Dillon Elementary Superintendent Receives Statewide Recognition

The Montana School Boards Association (MTSBA) recognized Dillon Elementary School District Superintendent, Glen Johnson, with the prestigious MTSBA School and Community Service Award at the Montana Conference of Education Leadership (MCEL) held last week in Billings. "Nominees for the School and Community Service Award are made from the local district and community," said Sabrina Steketee, MTSBA President from Jefferson High School District (Boulder), who announced Johnson's award.

"The Directors of the Montana School Boards Association respect administrative leadership and understand the crucial role administrative leadership plays in pursuing the best outcome for the children in our public schools," Steketee said. "We also understand that the best administrative leadership extends beyond the walls of the school and into the community – that is why we use the School and Community Service Award to recognize an individual who has been nominated not only by those with whom he works in the school district, but by individuals from the community as well," Steketee said.

"Glen Johnson really stood out as we reviewed the impressive comments submitted in support of his nomination," Steketee said. Here are a few of the comments on Glen Johnson from the school and community members who nominated him:

- Several people mentioned how important it is to Glen Johnson to meet and greet each student as they come in the door every day. "He not only greets students on a regular basis, but gets to know them and their families. He stays visible to students and staff throughout the day."

- "Glen Johnson demonstrates genuine concern for school employees extending far beyond their roles as professionals. He is a people first school leader."

- "Glen Johnson invests time and energy in current and future teachers and administrators – a great mentor to many"

- "In a short period of time Glen (Johnson) made the first significant school construction project happen in over 40 years. His tireless efforts united the district and community around an effort to address facilities, safety, practicality and efficiency. OUTSTANDING leadership!"

- "A good listener with a sense of humor and compassion for people. He exhibits traits of confidence, honesty, respect for others, and a positive attitude."

"The Dillon Elementary School District should be very proud of having someone as dedicated as Glen Johnson to advocate not only for their students, but for the entire community," Steketee said.

Bulldog basketball will host Finny Tournament Oct. 25-26

The University of Montana Western will be the site for the Craig Finberg Memorial Basketball Tournament held by the UMW men's and women's basketball teams this weekend.

The Montana Western men's and women's basketball teams will be hosting the Finny Tournament this weekend Oct. 25 and Oct. 26. The Bulldogs welcome Walla Walla University, former Frontier Conference member Dickinson State, and conference foe Rocky Mountain College.

The Bulldog men will be making their 2014-15 season debut. They look to get back to the NAIA National Tournament after missing out last year following four straight trips to Kansas City, Mo. UMW's top returner is a Three Forks, Mont., native Jordan Overstreet. He is a senior guard who has played in 80 career games and was picked as a pre-season all-conference player. He averaged better than 12 points a game last season and is a career 45 percent shooter from the field and has hit nearly 40 percent of his three point attempts. Other key returners include Zach Smith and Connor Woodill. The Bulldogs welcome five newcomers to the team. The newest Bulldogs are Iba Keita, Stephen McCall, Quinn Smith, Dexter Williams Jr., and Ryan McCarty. Stephen McCall is a senior guard from Las Vegas and will be looked to lead the team at the point and Quinn Smith is a 6' 10" junior center from Florence, Mont.

Rocky Mountain is the most familiar team in tournament to the Bulldogs and they were recently picked

to finish second in the Frontier Conference by the coaches. The Bears finished first in the conference last season. Their top returning player is pre-season conference player of the year Tyree Anderson. He averaged 18 points a game last season and shot 50 percent from the field and scored 20 or more points 11 times.

The UMW women's basketball team opened their season this past weekend versus Lethbridge University. The Bulldogs split the two games. Friday night's victory was a nail biter that came down to the final three seconds when UMW newcomer Kaye Bignell hit a layup to give Montana Western the lead and win. UMW received big games from another newcomer Sierra Higheagle. The freshman guard scored 19 points in the opener and 13 the following afternoon. The Bulldogs are looking for big seasons from senior guard Jenna Banks and junior forward McCall Hasquet. Senior forward Kaci Matthies will be looked to score inside the paint while Hasquet, Higheagle, and Melody McCloud will look to score from perimeter.

The games will begin at 3 pm on Saturday with Rocky Mountain taking on Dickinson State. The Bulldog women's team will tip off at 7 pm and the men will follow at 9 pm. The Montana Western teams will play at 3 pm and 5 pm on Sunday. All tournament games will be played in Straugh Gymnasium on UMW's campus.

Entrepreneurship - Private Enterprise

By: MJ

Entrepreneurship, self-employment endeavours and new businesses are at record lows according to Small Business and Entrepreneurship (SBE) Council. The decline has long term consequences. Ray Keating, the Chief Economist for the SBE Council is worried and stated: "that if we continue to see decline or stagnation when it comes to entrepreneurship, we will continue to see an under-performing economy for years, if not decades, to come".

According to research provided by the House Small Business Subcommittee, "The rate of new business creation has dropped by nearly 50 percent from 1978. In 1978, there were 12 new businesses created for each existing business while in 2011 this dropped to 6.2 new firms. Under the Obama Administration, entrepreneurial job creation has declined by one-third to 7.8 percent.

SBE Council declared its support of some of the suggestions for jumpstarting new business formation which came from the Subcommittee hearing. Keating said that there needs to be bold reform with respect to regulation and the nation's tax code.

"In addition, regulators need to find ways to modernize rules - not create new barriers and red tape - to support entrepreneurs, including access to capital." This goes for Federal state and local governments.

Question: Do the elected officials need to use actual facts, do away with emotions, know the existing laws -- follow existing laws when they are creating new barriers and red tape that may or may not support the majority?

Barrett Hospital & HealthCare Celebrates Healthcare Quality Week

Immunization Action Coalition Birth Dose Honor Roll

BHH achieved the highest reported rate in Montana for hepatitis B immunizations in newborns. The standard of excellence is to vaccinate newborns against hepatitis B before they leave the hospital, and Barrett was recognized as the leader in the state in this effort.

Immunization Action Coalition

Zero Inpatient Surgical Site Infections 2010-2014

Of all the inpatient surgeries performed at Barrett Hospital & HealthCare between 2010-2014, no patients developed a surgical site infection when they were in the hospital and none were readmitted to the hospital for surgical site infections.

2014 Quality Achievement Award

**Quality Improvement
Organizations**

Sharing Knowledge. Improving Health Care.
CENTERS FOR MEDICARE & MEDICAID SERVICES

The Quality Improvement Organization for Montana awards hospitals for their commitment to quality. Their highest award is the Quality Achievement Award, reserved only for hospitals with a culture of quality, a focus on patient-centered care, and dedication to improvement.

Montana Rural Healthcare Performance Improvement Network's Quality Improvement Award for Reduction of Preventable Falls

Montana Rural Healthcare
Performance Improvement Network

Performance Improvement Network member hospitals benchmark their performance with their peers on a variety of financial, utilization and direct patient care measures that encourage safe, effective, patient-centered care delivery in even the most remote communities of the state.

Establishment of a Patient Advisory Council

Across the country, hospitals are engaging in formal committees primarily composed of patients and family members. BHH has led the Montana pack in this effort, and has teamed with patients to make improvements large and small.

Eliminating Harm From Adverse Drug Events

The American Hospital Association's Hospital Engagement Network is encouraging hospitals to reduce preventable harm events by 40%. BHH has gone above and beyond, sustaining a zero rate of inpatient harm from blood thinners and insulin throughout the previous year.

BARRETT

Barrett Hospital & HealthCare Celebrates Healthcare Quality Week

Barrett Hospital & HealthCare is celebrating some of their major quality and patient safety achievements over the past year – your local hospital working to keep quality healthcare close to home.

2014 NATIONAL
HEALTHCARE
QUALITY WEEK

Top 100 Hospital in 2014

For the third time in 4 years, Barrett Hospital was named a Top 100 Hospital. The Hospital Strength Index classifies all hospitals in the nation according to a combined score of quality, outcomes, patient satisfaction, affordability, and efficiency. The top 100 critical access hospitals represent approximately the top 7% of small rural hospitals in the nation.

Birth Registration Gold Star for Excellence

This award was earned by Barrett Hospital for registering more than 90% of births within 10 days, which is above the state average performance for the quarter.

Cardiac Rehab Program Earns Highest Rating in Montana & Wyoming

The Cardiac Rehab program at Barrett Hospital was recently honored by the Montana Association of Cardiovascular

& Pulmonary Rehabilitation for achieving the highest rating of all small hospitals from Montana and Wyoming participating in the project. Barrett's Cardiac Rehab program exceeded the average in 9 of 13 quality indicators.

50% Reduction of Inpatient Readmissions

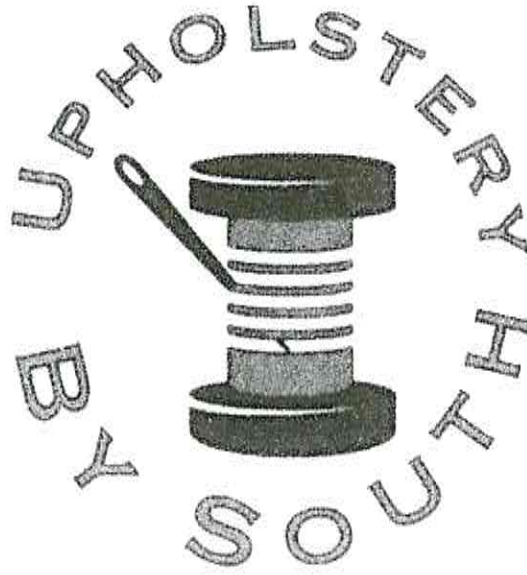

Reduction of preventable readmissions is a major national focus, with the more ambitious goals typically at 40%. We achieved a 50% reduction. As healthcare reform transforms the healthcare payment system, reduction of readmissions has become a key metric for progress in improved quality and we are leading the way for rural hospitals.

Yellowstone Insurance Exchange Risk Management Silver Award for Quality

The award was presented to the hospital for "an extraordinary commitment to quality care and patient safety."
