Welborn's Weekly Legislative Review

For all the veterans in Southwest Montana, the time to get their new residential home built in Butte is long overdue, and this past week, House Bill 493 was introduced to get construction started. I'll share some details surrounding this proposal.

House Bill 493 (Rep. Ryan Lynch) would authorize the State to secure a short-term loan from the Montana Facility Finance Authority to cover the 65% federal share to build the facility, only for the period of time until the federal share is funded. This bridge-financing makes economic sense: With low interest rates available, loan costs will be less than the increased construction costs due to inflation, especially if it takes another two or three years to secure the federal share.

As we've reported for a few years now federal funding for the vets home has been stalled on the Priority List at the Veterans Administration. It was 2011 when Montana's project made the List – a big deal and good news because once a project is on that List, federal funding is permanently authorized.

The VA's ranking system is reasonable. Life safety and maintenance projects are always ranked highest, followed by renovations of existing homes. Then comes new construction projects, which are further sorted by need, and unfortunately for Montana, projects in higher population areas always ranked higher.

But that's not enough for the 34,000 veterans in Southwest Montana who need this housing closer to their families and loved ones. Every year that passes to higher construction costs. The original project estimate was \$13.9 million, assuming a 2013 construction start date; now it's nearly \$15 million and going up every day.

Except for getting the federal funds, it's all systems go for Montana Veterans. The State has its full (35%) share of project funds in a reserve account established by the Legislature (in 2009), made possible through a temporary diversion of tobacco taxes.

The project is designed: Five cottage-style homes, each with 12 bedrooms and some common space, and a community center where all residents can gather for social events. Veterans surveyed overwhelmingly prefer this type of living situation, rather than one larger building with 60+ rooms.

Butte-Silver Bow is also prepared, fulfilling commitments as part of the site-selection process (2010). The 10-acre property on Blacktail Loop was graciously donated by Don and Shirley Harrington and the McGuiness Family Trust. The public sewer and water utility extensions are engineered and will be installed by city-county crews, using hard rock tax proceeds reserved and approved by the Council of Commissioners.

HB 493. I the right thing to do for our Vets, and the timing is right. The Montana Facility Financing Authority is set up to provide this type of low interest loan, secured with the federal funding commitment and an extension of the tobacco tax set-aside. This construction loan would be paid back in full.

The legislation will take at least a two-thirds vote to pass.

More than half (82 out of 150) of the legislators have already signed on, including myself as co-sponsors. The hearing was last Friday in front of the House Appropriations Committee, which garnered support of local Veterans and community and statewide leaders, and brought no opposition.

We should do this for Montana Veterans. In honor of Don Harrington, and on behalf of Bobby Pavlovich, Tom Straugh and other veterans who have been tireless advocates for the project, let's get this done.

Now on to a proposal that has created a fair amount of concern from a broad range of folks is House Bill 320 by Representative Carl Glimm of Kalispell, which is scheduled for floor debate this week. This bill is heavily endorsed by the Montana Shooting Sports association, which is an affiliate the NRA. Despite being an advocate of our Second Amendment rights and even a concealed carry permit holder myself, please understand this is a poorly written piece of legislation in addition to being very controversial public policy and therefore, I will be voting no. Please allow me to share some details surrounding this proposal and shed some light on my decision.

Both as introduced and as amended in House Judiciary, H320 would substantially interfere with the obligation of elected school boards to protect student safety by basically taking any local control away from school boards when setting policy regarding firearms on school property. The bill was portrayed during the hearing by supporters as satisfying the federal Gun Free Schools Act, but that is incorrect. The bill would in fact violate the Gun Free Schools Act requirements in various ways, thereby jeopardizing approximately \$60 million in federal funding each year.

More importantly, the bill would jeopardize the safety of students educated in Montana's public schools and prohibit school boards from expelling particularly dangerous

students for more than one year, even if such students engaged in threatening and clearly illegal conduct. If there isn't a threat caused or a reason to expel a student that is a choice that local boards can currently make under existing law.

This proposal is being billed as something that would simply give students the ability to have firearms, hunting rifles and hand guns alike, locked in their vehicles, but it goes way too far, only resulting in tying the hands of local school boards in setting policy. Late breaking report: This Bill died on a 50-50 vote.

Lastly, I would like to talk about HB281 By Rep.Dale Mortensen (R) Billings. A Measure that would drastically change how game wardens could search, investigate and arrest in cases of both poaching and trespassing on private property in relationship to Montana Fish and Game laws.

This bill, even though well intended by the sponsor, is another example of a solution in search of a problem. I voted no as it died on the House floor today by about a 2-1 margin. I'll share some reasons why this proposal didn't gain my support.

To start with, Montana game wardens are also peace officers and attend the exact same training at the Montana law enforcement academy as any other peace officers do.

Game warden Search & Seizure provisions also require reasonable suspicion the same as other officers as directed by district court and Montana Supreme Court decisions.

Under this proposal, game animals couldn't be seized as evidence which means a person could therefore be allowed to take an unlawfully taken big game animal out of state and therefore become liable for a Federal Lacey Act violation. The Courts also have been clear in allowing peace officers to seize evidence based on probable cause. To further complicate what is currently in law, this bill was also written in a way that stated that not being able to or having to identify game or fish species meaning that it would be allowable for instance to shoot a Moose in thinking that it was a different species such as an Elk, as long as it wasn't on purpose.

Finally, It would also make it very difficult to prosecute or enforce private land trespass violations, further eroding credibility and causing more private land closures to public hunting and fishing opportunities. This week is very busy with floor debate as we prepare for our transmittal break. Please stay in touch on issues important to you.

Soroptimist International of Dillon Award Recipient

Holly Andersen was presented the Violet Richardson Award at the Soroptimist meeting on February 24th. This award is to honor a young woman between the ages of 14 and 17 who volunteers in our community and outlying areas. Holly is an individual that has a lot to offer and our club recognized her with a certificate for the Violet Richardson Award and a check for \$100. She voluntarily gets names from the giving tree for prisoners every year so their families will have something from their father or mother at Christmas time. Holly also is a "Lunch Buddy" and has a girl that she goes to lunch with and occasionally takes her to activities in the community. We are all very proud of Holly including her family who support her in all she does.

MONTANA WESTERN ALUM HONORED WITH FRONTIER CONFERENCE AWARD

Wally Feldt was honored with the 2015 Frontier Conference Service Award at a ceremony between the Montana Western and University of Great Falls basketball games.

Recipients of the Service Award are selected by the league's athletic directors and represent individuals who have made significant contributions to the Frontier Conference. Frontier Conference Commissioner Kent Paulson and Montana Western Athletic Director Ryan Nourse were on hand to make the presentation.

"The very first call I made as commissioner was to my good friend from the past Wally Feldt to see if he would remain in the role of Frontier Conference Director of Media Relations," Paulsen said. "Fortunately for me, and the rest of our league, he said yes."

Feldt is a Dillon native, and a 1973 graduate of Western Montana College. After many years working in radio broadcasting, Feldt returned to Dillon in 1990 as the sports information director for Bulldog Athletics. Feldt

was able to develop the position into director of publications,
media relations and sports information, which he held from 1994
until 2010.

During his tenure at Montana Western, Feldt began
coordinating statistical reporting for the Frontier Conference,
and developed the league's sports information director
position. He continues to serve as director of media relations
for the Frontier Conference and is responsible for maintaining
the Frontier Conference website among many other duties.

"When people need to know about the history of the
Frontier Conference, want to know what happened last year,
last month, yesterday, or today, they know Wally is the person
to contact to get all the right information," Paulsen said.

"Wally is a wonderful friend and professional, and on
behalf of his many friends in the Frontier Conference, we
want to congratulate Wally on this well-deserved Service
Award," said Paulsen. "It represents all that he has contributed
to the process of building the Frontier Conference into the
tremendous league that exists today."

**Dillon Tree Board Offers Cost Share
Program to Plant Trees**

Time to spring into sprucing up your boulevard! If you have a location in need of a tree, the Dillon Tree Board can help.

The Tree Board cost-share program provides the incentive for private homeowners to participate in enhancing the beauty of Dillon's urban forest by planting trees in the boulevards in front of private property. Boulevards are the narrow planting strips between the sidewalk and the street; they are the shared responsibility of the adjacent homeowner and the City. This program will defray some of the costs of planting new trees. Homeowners can purchase a tree for \$75, with the Tree Board covering the remaining portion of the purchase price. The trees will be planted by Tree Board members and volunteers in May and/or June. The program is first come, first served and limited to funds available.

Several species of trees are available for purchase. The Tree Board can assist you in choosing the right tree and the proper planting site. A Tree Board representative will inspect your boulevard location and provide professional advice on tree installation. Final tree planting sites are determined by available right-of-way width, corner proximity and locations of utilities. Homeowners sign an agreement, stating they will provide adequate water to the new tree for the next three growing seasons.

To participate, complete a cost-share form and return it to the Dillon City Hall. Forms are available for download at the Dillon Tree Board website www.dillontrees.org or pick one up at City Hall.

The funding for the project is derived in full or in part from a federal award of the U.S. Forest Service, Department of Agriculture, sub-awarded by the Montana Department of Natural Resources and Conservation (DNRC), Forestry Division. The City matches the grant funding at 100% to accomplish project work.

Since 2008, the Dillon Tree Board has secured over \$69,000 in funding to enhance Dillon's urban forest. The mission of the Tree Board is to preserve, enhance, and expand our community forest through educating the public and promoting community involvement and individual dedication.

For additional information, contact J.S. Turner at City Hall or call the DNRC office at 406-683-6805. Information can also be found on the Dillon Tree Board website at www.dillontrees.org.

THANK YOU

On behalf of Dillon Elementary Library, we would like to extend our heartfelt thanks for the support we received for the Book Fair. We had our second highest sales in history and we were able to get many new books for our library. We are so fortunate to have a community that loves books and reading as much as we do! Again, thank you so much for supporting our book fair this year.

Sincerely,
Melissa Bockting and Jan Mock
