Dear Editor:

The City of Dillon is presently offering a reward of \$500.00 leading to the arrest and conviction of the person or persons responsible for the disgusting and inexcusable vandalism of the headstone and monument of one Mr. John Gilfoil, committed on or about Thursday, April 10th and/or Friday April 11th, 2014 according to Cemetery Sextant Danny Devers. Likely one of the oldest monuments and headstones in the City of Dillon's Cemetery, Mr. John Gilfoil, originally of Kilkenny, Ireland, died on October 23rd, 1888 in Dillon aged 70 years. Several antique cast iron posts and rails surrounding the monument were broken, and the headstone was taken off of the base and thrown to the ground. Several other City of Dillon officials and individuals have also pledged to contribute to the reward money in addition to that pledged by the City in the goal of solving this disrespectful crime. From my view of the scene, repairs to the 125 year-old monument due to the vandalism may be quite costly in terms of time and money.

Should you observe fresh vandalism and/or observe vandalism or inappropriate uses of Cemetery property in progress, please call the Dillon Police Department at 911. In the event you wish to donate to the reward fund please telephone Dillon city hall at 683-4245.

Sincerely,
/s/ James P. Dolan, Esq.

MONTANA NATIONAL GUARD PHOTO EXPO IN DILLON

Pioneer Federal Savings and Loan at 32 Washington Street will be hosting the Montana National Guard photo exhibit through May 12, 2014. The exhibit highlights the many Montana National Guard mission and the men and women of the Montana National Guard.

The Montana National Guard photo exhibit displays, in vivid photographs, the men and women of the Montana Army and Air National Guard as they conduct a variety of federal, state, and community assignments. The display contains 54 large prints from 11 separate military photographers.

"These photos are a great representation of the men and women of the Montana National Guard performing the many missions for which we are responsible," said Maj. Lori Chamberlin, Community Relations Manager for the Montana National Guard. "This photo exhibit is one way we can share the National Guard story with the communities across the state that support our Soldiers and Airmen each day."

The exhibit available for viewing, beginning on April 21st. The Pioneer Federal is open Monday - Friday from 8:00 a.m. to 5:00 p.m. and the general public is encouraged to stop in.

"This is a great opportunity for residents of Beaverhead County to see the work the soldiers of the Montana National Guard do," said Tom Welch, President and CEO of Pioneer Federal. "We encourage residents to stop by to see this wonderful exhibit."

Meet & Greet Social

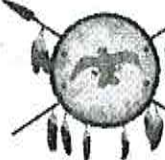

The Chamber had had to cancel the Men's Expo this Friday, but in its place we are hosting a Meet & Greet Social instead!

Please join the Chamber Friday, April 25th from 5:00-7:30 for a Meet & Greet Social at the Elks Lodge. Socialize with fellow Chamber members, meet the new board, and learn what the Chamber has planned for the next year! All Chamber and community members are welcome!

Misinformation/Distortion of Truth

By: MJ

Is the local government partaking in misinformation? Was this what happened in the latest Street and Ally committee meeting concerning CTEP money and also several council meetings when open meeting laws were not followed? Do the local elected officials understand that people will accept misinformation as the truth?

Psychological studies have revealed that people are more apt to believe false information. WHY: One reason is that it takes less brain power. Second reason is accepting the truth takes thought, effort and time people don't want to spend on an issue that might not be their immediate concern.

Misinformation that conveniently conforms to our preexisting political, religious or social viewpoints probably will be accepted without much thought.

Trying to correct or retract the misinformation often backfires because the one trying to correct the untruth is put on the defensive and becomes the target for attack. Misinformation or untruths are not just for politicians. Everyone has a tendency to share misinformation sometime in their life. Have you ever neglected to tell your spouse the complete story, how about children, ever called in sick at work and then enjoyed a day of play, told a friend you were busy and the list goes on?

Politicians can be a powerful source of deceitful, misleading, distorted information, inadvertently or on purpose. They understand very well that people are apt to believe false information.

It may not be possible to correct the damage caused by misleading/false information however; an informed public can fight false information and the benefits from doing so will have positive effects.

19) I had to subject the subject to a series of tests.

20) How can I intimate this to my most intimate friend?

Let's face it - English is a crazy language. There is no egg in eggplant, nor ham in hamburger; neither apple nor pine in pineapple. English muffins weren't invented in England or French fries in France. Sweetmeats are candies while sweetbreads, which aren't sweet, are meat. We take English for granted. But if we explore its paradoxes, we find that quicksand can work slowly, boxing rings are square and a guinea pig is neither from Guinea nor is it a pig.

And why is it that writers write but fingers don't fing, grocers don't groce and hammers don't ham? If the plural of tooth is teeth, why isn't the plural of booth, beeth? One goose, 2 geese. So one moose, 2 meese? One index, 2 indices? Doesn't it seem crazy that you can make amends but not one amend? If you have a bunch of odds and ends and get rid of all but one of them, what do you call it?

If teachers taught, why didn't preachers praught? If a vegetarian eats vegetables, what does a humanitarian eat? Sometimes I think all the English speakers should be committed to an asylum for the verbally insane. In what language do people recite at a play and play at a recital? Ship by truck and send cargo by ship? Have noses that run and feet that smell?

How can a slim chance and a fat chance be the same, while a wise man and a wise guy are opposites? You have to marvel at the unique lunacy of a language in which your house can burn up as it burns down, in which you fill in a form by filling it out and in which, an alarm goes off by going on.

English was invented by people, not computers, and it reflects the creativity of the human race, which, of course, is not a race at all. That is why, when the stars are out, they are visible, but when the lights are out, they are invisible.
