## A Beautiful Day to Beautify Dillon

Members of the Dillon Tree Board and Beaverhead County employees plan to continue their goal to enhance and beautify the entrances to Dillon with the installation of boulevard pavers at the county courthouse on Monday, October 13th.

The project is a continuation of beautification efforts along Atlantic Street, where over 20 new trees have been planted. All the trees have been professionally pruned, and several boulevards in front of businesses and residences have received decorative pavers through volunteer efforts.

Volunteers are needed! Bring a pair of gloves; jump in and help lay pavers at the Beaverhead County Courthouse, 2 South Pacific Street, at 9:00 a.m. on Monday, October 13th.

The mission of the Dillon Tree Board is to preserve, enhance, and expand our community forest through educating the public and promoting community involvement and individual dedication.

For additional information, call 406-683-6805 or visit the Dillon Tree Board website at www.dillontrees.org.

## Letter to the Editor

Bullying in America

LaVon D. Brillhart

There has been much discussion about "bullying in Schools". Bully!!! Lets look at this Nation! We started out as a bully and have been a bully Nation since we took it away from the Native Americans.

The military is based on a bully system. Get out of high school and get away from the bullies and join the military and be a part of a bigger bully system.

Look at the news every night. The Republicans bully the Democrats. The Democrats bully the Republicans. Neither group has any respect for themselves or anyone else.

Watch the so called comedy programs on television. They are based on a bully system. We are supposed to laugh when the weak get bullied. "Oh, isn't that funny that they made that person cry."!!!

Many of the cartoons children watch are violent and the characters bully each other But for many, cartoons have become a baby sitter.

Look at many of the sports. The bully system is used to promote winning and make you a stronger person.

Is this country a bully country? Over the years this country has bullied dozens of governments around the world. This country has been accused of overthrowing governments around the world.

But we must not allow our children to be bullied. We must not accept that our child is a bully. If your child is being bullied why? If your child is a bully why?

All 50 states have a zero tolerance policy against bullying and other forms of violence. But as parents and educators we must make sure it is working.

According to the National Association of School Psychologists 160,000 children in the U.S. miss school every day for fear of being bullied. This is reprehensible and cannot be accepted and should not be accepted in any community in the United States. We must as humans take a stance. There are no innocent bystanders, parents, grandparents, siblings. neighbors, educators, teachers, police, communities. We must take a stance!!

Reading, writing, all subjects are important but maybe more important is how to interact peacefully and effectively with each other in school and the world.

Verbal bullying, name calling taunting, belittling, cruel criticism, personal defamation, racists slurs, sexually abusive remarks cannot be tolerated and should not be tolerated.

Can we break this mold of bullies? Is there a mold to break? What does a bully look like? Some are male, some are female. Some are big, some are small. Some are popular, some are not popular. The list goes on and on. But the main question, why is a bully a bully? Does every school need to set up a program to control and preventing bullying behavior? Should all school personal be required to take "bullying training", how to prevent, how to help eliminate, how to have a climate favorable for all? You already know that answer.

Are there warning signs of possible juvenile bullies? Does alcohol, drugs, fascination with weapons, fascination with killing of animals indicating a warning? juveniles who are angry, depressed, lack of self discipline trigger the bully action? Is the bully one who have been bullied by his peers, older siblings, by his parents?

For all of us it is important to have a strong sense of being. Having a close friend who understands you. A friend who is there for you in thick and thin. A friend who you can laugh with, cry with. A friend who is truly a friend.

It's not easy being a parent. It's not easy being a juvenile, a teenager. Let's face the facts it's not always easy being a human being. But we are!! Life should be fun. Then why are we so mean to each other? Why do so many make life so stressful? Can we as parents, teachers, educators, eliminate the bullying process? Probably not entirely. But we must do more than try!! We should not allow our children to be bullies. We should not allow our children to be a bully. Remember the school is not the only one responsible. We all are as parents, as educators, as teachers. We all are as communities. We all have to take part. We are all responsible!!

## Letter to the Editor

To: Voters in Beaverhead County

I am writing in support of Frank Kluesner for Beaverhead County Sheriff in the November elections.

I taught Frank in elementary and followed him throughout high school. Later Frank joined the Lima Fire Department /Ambulance and earned his EMT. He took on the job of training captain for the Department. Frank excelled in each position of responsibility because he wanted to be of service to his community.

What qualifies Frank to be the sheriff of Beaverhead County? He has proven to me that all the citizens in Beaverhead County are of equal importance. For 23 years he has provided law enforcement for the areas of Beaverhead County and has done the job with the professionalism that citizen's should expect. Each community, valley, and most importantly, each citizen should receive equal protection from the Sheriff's Office. He will work to stay in touch will the citizens of Beaverhead County.

A peace officer needs the ability to listen to concerns from citizens and come to a resolution to the problem. Listening to a citizen's concerns is the first step in solving or controlling a situation or making the hard decision to end the situation. Frank has been successful on a daily basis resolving problems.

I believe Beaverhead County needs a sheriff who is proactive rather than reactive which will lessen the impact to situations ranging from drinking problems with our youth to hard core drug problems. We need a sheriff who uses a methodical and precise decision making process. I feel Frank Kluesner is a leader who will make sound financial decisions, has good rapport with other officers and the citizens of Beaverhead County. Please vote for Frank Kluesner for Beaverhead County Sheriff on November 4th.

Sincerely,

Bob Estill

## EUTHANIZED GRIZZLY HAD HISTORY OF CONFLICTS

An adult grizzly bear was euthanized Tuesday at Montana Fish, Wildlife & Parks' state laboratory in Bozeman in response to its history of conflict and poor physical condition. The bear, a 28-year-old male, had been captured in the Jardine area of southern Park County Monday after attempting to break into a building that housed tack and horse grain.

The bear was identified by tattoos and a micro-chip as one that had a capture record dating back to 1988 when it was first captured along with its mother In Idaho. In 1989, the bear was captured again in Idaho after documented livestock conflicts. However, after spending most of its life since in Yellowstone National Park, the bear (known to researchers as Bear #155) was not involved in any other management conflict actions until the incident this week.

In this most recent incident, the bear was trying to get to horse grain that was stored in a bear-resistant container inside a storage building. The site was investigated and a culvert trap was set late Monday afternoon.

Given the property damage conflict, the bear's old age, and its physical condition, it was decided by FWP and the U.S. Fish and Wildlife Service to remove the bear from the population.

According to FWP bear specialist Kevin Frey, most grizzlies surviving to old age die from natural causes. However he adds, "Occasionally these bears can end up in conflict situations near people while attempting to obtain easier food sources."

Frey confirms this is the second management removal in southern Montana this year. A male bear was removed in early May due to livestock depredations north of Gardiner.
