RICHARD ERVIN KAISER, 82 AUGUST 8, 1931 - APRIL 11, 2014

Richard was born in Park City, MT to Henry and Lydia (Lipsack) Kaiser. Richard graduated from high school in Park City and graduated with a BA in music education from Montana State University, Missoula, MT. He also spent 2 years in the Army playing the tuba for the Army band from 1955-1957. He taught music at Beaverhead County High School, Dillon, MT; Oak-

land, OR and Corning, CA and worked construction until he retired in 2010. He was preceded in death by his parents and a brother, Walter.

Surviving are his 5 children: Deborah (David) Neves, Denton, TX; Dennis (Brenda) Kaiser, Naples, FL; Karen Kaiser (Jack Zink), Dillon, MT; Peggy (Jim) Murphy, Mandeville, LA; Carolyn (Joey) Yenesel, Denville, NJ; 9 grandchildren and 7 great-grandchildren.

Cremation has taken place and burial will be in Park City, MT with his parents at a later date. Memorial contributions may be made to Dillon Concert Association, PO Box 53, Dillon, MT, 59725.

BCHS TENNIS

The two day meet was shortened to one day due to inclement weather forecasted for Saturday at Polson. Only 6 boys from the Varsity team were able to compete due to conflict with the District Musical Festival in Dillon. Note the number of exhibition matches played by the boys.

Between 1 pm and dusk, most of the boys played 3 to 4 matches. Needless to say, they had their fill of tennis sets for the day! Five of the six boys had never played tennis until 4 weeks ago and showed amazing skill development on the court for such a short period of practice time. Cheers to them!

The girls team is also a very inexperienced team as well made up of a number of freshman, sophomores, a junior and two returning seniors. their scores indicate well how much they are improving in their competition!

Again total matches for the Friday contest were Columbia Falls girls 3 to Dillon girls 4 and Columbia Falls boys 3 to Dillon boys 4. Two of the boys double matches were exhibition matches. Michael Thompson won 0-6, 6-4, 7-6 (7-3), Caleb Jones lost in two 6-1, 6-2 and Levi Vick lost 6-1, 6-2 while Logan Hall won 6-1 6-5 (called for time), and doubles Parker Jones and Kyson Wilson won 6-4, 6-1. Again - the Polson scores were 5 matches Polson, 2 matches Dillon.

Northern Yellowstone Elk Count and Classification Survey Results

The Northern Yellowstone Cooperative Wildlife Working Group conducts two annual surveys of elk, an elk count which serves to estimate abundance, and a classification survey which serves to estimate sex ratios and calf-cow ratios.

The annual winter count of the northern Yellowstone elk herd was attempted on February 26, 2014. The survey, using three airplanes, was conducted by staff from the Montana Department of Fish, Wildlife & Parks and the National Park Service. However, survey conditions were poor due to windy conditions over Dome Mountain, and a portion of Yellowstone National Park was not surveyed due to high winds.

Staff counted a total of 2,063 elk including 476 elk within Yellowstone National Park and 1,587 elk north of the Park in Montana. A follow-up abundance survey was not possible this year. The Working Group does not consider the winter 2014 count to represent the actual elk population estimate, rather these low numbers reflect poor survey conditions and are not informative for assessing population

size or distribution.

A late winter northern Yellowstone elk classification survey flight was conducted on March 24, 2014. In past years the classification flight was conducted across the entire Yellowstone northern range including elk winter range within Yellowstone National Park and north of the Park in Montana. This year the survey was restricted to the area north of the Park due to aircraft availability and funding constraints.

Results of this classification flight included a total of 4,372 elk observed, of which 2,772 elk were classified by age and sex. Based on the classified sample, estimated age and sex ratios for the Montana portion of the population is 24 calves per 100 cows and 12 bulls per 100 cows. These ratios are higher than recent survey results: within the same survey area we observed 19 calves and 10 bulls per 100 cows in 2013, and 11 calves and 5 bulls per 100 cows in 2012. The data collected will be used to inform management of elk within Montana; however, due to the restricted survey area these results are not comparable to the long term classification data that have been collected by helicopter survey across the entire northern range since 1986.

Although the traditional abundance survey could not be adequately completed this year, data collected during the Yellowstone elk classification survey suggest that the Northern range elk population is at least similar to the number of 3915 elk observed last year.

The Working Group was formed in 1974 to cooperatively preserve and protect the long-term integrity of the northern Yellowstone winter range for wildlife species by increasing our scientific knowledge of the species and their habitats, promoting prudent land management activities, and encouraging an interagency approach to answering questions and solving problems. The Working Group is comprised of resource managers and biologists from the Montana Department of Fish, Wildlife, and Parks, National Park Service (Yellowstone National Park), U.S. Forest Service (Custer Gallatin National Forest), and U.S. Geological Survey (Northern Rocky Mountain Science Center).

Letter to the Editor

It Breaks My Heart

Nothing saddens me more than to hear about hungry children. Seventeen years ago when my wife, Patty and I moved to Dillon the ratio used at that time was; "One in every five". Yes, one in every five children in Montana is hungry.

Does this mean the Beavers varsity football team are state champs playing with five or six of them hungry? Or could the varsity boys basketball team have been state champions if one of the first five wasn't hungry?

With all the hands reaching for assistance in the state of Montana, food banks seem to hold their own. So where is the problem?

Patty and I have helped a little by sending some dollars to Missoula, you know, "A dollar helps feed a family for three days." We have placed bags of non-perishables on the table at Safeway and by our mailbox, helped sort food at Dillon's Food Bank and have donated venison.

Many individuals and companies donate their time, money and food. Fish, Wildlife and Parks donated confiscated game to food banks throughout the state. The "School Backpack" program has been successful but one participant recently stated, "There are more hungry kids than we thought!" Does the "one in five" ratio remain?

Jeff Bridges recently visited a Montana school, stating that this area was like home to him and offered assistance to hungry children. Will this solve the problem? What about all the famous, wealthy land owners in Montana, do they help?

Last year a truck load of ready to cook chickens was donated to a Montana food bank, so where do the programs fall short? Is there a missing link? Does someone need to prepare and deliver the meals? Maybe like "Meals on Wheels"? Will hunger along with the lack of housing, heat and clothing prevail in Montana?

Truly a million dollar question I would like to have the answer to!

HEALTH COMMITTEE

The Health Committee met April 10th. This was an organizational meeting for the joint effort of the City of Dillon and the college Terra Verde Club to do a Dillon Clean Up on April 26th. Great progress has been made getting various groups involved. Mickel Herron Boy Scout leader and Elizabeth Barrowman Girl Scout leader have been great attending meetings and encouraging their boys & girls to

FINANCE COMMITTEE

The Finance Committee met to consider a Lodging Facility Use Tax Review Grant for a Convention & Visitors Bureau in the amount of \$19,000.00. Mitch Staley representing the Beaverhead Chamber stated all that was required by the City is to designate a non-profit group to receive the funds. No funds from the City are required and this should be a positive resource to support local business and encourage tourists to stop and spend time in Dillon which produces revenue.

The Committee will recommend to Council the Chamber for the CVB center.

Tim Gore, Southside RV Park said he had heard the Mayor speak on the radio about an additional gas tax county wide. He is concerned that visitors would then choose to bypass Dillon if there was anymore bed or gas taxes in our community.

Neal Straus introduced himself to the Committee and wishes to be appointed as the City Treasurer. It was expressed to him how important it is for Dillon to retain its current AA- rating, meet state requirements and continue our excellent audit reviews.

CITY HAPPENINGS*By Lynn Westad***JUDICIARY COMMITTEE**

The Judiciary Committee met on March 31st to get updates on 4 pending cases. One is concluded, a real estate transaction will be concluded soon. Third final documents are filed and it is waiting payment of the judgment. Fourth was waiting for the Judge's decision but the Judge allowed Wally Congdon the attorney for Brenneke to file more pleadings so the City is forced to respond. Otherwise this was only waiting for the Judge to make a decision.
