Saga-Water/Sewer Committee

By: MJ

Egg before chicken or chicken before the egg? Which is it? One might ask if you are a seated council member, "do we follow or do we not follow the law." One might say "we have broken the law before and nothing happened so it's ok to do it again." Testing the law is a reality with the local government and it seems to work for them.

Water/Sewer: On the agenda for the committee meeting held February 5, 2015 was; *Engineer's Report by Manion Engineering for the WWTP project, Telemetry Project, Manhole Project, Beaverhead River Crossing & Water Main Project, Water & Sewer Infrastructure Modeling-Mapping and Update CIP*

WWTP Project: Mr. John Manion gave a slide presentation of the WWTP project. The UV unit will be installed by February 23, 2015.

Mr. Manion referenced the sludge and the need to remove it every 1 to 1 1/2 years. The city needs to determine where the sludge will go.

Dog Pump Station: Mr. Manion showed the engineers drawings for the new building that would be 20 ft. wide and 40 ft. long and would cost \$249,000 -- (original cost was \$297,000). Mayor Klakken had the city crew build a building to protect the station from freezing this winter at a cost of \$1,000±. If you look at this building one might say it has no curb appeal and is an eye sore. On the other hand one might ask why we need to spend \$249,000 when the city has other improvements that are in desperate need of maintenance. At no time during this meeting was there any discussion on the cost of the building or another method that might be used. You decide -- your money. This will be on the council agenda at next meeting.

TESTING the LAW: A motion was made and seconded to send a recommendation to the council to proceed with the construction of the \$249,000 building. This was not on the agenda so therefore the public had no notice of this vote being taken and had no chance to respond unless you happen to be at the meeting. BROKE Open Meeting Law.

Telemetry Project: This is the manager or data keeper of the WWPT, Water Wells and Water Tanks. If anything goes wrong then the alarms alerts the crews and they go to work fixing the problem. A piece of equipment that needs to be maintained and periodically updated.

Beaverhead River Crossing: A project that has an estimated price tag of 4± million dollars. It's not always about the price. It's about maintaining and sometimes replacing. Mayor Klakken has sent a piece of the pipe off to professionals to analyze and give him actual information on status of pipe today. This will give the city a better idea of what they will need to do. Reconstruct or repair?

Mr. Manion has done a preliminary study review and made suggestion to the committee where there might be some problems (loss of water due to leaks, joint problems, exposed pipes, possibility of the line not meeting DEQ standards for buried pipes)... Mr. Manion's solution/suggestion was too reconstructed and rerouted the line down ten mile road (dump road). Ten mile road is a county road. Would this add problems or be a benefit? Let your council member know what you think.

BULLDOGS SHUT DOWN CARROLL

The Bulldog men's basketball program completed a season sweep of the Carroll College, posting a 68-56 win over the Saints in Helena, Mont.

The Bulldogs relied on sharp shooting from the field to build a 12-point lead in the first half. In the game Montana Western finished 56 percent from beyond the arc while shooting nearly 45 percent from the field. The Bulldogs were consistent from the free throw line, hitting 17 of 19 charity shots in the contest. Montana Western ranks eighth in the NAIA in free throw percentage.

The Bulldogs used a balanced offensive attack to pull away from the Saints for the win. All five Montana Western starters scored double digit points.

The Bulldog defense worked overtime in the game, limiting Carroll's effectiveness throughout the contest. Only one Saint scored more than 10 points in the game, and the Frontier Conference scoring leader Zach Taylor was held to less than half his season points per game average.

BULLDOG WOMEN STUMBLE ON THE ROAD

The University of Montana Western women's basketball program squared off against Carroll College Thursday night in Helena with the intent to string together conference wins. Instead, a red-hot Carroll team stole the show and a 70-55 victory.

Montana Western started strong holding a lead or tie for the first six minutes of the game before Carroll took the lead on a three, which would be their go to weapon for the evening. In the first half the Bulldogs were unable to get enough pressure on the sharp shooting Saints who shot over 55 percent from the floor. On the other end of the floor the Saints limited the Bulldogs to 38 percent shooting. The Montana Western bench kept the Bulldogs close through most of the first half, but Carroll was able to stretch the lead to 16 points at the half.

In the second period the Bulldogs were able to turn up the heat on the offensive end and outscored the Saints, but were unable to overcome the halftime deficit. Junior Sierra Higheagle led the Bulldog scorers with 16 points followed by senior Jenna Banks with 12 points.
