Welborn Weekly Legislative Review

Helena: —

HB 176 introduced by Rep. Mandeville (R) which would allow for the use of cross bows during big game archery season has drawn a lot of criticism from both the hunting public and private landowners that provide a good deal of public hunter opportunity that cross bows have no place in a traditional archery season, for a myriad of reasons, from putting too much pressure on wildlife due to the ability to bugle elk in, but removing the fair chase aspect due to ease of use of a cross bow. Another concern came from livestock producers who felt that additional people in the field with this type of high power archery equipment would increase conflicts between landowners, and different groups within the sport of archery hunting, for these reasons, I was a "No" in House FWP, where it was ultimately tabled. The debate on cross bow use in archery season is now dead for the time being. Please note that Montana law currently allows the use of cross bows during rifle season, and that statute still stands.

As I write this article, a bill being drafted by Virginia Court (D) a Billings legislator would ban cellphone use while driving anywhere in Montana. Most major cities in Montana have already enacted bans on talking and texting while driving I checked with the Montana Department of Transportation, approximately 63 percent of Montanans already live in areas that ban cellphone use while behind the wheel, My thoughts are: This is currently, and should remain a local control issue. Due to Montana's vast and expansive landscape, there are simply miles upon miles of open roads and interstates that are safe to use a cellphone, and more heavy handed regulations aren't going to curb the use of these devices, nor should they. In areas where there is more traffic and it makes sense to limit handheld devices, local governments either have or already exercised their

ability to limit these uses. Wholesale legislation on issues that are better left to local and county governments to decide are something that I most often vote against. I'll keep you updated as these discussions continue.

The House Tax committee has passed out a couple of tax relief and rebate bills. My feelings are that if we have as a State Government collected more than necessary to operate the basic functions of Government, we should throttle back on collections, most likely via future tax cuts. I normally support these proposals, and more than likely will this session, depending on how our rainy day account looks like after we pay for the State's vital infrastructure needs, and government services in relationship to how our current revenue estimates are looking. Collecting taxes should be all about delivering services i.e. road building and maintenance, public education etc. back to the people in a responsible manner, and shouldn't be about wealth re-distribution, ultimately returning the surplus back to those that paid for it to begin with.

Lastly, we heard one bill introduced by Rep. Kelly Flynn (R) with several more yet to be introduced by other Members in the House of Representatives, regarding additional funding for block management in our State. I have always supported this concept that ultimately provides public hunting opportunity to access private lands by aligning willing landowners to enroll their property and receive a modest payment for doing so. The problem with not keeping the payment on par with inflation through the years has gotten us to a point where landowners are dropping out. This only compounds the challenges of access and public opportunity on lands that are or potentially would be enrolled. Responsible and up to date funding based on current values would help continue a successful program that creates incentive for landowners to allow public access. This particular proposal is modest ask, with no additional fee increases, to keep this program in place for the benefit of landowners and the sporting public alike.

For this first event, attendees are encouraged to bring an appetizer or snack to share with the group.

The following evening, Jan. 31, the alumni association is hosting "Alumni Night" during the Montana Western versus Montana Tech men's and women's basketball games. Alumni and friends are invited to join the alumni association in the Keltz Arena on the UMW campus from 4:30-9 p.m. for appetizers and a no-host bar.

Alumni who register with the alumni association that evening will receive a complimentary admission ticket to watch the Bulldogs take on the Orediggers. Recognition will take place during basketball games.

BULLDOG WOMEN ADD UTAH BASKETBALL STANDOUT

University of Montana Western women's basketball head coach Lindsay Woolley announced the signing of 5-foot-10 guard Brandy Bookout of Sandy, Utah to a NAIA Letter of Intent.

Last season, Bookout was selected her basketball team's captain and was recognized as an all-state performer. Bookout averaged 14 points, six rebounds, two assists, two steals, and one block per game as a junior. This summer Bookout's team claimed a national championship at the AAU USA Jam On It Tournament.

"Brandy brings good size and athleticism to our perimeter group. She attacks the rim well in transition and is a capable perimeter shooter," Woolley said. "Brandy is an extremely hard worker and we think she has a bright future in the Bulldog family."

As a track and field athlete, Bookout was a member of two relay teams that medaled at the Utah state meet. She has also competed in varsity swim and dive and has earned honor roll recognition for her work in the classroom. Bookout is the daughter of Mike and Laura Bookout and plans to pursue a degree in Business Administration at Montana Western.
