Madison Fire shows slight increase in size

Butte, Mont., Aug. 20, 2014 —The lightning caused Madison Fire detected Sunday afternoon Aug. 10, continues to burn and is now three acres in size. "It's not a continuous three acres in size, but rather a series of spot smokes burning in clumps of downed fuels and needle accumulations," said Butte/Jefferson District Ranger Dave Sabo. "We will continue to monitor the fire daily to evaluate our current course of action."

Due to its remote location, steep slopes, rocky terrain, continuous dead fuels and lack of safety areas for firefighters, fire officials will continue to monitor the fire through the use of overflights, as well as employees patrolling the area from the ground. The fire can be seen periodically from Delmoe Lake.

The Dillon Dispatch Center is coordinating management of this fire with firefighters. Additional information or questions can be directed to the Forest Service in Butte at (406) 494-0250 or Whitehall (406) 287-3223, or go online to www.inciweb.nwcc.gov.

Please note the attached fire photo taken August 19, 2014 displays the fires spotty nature.

Access Council Seeks Comment on Proposals

The Private Land/Public Wildlife Council is seeking comment through Sept.12 on draft recommendations regarding access to public and private land and on improving relationships among those who enjoy, participate and make hunting possible in Montana.

Council members worked over the past eight months to develop draft recommendations to help achieve a number of goals, including: (1) maximizing access to public lands; (2) improving communications and relationships among outfitters, landowners, hunters, and Montana Fish, Wildlife, & Parks; (3) increasing public access to private property and outfitted lands; (4) improving hunter compliance with laws; and (5) recognizing good behavior.

Recommendations focus on developing better information about which public lands have legal public access; landowner elk-permit incentives to allow public elk hunting; revisions to a nonresident hunting license for nonresident family members; and ways to promote responsible hunter behavior, good hunter and landowner relationships, and the Montana Hunter-Landowner Stewardship

**Scott Brown for
Beaverhead County Commissioner**

My name is Scott Brown and I am running as an independent for Beaverhead County Commissioner in the up coming November election. I am 60 years old and born in Dillon Montana. I have lived in Dillon almost my entire life and I am very proud and protective of my state, my city and my county. I have two sons Bert and Steven who continue to make me proud.

I have washed dishes, mowed yards, hammered nails and worked hard to provide for my family. I have served as a Dillon police reserve officer, and on my own time tracked down the two robbers of the Metlen Bar who were living in Bozeman. I was a student senator at WMC where I helped get funding for the daycare center, which was also my work-study. I had a class 1-A water license when I worked for the City Of Dillon and later was elected city councilman in my ward. I was a 50% partner in C&D Electric and for the past 18 years I have owned BLS Electric with my sons. I have a master electrical license and an unlimited contractors license. Through patience and living within my means I am debt free.

I am running for county commissioner because this is my home and I want everyone in my home to be treated fairly, with respect and with good government. I believe government improves when a fresh set of eyes reviews its operation. Small details can make big differences and I love digging for the details. I am interested in where my tax dollars go because money is hard to come by. I know the value of a dollar and would make sure every penny of our tax burden is warranted.

I'm not interested in being a self-serving politician, an unreasonable know-it-all or a person looking for prestige. I am a common man with common sense. I am not into playing favorites and would treat every responsible request or concept on its merits not on its political party bearings or any personal misgivings. Protecting and providing a good work environment for the county employees is paramount to good government and we have some stellar employees. Cost effective solutions, good service to the public, business friendly attitudes and positive leadership will continue to keep Beaverhead County a place to be admired.

PARKING ON CITY STREETS

After a couple email communications with the Police Chief about parking on Atlantic Street over the last ten days and this morning seeing the vehicles still parked there, I can assume that there is no law against storing vehicles for repair or sale on city streets.

Therefore, I think it needs to be brought to the attention of the businesses of Dillon that if there lots, building or warehouses are full and you need room; use the city streets! Spanky's Garage has at least a half dozen cars stored on the streets with no consequences. Or is it do as I say, not as I do?
