Bannack Living History

The third annual Living History event at Bannack State Park will be held on September 18, 19, 20 and 21. Bannack State Park would like to give teachers and educators notice of a field trip opportunity coming this coming fall. The activities will run from 10am until 5pm Thursday through Saturday and 10 to 2 Sunday. Relive the excitement of the Gold Rush era in Montana. This four day event will depict the first 20 years of Bannack's history. Demonstrations are historically researched, and accurately portrayed under the direction of Living History experts Mark and Sharon Brown. Bannack's Living History Program uses exhibits and artifacts to help you experience what it was like to live where the Montana Gold Rush began. See an 1862 placer mining camp, blacksmith, carpenter, general store, school house, saloon, boarding house, butcher shop, Sunday service in the old church and more historically accurate depictions of life in the early years of Bannack. Discover what the old west was really like. Thursday and Friday September 18 and 19 are excellent days to schedule a school trip. Reservations are required for schools so please call to arrange a time for your school to participate. This event is free to Montana residents. Out of state vehicles pay a $5.00 park entrance fee. For more information and to schedule a school visit please call the park at 406-834-3413.

Government of the people, by the people, for the people?

By: MJ

In light of Ms. Deborah Scott not filing the recall petitions are we watching all local government entities changing the rules as they go along. That type of government might be referred to as cronyism or "legal cheating."

This is what is so frustrating for the people on the outside looking in. The officials change the rules so what people think is cheating and breaking the laws turns out to be legal due to policy changes.

The recall petitions had more signatures then were required by law (300+/-). The signatures were certified and authenticated by Beaverhead County Election Official to be correct. **Question**: what rules have changed that allows the Election Official to not file the petitions?

President Lincoln's Gettysburg Address, speaking of the Civil War (1861-1865) stated: "It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—*and that government of the people, by the people, for the people, shall not perish from the earth.*

Letter to the Editor

To Beaverhead County Residents:

I am writing this letter in support of Beaverhead County Sheriff Jay Hansen, who is running for re election this November.

I first met Sheriff Jay Hansen several years ago when we both served as executive board members of the Montana Violent Crime Investigator's Association {MVCIA). As part of our duties, we were responsible for planning and developing an annual MVCIA conference, where we provided specialized training to law enforcement officers on topics related to Homicide Investigation, Crimes Against Children, Crime Scene Investigation, etc.

I have always been impressed with Sheriff Jay Hansen's high level of honesty, integrity and his commitment to public service. Sheriff Jay Hansen is a team player and his willingness to work together was a key to the success of MVCIA.

Sheriff Jay Hansen is a true professional in law enforcement and he cares deeply for the communities of Beaverhead County. Folks, you truly have a great Sheriff in Sheriff Jay Hansen and it is my pleasure to write this letter and recommend him for re-election.

Please re-elect Sheriff Jay Hansen in the upcoming general election.

T.J. McDermott, Missoula County Sheriff- Elect

Letter to the Editor

GLOBAL WARMING

Let's assume for a second that global warming is a reality. It's not, but please just bear with me.

A big forest fire creates more energy and releases more heat and carbon dioxide than millions of cars. Yet, in this country, very little is done to prevent forest fires from starting, like removing the undergrowth from our forests.

In Germany and Poland you can run through their forests, even with your arms spread wide open, without ever touching a branch. Where, here in America, can you do that? In Europe they use this as a way of creating jobs for the unemployed.

But then, no one here is really serious about stopping global warming, it's just used as an excused for destroying the middle class.

DILLON VOLLEYBALL

The Dillon Beavers traveled to Butte Central last week for volleyball. The Beavers got off to a good start but the Maroons then went on a run getting 7 of 8 points and they took control of the first set going on a 21-8 run and walking over the Beavers 25-14. The second set bounced from one side to the other without either dominating. The Beavers had the game tied at 23 but lost out in the end 25-23. The third set showed a different Beaver team that went on a run of 15-2 to take the victory 25-17. The Maroons came on strong in the four set to close out the night with the win on their home court.25-20.

VOLLEYBALL AT HOME SATURDAY

The Dillon Beavers went up against Hamilton Saturday at home and won behind the strong play of Cierra Lamey with 11 kills, 18 digs and a pair of blocks and Holly Anderson had a good game also with 12 digs and 27 assists. The Beavers won after 4 sets.

CROSS COUNTRY

The high school cross country teams need more than five runners to form a team to get team scores for their school. The Beaver's girls were the only school to have a girls' team score because the Beavers were the only team with more than five runners. The boys teams only had three to have those qualifications also. They were Broadview who won with 41 points, Dillon game in second with 64, and Butte Central finished with 75.

SEPTEMBER IS NATIONAL RECOVERY MONTH

September is a national observance to raise awareness that services to aid addictions are available throughout our state as well as our country. Anyone suffering from an addiction is encouraged to seek help and discover a more rewarding life for themselves and their loved ones.

Thousands of people in Montana have made the healthy choice to reach out and begin to develop a life that does not include substances, a life they have learned to cherish and embrace.

It is said that each person affects at least four other people in their day to day lives and activities. With thousands of people currently in recovery in Montana, the numbers of people in our state whose lives have improved immensely are breathtaking and the potential is even greater.

SOUTHWEST CHEMICAL DEPENDENCY PROGRAM WANTS TO SAY WAY TO GO!!!

Hunters Must Expect to See Bears!

With Montana's upland game bird season and the bow hunting season underway, remember that slow moving, quiet and camouflaged hunters will soon be sharing the landscape with the state's even stealthier bears that may be stalking similar prey.

It may not be an encounter one hopes for, but all hunters must be aware there is that potential.

Grizzly bears are found throughout western Montana, not just the Rocky Mountain Front, Bob Marshall Wilderness complex and the Yellowstone ecosystem. Black bears also range widely across the state.
