 N. Montana St., Dillon).

Students must be 11-years-old to receive certification. Students are not allowed to bring firearms or ammunition to class.
