UMW STUDENT HONORED AS 2014 NEWMAN CIVIC FELLOW

The Montana Campus Compact recently named a University of Montana Western student as a 2014 Newman Civic Fellow.

This year's Newman Civic Fellow from Montana Western is Jessica Lammi, a third-year student from Broadus, Mont. She tutors fellow college students at the campus Learning Center and volunteers with local schools to help younger students meet their potentials. She plans to graduate with her degree in elementary education

with a minor in literacy in grade K-12.

A few years ago, Lammi served as a AmeriCorps volunteer who assisted local kindergarten classes for her 300-hour term. She also worked with Cross-Cultural Solutions, which allowed her to travel to Lima, Peru to help residents of a poor district of the city.

"Each of these opportunities yielded unique experiences," said Lammi in her nomination statement. "Yet, I realize, whether it is helping others in my community or across the globe, the effect is the same. The hug from an eighty-year-old Peruvian woman and the hug from a five-year-old girl in Dillon, Mont., both relay an unspoken message of gratitude. This gratitude has inspired me to become an advocate for lifelong service learning."

The 2014 National class of Fellows is composed of 197 students from 36 states and the District of Columbia. Lammi joins seven other students to represent Montana.

The fellowship is named for Dr. Frank Newman, a founder of Campus Compact. Newman had a tremendous impact on American education reform and its role in the development of citizens who are eager and prepared to make a difference.

Montana Campus Compact is a coalition of college and university presidents committed to fulfilling the civic purposes of higher education by improving community life and educating students for civic and social responsibility.

CTEP Funds (Bannack Street Railroad Crossing)

By: MJ

Once again the question must be ask; is the city council spending your tax dollars sensibly? In 2007 the seated city council approved the Bannack Street Railroad project using CTEP funds. The amount of money allotted by CTEP for the Bannack St. Railroad crossing project was \$179,410+/- . The engineering study has been completed however the bids have not been let. Question is why?

If the city does is not use the money for the project by Sept. 2014 then the city will have to pay back to the state the money that the city has already received; (10,000 - 20,000+/- dollars). Question: Why have the bids not been let on the project and why is the city not moving forward with project? Question: One might wonder if the city council has decided to kiss this project good-bye. Might be a question to ask Director of Operations, J.S Turner or a council member.

The Bi Centennial stepped up to the plate and said that they would pay all matching funds for this project if they would put a sidewalk from Bannack St. to the Bi Centennial complex. Zero cost to the city. In March the current City Council referred the project back to the Street and Ally Committee. Members of the committee are: Chairman Dick Achter, David Spehar, Lynn Westad and Bob Cottom. **NOTE:** The committee has not called a meeting to address this project and the clock is ticking. I believed that Councilpersons Achter, Spehar, Westad and Troedsson were on the original Council that approved this project and today are putting up road blocks. Why

Question: Why was it sent back to the Street and Ally committee when it had already been approved by the prior council members to be completed??? Is the council setting the city up to lose the money? Question: It appears to be a possibility that if the city is not showing where they are proceeding with the project and or papers have not been filed for approval with CTEP for another project; Dillon could lose the rights to the \$179,410+/-.

Is this how you would like your tax dollars managed by losing thousands of dollars that the city did not have to pay back or provide matching funds for -- money that would improve the infrastructure?

Question: Does the Mayor have the right to ask for the bid to be let on the project? Remember the project has already been approved by a prior seated council in 2007. Yes, the council today would have to approve the bid when it is submitted. Is there some way this worthwhile project can be moved forward?

Remember: The city must collect taxes from you to pay the debts.

TEMPORARY NATIONAL FOREST ROADS ARE TOPIC AT DILLON ROTARY WEDNESDAY

Jan Bowey, Appeals and Litigation Coordinator for the Beaverhead-Deerlodge National Forest, will talk to Dillon's Rotarians and guests Wednesday about "temporary motorized access" (roads) needed temporarily to meet objectives such as fuel reduction, vegetation management and more, and the subsequent obliteration of those roads to return the area to roadless status.

Intrigued visitors are very welcome. Rotary meets in the Episcopal Guild Hall, 203 East Glendale. Programs begin at 12:30 and end by one p.m. Visitors are warmly welcomed. Anyone wishing more information about Rotary should come at noon to be a guest for lunch.

Walking School Bus is back in Motion

The volunteers have put on their orange vests for yet another season of walking rain, snow, sunshine or wind. The WSB has 2 designated routes in town, which 3 volunteers accompany on M, W, F mornings beginning @ 7:25am. Students of your community make the choice to walk to school, and get a little extra exercise in before a long day of hitting the books.

One student commented "It's like our toes are tickling the earth as we walk to school!" Students are now driven in from both north and south of town, dropped off and join the walk. A group of 3 siblings are driven in from south of town. The children were asked why they joined the WSB, and they shared that their parents gave them the choice to ride the school bus and have to sit for over 30 minutes or to be driven into town and get a little extra exercise before school. They choose to WALK!

Last spring 2013 the community volunteers and students tallied 510 miles walked to school, this past fall 2013 students/volunteers walked 495 miles. This Spring 2014 our goal is to walk 505 miles for a total of 1000 miles during the 2013-14 school year. Please help us reach our goal, we are always looking for more volunteers, and of course encouraging parents to have their children JOIN the walk to school. In one week we have totaled 40 miles on both routes and are well on our way to reaching our goal. Like us on Facebook: walkin gschoolbusdillonmt or contact Cheyanne Sparks 660-5792 for more information.

tribution to a better understanding of changing climates.
PROJECT BUDBURST is a national network of people
monitoring plants as the seasons change. Data is collected
in a consistent manner across the country so that scien-
tists can learn about the responsiveness of plant species to
changes in climate locally, regionally and nationally. Learn
about the stories your plants can tell on your property or in
your neighborhood. Free and open to everyone.
