EMERGENCY PREPAREDNESS FOR EBOLA

The public has been bombarded with an overwhelming amount of information, misinformation and hyped media coverage regarding Ebola. Fear of contagion vs actual spread of the virus is what we are fighting here in the US.

Facts of the disease:

Ebola is a severe, often fatal viral disease in humans and nonhuman primates (such as monkeys, gorillas, and chimpanzees). There are five identified Ebolavirus species, four of which have caused disease in humans. Ebola is found in several African countries with the first Ebola discovered in 1976 near the Ebola River in what is now the Democratic Republic of the Congo. Since then, outbreaks have appeared sporadically in Africa and have been contained because of the remoteness of the villages and a less mobile population. The natural reservoir host of Ebola remains unknown. However, on the basis of available evidence and the nature of similar viruses, researchers believe that the virus is animal-borne with bats being the most likely reservoir. Researchers believe that the first patient becomes infected through contact with an infected animal and is spread person to person through direct contact with the blood or body fluids (urine, saliva, sweat, feces, vomit, breast milk, and semen) of a person who is sick with Ebola or contact with objects like needles and syringes that have been contaminated with the blood or body fluids of an infected person or with infected animals.

The virus in the blood and body fluids can enter another person's body through broken skin or unprotected mucous membranes such as the eyes, nose, or mouth. During outbreaks of Ebola in Africa, the disease can spread quickly within healthcare settings, such as clinics or hospitals. Exposure to Ebola can occur in healthcare settings where hospital staff is not wearing appropriate protective clothing including masks, gowns, gloves, and eye protection.

An important fact is that Ebola is not contagious until symptoms appear, which may occur anywhere from 2 to 21 days after exposure but the average is 8-10 days. These symptoms begin with a fever of 100.4 F or higher. As long as there is no contact with blood and body fluids, there is no chance of infecting anyone. Other symptoms which occur include severe headache, muscle pain, vomiting, diarrhea, stomach pain, unexplained bleeding or bruising. Unlike in Western Africa where the fatality rate is at least 50%, the U.S. has all the tools to fight Ebola that the impoverished nations lack, such as trained doctors and nurses, systems for coordinated and quick national response, sufficient hospital beds and isolation units, and a robust public health system.

What makes this outbreak different?

BCHS Choir Concert

The Beaverhead County High School Music Department would like to invite the public to the first concert of the year Tuesday, November 4, at 7:30 p.m. in the high school auditorium. All choral groups and the Jazz Band will be featured in the evening of music from diverse cultures and styles.

The Mixed Ensemble will open the program as it traditionally does at the first concert of the year with the singing of the Star-Spangled Banner. The Treble Chorus will follow with a Sephardic Folk Song, "Durme, Durme". The lively "Dodi Li" will follow. "Funiculi, Funicula" and the American Cowboy Song, "Red River Valley", will be performed by the Men's Chorus. Three songs have been prepared by the Teen Tones; "Autumn Song" (a 20th century piece), "Fa Una Canzona" (16th century) and "Can't Help Lovin' that Man" from Show Boat (1927). Concluding the Choral section will be "If I Can't Love Her" from the Broadway Musical Beauty and the Beast by the Mixed Ensemble. Students participating in the All State Choir will have short solos, and Mrs. Charlene Loge will be the accompanist for the choirs.

The final segment will be presented by the Jazz Band beginning with a Duke Ellington Chart, "Satin Doll". The Latin piece "Estero Sunset" by Yasinitsky, "Mercy, Mercy, Mercy" and "Seasons of Love" from Rent will conclude the concert.

Five Beaverhead County High School Musicians performed in the 2014 All State Gala Concert October 15 at the Music Educators' Conference in Missoula. Choral students were Kayla Bojkovsky, Rebekka English, Reilly English and Kelton Lochridge. Justin Anderson was an alternate.

Bulldogs return home for final time in 2014

The Montana Western football team will come home and play at Vigilante Field for the final time in 2014 when they host Frontier Conference opponent College of Idaho at 12 pm on Saturday Nov. 1.

UMW returns home for the last time in the 2014 season on Oct. 1 at 12 pm when they host College of Idaho. The Bulldogs have two games remaining on their 2014 regular season schedule. They are currently 4-5 overall and 4-4 in conference play.

Montana Western came up on the short end in the first game versus C of I. The final score was 28-31 in favor of the Yotes' on Sept. 13 in Caldwell, Idaho. UMW is entering the game winning their last two games in exciting and to outsiders stunning fashion. They have taken on and beaten two ranked teams in the past two weeks. On Oct. 18 they faced then-No. 15 Eastern Oregon at Vigilante Field and won 32-28. Last weekend the Bulldogs took on then-No. 13 Rocky Mountain in Billings. The Bulldog win almost certainly dashes any hope of Rocky's playoff aspirations in addition to raining on the Bears' homecoming celebration.

"It was a great team win offense, defense, and special teams," said head coach B.J. Robertson following the win. "I'm very proud of how this team went on the road against a ranked opponent and lead from start to finish."

The Bulldogs welcome C of I to Dillon for the first time on the gridiron in nearly four decades. The Yotes' have begun competing in varsity football for the first time in 37 years. In 1977 they competed in the Northwest Conference. The NWC is now a NCAA-III conference but was previously a NAIA conference.

"Compliments to College of Idaho and what they have done in their first year of competition in the Frontier Conference," said Coach

Shelter Mill Levy

**Letter to the Editor**

Regarding the letter to the editor in the Dillonite wondering where the money goes when it goes to the humane society. I wondered about this in the past so I asked and was shown the accounting books. All you have to do is ask. You will find that very little of county money keeps the shelter going. It is mostly donations. I think it is time for the people of Beaverhead county to share more of the burden. Vote yes for the mill levy. If you can't afford the few dollars that it will add to your tax bill, come in to the quilt shop and we will see if we can come up with it for you.

SANDI EBY'S ADVENTURE CONTINUES

There will be a fund-raiser on 11/15/14 at the Elks for Sandi Eby. We thought it might be educating for people to know about MS, how it affected Sandi, and why and what she is doing when she goes to India for treatment on January 15, 2015.

#5 This treatment in India IS an international clinical trial. My brother, Ed (the best-est brother in the world) will be travelling with me. We will spend 2 weeks in the Inamdar Hospital in Pune, India. Bone marrow will be extracted from my hip bone, processed in the lab and reintroduced into my body during a treatment to my venous system and by spinal tap. This is similar to what I had done in Tel Aviv/Athens in 2010. An interesting fact about the treatment in Israel by "my doctor" Dr. Slavin. They have now introduced chemotherapy into the treatment. First, you are given chemo to kill your immune system and then you are given YOUR adult stem cells. This seems to be successful but the price tag is about \$160,000.00. So glad I don't have to come up with that amount!

CONGREGATE MEALS

Letter to the Editor

I normally do not express my opinion either, but I give high praise to who did express there opinion.

Four years ago I went into the animal shelter to get my mom a companion and was told the little dogs she picked out was not for adoption (then why was she out with the dogs to be adopted) we had a few word and left but the dog was just digging at my mom so we went back she was still their, who knows what really happen to her.

I'm back in Dillon and went their for a companion and the same thing happened.

What is really going on. I have been a volunteer for a animal shelter for years and something desperately need a to be look into.

Thank you

Leslie Bublitz- for the love of animals.
