out on Highway 41 where other officers from the Dillon Police Department assisted in the pursuit. At milepost 4 on Highway 41, the pursuit again made a change in direction back through Dillon and ultimately ending at the Southside Trailer Park where the SUV crashed. The driver exited the SUV and fled the area on foot.

Beaverhead County Deputies, Dillon Police Officers, BLM Ranger, and a Fish and Game Warden all involved themselves in the search for the lone occupant of the SUV, throughout the fairgrounds and the south side of Dillon. Shortly afterwards, Beaverhead County 911 Center received a report of a suspicious Jeep Cherokee parked on Beaverhead Lane, north of Dillon. Deputies and Officers responded to the location and found the Cherokee abandoned. A call to the registered owner confirmed that the Cherokee had been stolen. Within minutes of locating the Cherokee, Beaverhead County 911 Center received another report of a stolen Pontiac G6 from an apartment complex adjacent to Beaverhead Lane.

Again Law Enforcement Officers searched thoroughly the entire north area of Dillon. Unfortunately we were unable to locate either the stolen Pontiac or its suspect driver. Information concerning the SUV indicated the vehicle was stolen from the state of Illinois and once this information was obtained we were able to identify a suspect in the two local thefts. Sheriff's Office staff utilized the Criminal Justice Information Network (CJIN) data base to inform and alert all law enforcement agencies, nationwide, identifying the suspect and the stolen vehicle.

I am happy to announce that on October 11, 2014, the suspect, Matthew T. Ton of Roscoe Illinois was apprehended in Long Beach, California. Ton led the police in Long Beach in another dangerous pursuit resulting in similar charges recorded in Montana and Illinois. Ton will eventually be transported to Beaverhead County once he has completed his obligations with California and Illinois.

Letter to the Editor

Whatever happened to the recall petition for three members of the city council? Let me give a definition of a parliamentary trick known as the "pocket veto."

"The method whereby the President of the United States can veto a bill passed by congress and presented to him within ten days of its adjournment by failing to sign and return the bill by the time of adjournment." What is the relevance of this?

The recall petition was forwarded to the county clerk for verification of the signatures. The county clerk verified the signatures, but went one step beyond what she was charged with and consulted the county attorney as to the legal justification of the petition itself. He advised her to reject the petition on the basis that there was no legal foundation for the recall. This she did. The petitioners then appealed for a writ of mandamus from Judge Tucker, the 51 judicial district judge, asking that the petition be forwarded to the ballot on Nov. 4 to let the voters decide whether to recall the three named council persons.

Judge Tucker issued the requested writ of mandamus requiring the county clerk to place the issue on the ballot. The county clerk, once again appealed to the county attorney who responded with a lengthy refutation of the reasons given for the recall petition. The refutation was forwarded to Judge Tucker for his decision. There the matter has apparently died for the moment. The ballots for the upcoming election have apparently already been printed and no recall petition has been forwarded because Judge Tucker has not yet returned his decision. This is the equivalent of a pocket veto.

It also thwarts the will of the voters.

Why the county clerk ignored the judge's writ of mandamus and sought legal reasons from the county attorney for repudiating the writ is beyond my comprehension. And why the County Attorney repeatedly intruded into a City matter when the city has its own attorney is likewise incomprehensible. Is there a political machine such as Boss Tweed's in New York City or Mayor Daley's in Chicago at work in Dillon, Montana, or Beaverhead County?

WADING POOL / SPLASH PAD RUMORS

I have received several phone calls about the City of Dillon may be installing a wading pool next summer. This is not true! A group of civic minded individuals is researching the possibility of installing a "Splash Pad" for the youth to enjoy during the summer. This group of volunteers is looking into grant opportunities and other beneficial funding strategies that could help us attain our goal. We are also looking at several sites that may meet the criteria for the project. No specific site has been selected at this time. This volunteer group is in the preliminary scoping stage at this point and will work throughout the winter months to pull all the pieces together.

A splash pad consists of a free draining concrete, composite base with various water features that spray, pump pressure assisted, water on the willing participants. There is no standing water to create a drowning hazard like a wading pool. Many towns in Montana have installed these recreation facilities such as, Belgrade, Great Falls, Helena, Billings, Miles City and Glendive.

We invite you to: attend the meetings, which will be properly noticed, and be a positive addition to the process.

Please join the effort to move this idea forward for the youth of our area!!!

Yellowstone Ecosystem Subcommittee Invites Public to attend Fall Meeting

The Yellowstone Ecosystem Subcommittee (YES) of the Interagency Grizzly Bear Committee (IGBC) will hold its fall meeting in Bozeman, Montana on October 29, and invites the public to attend. Often the YES Meetings are spread over two days, but this year the meeting has consolidated to one day.

The meeting will start at 1:00 PM and will be held at the Hilton Garden Inn of Bozeman. The hotel is located at 2023 Commerce Way. The public is welcome to attend all sessions and time for public comments will be included before the meeting is scheduled to end at 5:00 PM. The meeting will be conducted by Vice-Chair Mary Erickson, Forest Supervisor of the Custer/Gallatin National Forest, due to work conflicts for the Chair Brian Nesvik, Wildlife Division Chief for the Wyoming Game and Fish Department.

The Yellowstone ecosystem grizzly bear recovery area includes all of Yellowstone & Grand Teton National Parks, as well as portions of northwest Wyoming, eastern Idaho, and southwest Montana. Other federal lands include the Beaverhead-Deerlodge National Forests (NF), The Bridger-Teton NF, Caribou-Targhee NF, and the Custer, Gallatin and Shoshone National Forests. Federally-managed lands make up 97.9 percent of the recovery area's 9,209 square miles.

A multiagency organization charged with recovery of the grizzly in the Yellowstone ecosystem, YES is part of the IGBC, which is responsible for grizzly bear recovery in the contiguous United States and adjoining Canadian Provinces.

A copy of the meeting agenda is posted at the YES portion of the Interagency Grizzly Bear Committee website at www.igbconline.org. Minutes from past IGBC Meetings and all the recovery subcommittees can also be found there as well.

The IGBC annual winter meeting has been scheduled for December 9 - 10 at the Holiday Inn Downtown Missoula, Missoula, Montana. The spring YES Meeting will be held in Cody, Wyoming. Dates & specific location have not been set for that meeting yet.
