Dillon American Legion District 6 Meeting Unqualified Success

Thomas Straugh

Commander American Legion Post 6

On March 8 a total of 53 Legion and Legion Auxiliary members gathered in Dillon at the National Guard Armory for the 2014 spring meeting. They were welcomed by gift bags provided by the Beaverhead Chamber of Commerce, a great meal cooked by Marv Lundberg, Harvey Frank, Doug Frank and Gile Mitchell, and escorted by National Guard Challenge Cadets. Honored guest was John Nelson of Wisdom Post 90 who is among the longest serving post commanders in the country.

By the way, the Challenge Cadets helped with the setup, take down, kitchen, serving, helping people find their way around the armory, cleanup and tear down. The event would not have been as well done without the four flights of the cadets who spent time with the Post 20 Legion. Thank you for your help. Your young legs and energy helped the much older veterans host the meeting.

Registration was handled effectively by Reese Hamar, Jeanie Weyer, and Joanie Huxtable (the newest member of the Beaverhead Legion Auxiliary). You were so effective you may be drafted for the next registration activity. Thank you! Arrangements included a silent auction and split-the-pot raffle with proceeds dedicated to supporting the "Lunch Bunch" effort of the Ministerial Alliance. They provide a safe environment and hearty lunch to Dillon high school students on a weekly basis.

The following Post 20 members were there working hard to make the District and Department delegations comfortable and the meeting effective:

Steve Esquibel, Dave Walton, Reese Hamar, Jeanie Weyer, Jim Watkins, Gyle Mitchell, Marv Lundberg, Harvey Frank, Leonard Lashlee, Jim Keef, Tom Straugh, Laura Barron, Ray Guidici and Montee Elliot helped on Friday March 8 with the setup arrangements.

Silent auction items included beaded hat bands, a bird house, tickets to the Shriners' Oyster Feed, a space heater, a diamond willow walking stick, a diamond willow table lamp, a found tackle box, and a fly rod. Prizes were provided by Marv Lundberg, Reese Hamar, Tom Straugh, Leonard Lashlee, Harvey Frank, Skip Bybee, and Steve Esquibel.

Thank you all and my apologies to anyone I have missed.

THANK YOU TO THE GOOD PEOPLE OUT THERE

I want to say THANK YOU so very much to the person who turned in my wallet that I left in the shopping cart at Van's IGA.

OK, it's finally time to vote!!!! All the vests are on display at The Daily Yarn (36 N. Idaho St.) Come on down and vote for your favorite vest. They are all made from the same basic pattern. However, the knitters have outdone themselves with all kinds of embellishments.

Voting will be from Tuesday 4/1 through Saturday 4/19 at The Daily Yarn, open Tuesday through Saturday. Anyone can come into the shop to vote, putting their votes in the "Vestival Vote" container.

The winner receives all of the proceeds to donate to the charity of their choice. The winner will be announced on Earth Day, 4/22.

Questions? Drop by The Daily Yarn, we would love to see you!

DONATIONS NEEDED

I have received a request for donations of towels (gently used is fine) and/or toiletries such as shampoo, conditioner and soap for the National Guard and First Responders at the scene of the mudslide. They are anticipating being on the site for at least another 45 days and need these items for use in the portable showers when leaving the scene.

Donations will be hand delivered back to Oso on Saturday, April 5th by a local family. Please bring the items to the 3-D Store. Thanks for helping out! Joan

THE HOMETOWN HUMANITIES: DILLON HOSTS HUMANITIES MONTANA SPEAKERS BUREAU PROGRAM "Firearms of the American Frontier EXPERIENCE" WITH Will Abbot

Hometown Humanities: Dillon will host Humanities Montana Speakers Bureau program "Firearms of the American Frontier Experience" with Will Abbot on Wednesday, April 9. The program will be at the Old Depot Theatre at 7:00 p.m. The presentation is free and open to the public. Partial funding for the Speakers Bureau program is provided by a legislative grant from Montana's Cultural Trust.

In a short frenzy of invention and acceptance, firearms went from flint-and-steel ignition to the self-contained cartridge arms still in use today. Will Abbot presents the sequence, development and uses of the principle firearms on the frontier. In this presentation and discussion of the real firearms of the American West and the people who carried them from 1800 to 1865, Abbot uses reproduction and original firearms, cartridges and accoutrements providing a hands-on opportunity to understand the capabilities and limitations experienced by immigrants, soldiers and explorers who settled the West.

Will Abbot has been involved in historic presentations since the 1975 U.S. Bicentennial. His current research and presentations at Nevada City Living History Museum focus on the 1860s. Abbot is a writer, researcher and volunteer living historian for the Montana Heritage Commission at Nevada City. He is a member of ALHFAM, the Association of Living History Farms and Museums. His current research and presentations at Nevada City focus on the 1860s. His photography and research are featured in The Western Heritage Project, a Western history book for youth and adults.

Will encourages direct and active participation in demonstrations and discussions.

Service Officer Information

Thomas Straugh

Commander American Legion Post 20

In a recent Dillonite article a suggestion was made that the American Legion Post or Veterans of Foreign Wars Post should have a service officer or Beaverhead County should have one. I agree. However, the reality is that there are some issues that make both unadvisable. First of all, the American Legion has stopped certifying service officers due to legal liability. The problems that can be caused by mistakes are too much for the Legion to afford either paying directly or by buying insurance. There still is a VFW service officer but he is limited to helping veterans get in touch with the people who do the function as a professional. There is no funding from the State of Montana for a county position and our taxes are high enough without having the position added although Idaho does have Veterans Service Officers in each county.

The State of Montana, through the Department of Military Affairs, Veterans Affairs Division provides Veterans Service Officers to help all Montana veterans file claims. The locally assigned Service Officer is Dave Williamson who can be contacted at (406) 533-0910. His office is in Butte. You can see him in Dillon at the National Guard Armory or at UM Western in the Veterans and Military Exchange (VMX) on the third Wednesday of every month. I have worked with Dave Williamson on several issues. He is fair, honest, and energetic in addition to being committed to helping veterans receive every benefit that is rightfully theirs.

While one day a month doesn't sound like much, he makes that day in Beaverhead County a priority plus he will meet with you in his Butte office when he is not on the road in another adjacent community. If you need assistance filing a claim, preparing a claim, advice regarding whether you have a claim, or an appeal, give him a call. If you want assistance but don't know where or who to call, the VMX at UM Western is currently staffed by a very knowledgeable individual, Lori Clark, who is also very helpful. She can be contacted at 683-7310 or email at vmx@umwestern.edu.

I am also available via phone at 683-2155 and I am sure the other officers and members of both the Legion and VFW would be glad to try to point you in the right direction.

CITY HAPPENINGS

By: Lynn Westad

The Water & Sewer Committee met Tuesday 3-25. Chair: Bob Cottom, members Dick Achter, Neils Troedsson, David Spehar, also in attendance JS Turner, Director of Operations, Mayor Mike Klakken, John Manion, Engineer and Mike Regan, Dillon Tribune.

As you all know we had to do the lagoon project due to mandatory guidelines set by the State on our Waste Water Treatment Plant. To be in compliance it is a long process so a 2-3 year plan to achieve was started in 2012-2013 and now on through 2014. The Waste Water Treatment Plant is ahead of schedule for several reasons.

The timing of the project has made crews available and able to work without interruption and so the project is ahead of schedule. One smart step was having our engineer on site constantly which kept the work up to specifications. It also has protected us from cost overruns which can undermine a project when not watched carefully. The lagoon should be finished in late 2014. Then the next phases will be ready for bids. The ultimate goal of this project is to get us waste water off the river entirely and not have our community face State mandates in the future. We are under budget on the lagoon but the next phases are very expensive. The estimates for the second phase are expected to be increased as the demand for contractors has improved due to the overall improvement in the economy. But if we continue to manage the project and achieve quality work and keep the costs under control we may come under have some savings potential from the original overall project.

Next was the Telemetry Project which is the monitoring equipment for the lagoon and water system. They must be monitored 24/7 and new equipment will make this easier but more important give us better feedback on the chemical levels of the lagoon.

The next project is the Beaverhead River Water Crossing and Well #5. The Water Crossing is very, very old and in extremely bad condition and any small event could cause it to fail entirely. That would mean the community could be without water for several days. The committee is very concerned about this possibility and the engineer was asked to complete a plan and a cost estimate soon. When the report is ready the committee will review and make a recommendation to the Council for a decision to proceed with improvements or not. The lagoon and this Water Crossing is another one of those hard decisions for the Council, but equipment gets old and in disrepair and there comes a time when it just has to be replaced especially with something as vital as water availability.

The first potential site for the well would not provide the needed water flow so the engineer suggested another site nearby so he will start the review process of it and report back soon.
