Hook A Kid on Golf

60 kids ages 7-14 participated in a new program called Hook A Kid on Golf. The program was a huge success. There were:

40 kids-Session 1 (June 16-June 30)

20 kids-Session 2 (July 6-July 21)

Each session consisted of 5 days of 3 hours per day. The last day the kids participated in a golf scramble. Volunteers from Community Youth Initiative Advisory Board (CYI) and Kiwanis went with small groups of kids while they participated in their scramble.

The kids learned a lot about golf, golf rules, golf etiquette, and the kids had a lot of fun. Many of the participants would not have the opportunity to start learning and to play golf had it not been for the Hook A Kid On Golf program. We have had so positive comments about the program from parents and community members.

We had great volunteer help from the following volunteers:

Kasey Briggs	Taylor Nelson	Casey Dusanek
Danny Gee	Katie Tacket	Parker Love

For the rest of the summer all participants in the program can hit range balls and golf with an adult at no charge at the Beaverhead Golf Course.

Councilwoman Westad files Affidavit: Recall Petition Carriers:

By: MJ

Mr. Graham, Ms. Fletcher and Ms. Davis were all carriers of the recall petitions. It may or may not be that the affidavit filed is trying to discredit these taxpaying citizens. These people offered the opportunity for the public to have a say in local government.

Affidavit: Ms. Westad filed an affidavit against Mr. Raymond Graham disputing his resident address. Mr. Graham ran for a councilman position. The city paid past City Attorney Mr. Gilbert to verify Graham's residence and it was found that Mr. Graham's residence did allow him to sit on the council. (An affidavit is a written statement of facts voluntarily made by an affiant under an oath or affirmation administered by a person authorized to do so by law). The facts stated in this affidavit are based on Westad's knowledge and information. The beat goes on -- the taxpayers are being asked to pay for another investigation?

The affidavit requested that the County Attorney and Clerk and Recorder take the appropriate action to verify Graham's resident and charge Graham with a misdemeanor as set by 13-35-103, also Edith Fletcher and Jude Davis are charged with misdemeanor under 13-35-105.

Recall Petitions: The recall petitions have been turned into the Beaverhead County Election Official (Debbie Scott) for review. The fate of the petitions will be determined by Ms. Scott's as she has 30 days to **approve or disapprove** the petitions.

Enough signatures were gathered to recall Councilman Troedsson, Spehar and Gore. There are many taxpayers in Dillon (verified by signatures on petitions) that are stepping up and taking an active role in how their local government is managing the city business. Hearing from the taxpayers is a good thing. **Problem is:** Humans take things personally and make assumptions that have nothing to do with issues at hand.

Editors Note: In the last report of City Happenings from Lynn Westad she stated:-- We did again have negative comments from the same negative individuals during public comment period. The following page is a copy of the Affidavit that Lynn filed with the court - speaking of negative comments - seems the saying goes (the kettle calling the pot black??) Or is only negative when you speak up at public meetings? The taxpayers have paid for this information before. **Brenda Womack**

Affidavit of Virginia L. Westad

STATE OF MONTANA)
)ss
 Beaverhead County)

Virginia L. Westad, being first duly sworn, deposes and says:
 That Affiant is 72 years of age has resided in Dillon, Montana since 2006 and affiant makes this affidavit based on her own knowledge and information, that:

Raymond Graham in Dec. 2005 registered 136 W. Bannack St. as his resident address on his voter registration. Since then he has uses this address as his place of residence. He lists 735 Hall Rd. as his mailing address. Mr. Graham used 136 W. Bannack St on his driver's license and on a recall petition against David Spehar, City Council member notarized on April 15, 2014 and filed with Deborah Scott, Beaverhead Clerk & Recorder on that date. I assume he voted in the last city election and will vote again in the upcoming election in November 2014 if his false registration is not challenged. After I obtained and copy of voter registration I attempted to locate 136 W. Bannack and found no structure exists with this address, no utilities provide service to any structure that has this address. Mr. Graham resides with the owner of Gracie's New & Used at 140 W. Bannack and there is no habitable structure on this parcel which he can claim to be 136 W. Bannack at which he may reside or intends to return to reside. Mr. Graham has lived outside the City Limits for years and has falsely claimed a residence in the City in order to vote in City Elections. He uses this address on written documents and verbally at City Council meetings, City committee meetings, City board meetings, and City Hearings and on the recently notarized and filed recall petition.

It is requested that the County Attorney and Clerk & Recorder take the appropriate action to verify this information and charge Mr. Graham with a misdemeanor as set by 13-35-103, also Edith Fletcher, and Jude Davis that have also filed recall petitions against three other City Council members and have knowing assisted Mr. Graham with this fraud and should be charged under 13-35-105.

Dated this 14 day of May, 2014 at Dillon, Montana

Saga (City) continues:

By: MJ

A statement has recently been sent to the city by Attorney Gilbert in the amount of \$7,000+/- . The statement was not itemized. Therefore it was unclear what the city would be paying for. *Because there is no contract defining what cases Mr. Gilbert will be paid for and the dollar rate of pay, Mayor Klakken has sent the statement back to Mr. Gilbert to be itemized.*

History: The council did agree to sign a contract with Mr. Gilbert to finish up four of the cases he was actively working when he was replaced as City Attorney. To draft the contract it was sent to the Judiciary Committee. The committee drafted a contract that was later presented to the council.

Problem: The contract that the Judiciary Committee drafted and sent to the full council was incomplete because it only included every other page. At the time of the council meeting the City Attorney had not been given a copy of the entire contract for review and could not advise the council. Mr. Dolan was given a copy at a later date.

I hear all the time people just need to get along. The coin has two sides and each side has a role in "getting along." Research has proven that humans are basically lazy and they find it easier to go along instead of doing research to find the reality. Is this why people seeking political positions are willing to spend large amounts of cash and distort the truth to get elected?

Montana Western basketball signs MCC guard

The University of Montana Western head men's basketball coach, Steve Keller, has announced that Harrison, Mont. native Ryan McCarty has signed and committed to be a Bulldog.

McCarty is a 6' 2" 170 pound guard who come to UMW via Miles Community College. He graduated from Harrison High School. He was named to the "Super-State" team and was a three time all-state and all-conference performer during his high school career.

"We are very excited to add Ryan McCarty to our men's basketball program. Ryan was one of the leading scorers in the state of Montana his senior year," said Coach Keller. "Ryan had a great year at Miles Community College under coach Chase Tait this past year. Ryan is a pure three-point shooter and is a 90% shooter from the free throw line. We look for Ryan to have two great years at Montana Western."

Off the court Ryan was a member of the National Honors Society and received the Presidential Academic award all four years during his high school career. He will major in education while attending Montana Western. He is the son of Brian and Terri McCarty.

The Art Scene Gallery

The Art Scene Gallery is featuring Kae Cheatham of Helena from August 1, 2014 through September 3, 2014. Here show titled "Eclectic Photo Art" will include Western, National Symbols, Abstract and local Art. A reception for the artist will be held on Sunday, August 10th from 1 to 3 pm. The Gallery is located at 35 S Idaho. St. Dillon, MT. Come enjoy the art and meet the artist. For more information Call 683-2860

GLOBAL WARMING

For most of the latter part of my life the one thing that has irritated me most has been the increasingly ridiculous unfounded prognostications about global warming that has come from the environmentalist lobby. These wild prognostications have always been based on bad science and a misinterpretation of available data.

As you all know, the main theory behind global warming is that carbon dioxide will absorb any applied energy and become increasingly warmer and thereby putting immense pressure on our environment. While it is true that carbon dioxide, as well as other so called "greenhouse gases" could become warmer than other gases, with the same amount of applied energy, due to their higher specific heats, there is absolutely no evidence that this increased heat would not dissipate, being re-radiated back into space.

The global warming prognostications have also been flawed by bad data collection concerning CO2 levels in the atmosphere. When the environmentalists decided to put up a measuring station they wanted to put it up in an isolated place, away from major, human caused, CO2 emissions, so the put it on one of the Hawaiian islands, next to a volcano, a major source of CO2.

The father of the global warming theory was a famous Swede, Svante Arrhenius, a very outstanding Swedish professor of chemistry and the first Chairman of the Nobel Committee who presented his theory of global warming about 100 years ago. He thought it would have a very positive effect on the earth, possibly making it possible to raise crops in the arctic regions of the world, such as Siberia and northern Canada. He did admit that the CO2 could possibly re-radiate its increased heat but he didn't believe it would re-radiate the heat back into space, which is nonsense and for which Arrhenius was severely criticized by his peers.

Unfortunately the environmentalists have made considerable headway with their theory in recent years and it has become increasingly common to hear people talk about global warming as if it were a proven fact. Some groups have also proposed various projects for the sequestration of

CO₂, to remove some of it from the atmosphere. One such project was actually built in Norway which would pump the CO₂ back into the ground to increase the pressure in natural gas fields. Another such sequestration project has recently been proposed in Wyoming.

The problem with the sequestration of CO₂ is that you wouldn't only remove CO₂ from the atmosphere, but also remove the oxygen contained in the CO₂. The natural conclusion of such an effort is that if you continued the process long enough you would remove all of the oxygen from the atmosphere with all the rather severe effects that would have.

Thankfully, I recently read an article on the internet from DPReview of June 26, 2013 where James Lovelock, who is now considered the grandfather of global warming, admitted that he had "overstated his case for global warming" and he now says "we don't know what the climate is doing".

Thank God!!!

Maybe now we can begin seriously to rebuild our industry and, maybe even open new mines, build new smelters and create badly needed new jobs, without being accused of destroying the environment.

Johannes Soyland, Ph.D.

KEYS FOUND

A set of three (3) matching small brass keys was turned into the City of Dillon (7/30/14). The citizen who found the keys located them outside of the entrance to the Dillon City Court. They keys look to be for either filing cabinet(s) of some sort or possibly a safety deposit box. They may be identified and claimed at the Dillon City Court. Their telephone is 683-6690.
