AS FANS LEAVE THE COLD FOOTBALL FIELD THE DILLON BEAVERS SEND AN AFTER SHOCK TO THE BUTTE CENTRAL MAROONS WINNING THE STATE A CHAMPIONSHIP GAME

The Butte Central team and fans for at least 3/4 of the game thought they had won their first state championship game in 41 years. As the game came to an end, their earth shook when the Dillon Beavers stormed in on the Maroons, forced a fumble, got the ball back and ended the game 29-28 for yet another State A Championship win.

The Beavers get the ball first and with J.D. Ferris avoiding the rush, the Beavers use 4:12 of the game clock on the ground to go down the field and score fist to take the lead 7-0.

Butte Central Maroons take their first possession of the ball but Justin Ferris knocked the ball down and Butte is force to Punt.

The Beavers have the ball back. JD fumbles and the ball gets picked up by Nick Huber who runs and Beavers keep the ball with only a lose of 2 yards. The wind comes up and becomes a factor in the game as the Beaver have to punt this time around. RJ Fitzgerald was playing great in the middle line backer spot.

The second quarter see the Maroons with the ball come down and fumble but get it back. They were using the clock and took about seven minutes of the game to come down the field before they score a touchdown and tie the game. The packed crowd of fans cheers were loud and then silent from one side to the other as the momentum went back and forth. The Maroons with 4:48 in the first 1/2 go 50 yards down the field to score 7 more and take the lead.

The Beavers get the ball to Tyler Van Slyke who has a great run but on the next play the Beavers turn the ball over with an interception. The Maroons then with 1:31 in the first half look for a receiver down field but the wind helped the Beavers and the pass is no good and the Beavs get the ball back.

Dillon gets the ball to Brady Richardson who gets hit hard and he losses the ball so the Maroons get it right back. THEN Justin Ferris jumps into the Maroons pattern and comes down with an interception. Beavers call a time out with 20 seconds in the 1st ½. Beavers at half time are down 14-7. If you didn't go watch or listen to the game, it is hard to explain the roller coaster of emotions on the field, side lines and in the stands for those at the game.

The Beavers had the defense on the field for most of the

first half. They had tried to rush 14 times in the first half for only 24 yards on the ground.

In the 3rd quarter, the Maroons come out and score on a carry to take the lead 21 to 7. The Beavers offense struggles and turns the ball over again. The defense stops Butte and Beavers try again. Ferris takes the ball in from 17 yards breaking a couple of tackles and giving the Beavers a boost as they get closer 14-21. Butte, however, answers back taking the score board to 14-28.

Dillon is trying to get down field and the Maroon get called for pass interference that helps advance the ball for the Beavers. Playing on the Beavers with 8:10 to go have 2 yard to go. They try with 4th down but come up shot so the Maroons get the gall back on the 3 yard line.

The Beavers defense have a great stop to get the ball.

Beavers score a touch down with a pass from J.D. to Van Slyke taking the score to 21-28. The Maroons try to use the clock but with some great held from Cordel McGinly the Beavers get the ball back with 3:31 and 56 yards from the end zone. JD throws the ball to a wide open Jason Ferris but the wind takes it and the ball drops. The Beavers go on to score again. The Maroons jump off side so the Beavers go for two. JD throws the ball and gets hit as the pass is up for grabs and with nothing but determination Nate Simkins comes down with the ball. Score boards moves to 29-28 Beavers. The wind is still a factor as the go to kick and the ball blows off the tee.

The game is not over!

The Maroons have the ball but no time outs. They pass the ball and Simkins gets to the ball and knocks it away. Justin Ferris get the ball and goes to the ground hanging on to the ball. Beavers now can run the clock down with under two minutes to go.

Down 14 Beavs come back to score 15 unanswered points to win the State Champion for the third time in four years.

HELPING SUPPORT OUR SOLDIERS

This year the 3-D will be collecting items for the patients at Fort Harrison. Since we do not have a specific soldier to send stockings to we decided this would be a good way to support our troops. We talked to the Volunteer Services department and the items on their wish list are: socks, underwear, hats, gloves, craft items or kits, jerky, puzzle books, jigsaw puzzles, hand held games (and the batteries if needed). The patients are usually there for a while and are looking for things to do or something to snack on that isn't hospital food. Drop your items off at 3-D any time before Dec.15th. Feel free to include a Christmas Card! Thanks for helping support our Soldiers!

Western's efforts to use heat from burning wood and the leadership efforts by university administration to make the efforts successful. UMW has used wood heat to heat 23 to 75 percent of campus annually since 2007.

Montana Western is the only campus in the state to use wood heat, and the university was the fifth in the state to begin using wood heat. There are now 14 different projects throughout the state using wood heat.

The university is heated with forest biomass fuel. Forest biomass fuel is made up of small-diameter trees, shrubs and debris left over from logging operations and forest fuel reduction projects. It can also include waste from wood manufacturing.

By using wood heat, the university has saved $569,421 since 2007.

In addition to significant cost savings, wood heat can reduce carbon dioxide emissions dramatically. The amount of carbon dioxide offset by Montana Western since 2007 is the equivalent to the carbon dioxide produced by over 12 millions miles driven by a car or the energy use of 487 homes.

Montana Western became a leader in state energy conservation after high utility bills prompted the university to explore other options. UMW partnered with the U.S. Forest Service "Fuels for Schools" program and the DNRC to transition to wood heat. The wood-burning boiler began operating in February 2007. Montana Western was the first state-owned facility in the program.

A grant from the DNRC, administered by Headwaters Research Conservation and Development, covered $400,000 of the $1.4 million system. The Department of Environmental Quality State Energy Conservation Bond Program provided just over $1 million in the form of a 15-year low-interest loan, for the remaining costs of converting to biomass.

Since 2007, Montana Western's wood heat operations have put $415,369 into the local economy by purchasing wood chips from Montana mills. UMW has used almost 10,000 tons of wood chips since 2007.

"Our universities are the springboards for innovation and for achieving our desired future," said Kies. "When universities commit to proactive measures to use renewable energy, that sets an example, and ideally, a positive trajectory for the rest of the community, the state and the nation."
