By: MJ

Council members appointed at the March 10th, 2015 special meetings were: Ward 2 - M. Kevin Hodge, Ward 4 - Mr. James McIsaac, and Ward 3 - Mr. Thomas Straugh.

First meeting was open and Mr. Dolan, City Attorney explained the State and Dillon City Charter laws that governed the replacement of vacated council seats. Applicants made individual presentations to the seated council members on why they were seeing the council positions. The members had discussions and then voted.

Councilman Cottom resigned his position at the end of meeting.

Barrett Hospital Achieves Birth Dose Honor Roll for Second Year in a Row

For the second year in a row, Barrett Hospital & HealthCare has been recognized on the Immunization Action Coalition Hepatitis B Birth Dose Honor Roll. On July 16, 2013, the Immunization Action Coalition (IAC) launched the Hepatitis B Birth Dose Honor Roll. The Honor Roll recognizes hospitals and birthing centers that have attained high coverage rates for administering hepatitis B vaccine at birth.

To be included in the Immunization Action Coalition's Hepatitis B Birth Dose Honor Roll, a birthing institution must have achieved, over a 12-month period, a coverage rate of 90% or greater for administering hepatitis B vaccine before hospital discharge to all newborns (regardless of weight). This coverage rate also includes those whose parents refuse vaccination.

The only hospital in the state of Montana to achieve this honor, Barrett Hospital & HealthCare reported a coverage rate of 96% from 2/21/2013-12/31/2013 and 94% from 1/1/2014 - 12/31/2014. According to Shara King, LPN, "The importance of being aware of and vaccinating against Hepatitis B cannot be understated. As part of our mission, we strive to protect the most vulnerable of patients, newborns, against Hepatitis B."

For more information about the Hepatitis B Birth Dose Honor Roll and the immunization program at Barrett Hospital & HealthCare, please call the Hospital Marketing Department at (406) 683-3050.

BULLDOGS DEFEATED IN TOURNAMENT CHAMPIONSHIP

A cold shooting night couldn't have come at a worse time for the Montana Western Bulldogs as the Lewis-Clark State Warriors rode a huge offensive effort to a 82-55 win in the Frontier Conference Tournament Championship.

Lewis-Clark claimed a home court advantage early in the first half, scoring at a blistering pace to build a 20-point lead before intermission. The Warriors shot 57 percent from the field and 58 percent from behind the arc in the opening period. Lewis-Clark relied on a stifling defense and a relentless attack on the boards to go on a 24-4 run through the middle of the first half while Montana Western was limited to 36 percent shooting in the period.

In the second half the Bulldogs went deep into the bench to spark their offense. Junior Connor Woodill led the Montana Western offense with 13 points and collected 6 rebounds. Junior Ryan McCarty added 10 points and junior Dexter Williams Jr. scored 10 points. For the game the Bulldogs shot 39 percent from the field, 27.3 percent from three, and only made four trips to the free throw line.

The NAIA National Tournament bracket will be released Wednesday evening. Although Lewis-Clark earned the automatic birth to the NAIA National Championship Tournament, Montana Western expects to be selected to the 32-team field which will gather in Kansas City, Mo. March 18-24 to determine the national champion. In 2009 Rocky Mountain College became the first, and remains the only, Frontier Conference team to claim the championship in the 78-year history of the tournament.

THANK YOU

The Gibson family would like to thank everyone who helped organize, donate to and participated in the benefit for Karen. The night was emotional and fun for everyone involved.

We are so grateful for the community we live in and the people who live here. The kindness and support has helped us through this tough time.

Thank you so very much,

Kyle, Karen, Tea and Sawyer Gibson

Letter to the Editor

I am writing in response to Edith Fletcher's Letter to the Editor on Monday, March 9. There is a saying that you can't have your cake and eat it too. Edith said that Mr. Achter chose a bad time to resign. When I read that Dick Achter resigned, I had a heavy heart. I have been to some of the council meetings. Being on the City Council is not an easy job. It is a volunteer position with no pay. Dick was giving his time, wisdom and a lot of hard work for the betterment of Dillon. Shame on you, Edith for lashing out at Dick Achter. I am beginning to wonder why anyone would be on the City Council when a choice few in Dillon treat the a council members so badly. It is not Dick Achter's fault that he resigned. It is the people that drove him to it including you. You are getting what you deserve at the expense of Dillon.

Barrett Hospital Nurse Needs Your Photos

Wearing a helmet while engaging in recreational activities could save your life! According to the American College of Emergency Physicians, helmets save lives and reduce the risk of brain injury. To raise awareness of the importance of helmets to the prevention of traumatic brain injuries or death, Barrett Hospital & HealthCare's Emergency Department is planning a booth at the Community Health Fair on April 25, 2015.

Kathy Kirkley, RN, CEN, is spearheading this effort and needs your help! If you have photos of yourself and/or your family members wearing a helmet while recreating and you wouldn't mind contributing those to this effort, please send them in hard copy format to Kathy Kirkley, Barrett Hospital & HealthCare, 600 Highway 91 South, Dillon, MT 59725 or email them to kkirkley@barrethospital.org.

Those of us at Barrett Hospital, along with the Centers for Disease Control and Prevention (CDC) and the Brain Injury Association of America encourage you to wear a helmet when: riding a bike, motorcycle, snowmobile, or all-terrain vehicle, playing a contact sport, such as football, ice hockey, or boxing, using in-line skates or riding a skateboard, batting and running bases in baseball or softball, riding a horse, skiing, or snowboarding.

For more information about the Community Health Fair or helmet photo submissions, please call (406) 683-3050.

Dillon Medical Clinic

would like to say a sincere

Thank you

To the nearly 17,000 patient visits seen here with our OPENING 7 YEARS AGO!

We appreciate you who have trusted us for your healthcare needs.

AMERICA is still the best country God ever created.

In our clinic, there is a 1917 photo of a hard-working horse in harness, doing its job.

"Pull it one more mile" is its caption.

I thank my Lord Jesus Christ for the opportunity to do the same in this land of free enterprise, shoulder to shoulder with my fellow Americans. I'd like to extend a special Thank You to our Military and their families.

**Together, WE ARE MAKING IT THROUGH THE HEALTHCARE CHALLENGE
AND TO HELP OUT:**

HEALTH FAIR BLOOD WORK AT THE BEST RATES!

MAR. 10 and MAR 23rd THRU 27TH.

COME IN FASTING FOR 12 HRS, HAVING ONLY WATER TO DRINK

We will be continuing our policy of delivering same day quality healthcare with no appointment necessary throughout the coming years. We will strive to maintain affordable rates & timely visits. We look forward to seeing more of our friends, neighbors and visitors. I've lived in Dillon for over 22+ years, and Lord willing, I'm here to Stay!

THANK YOU, THANK YOU, THANK YOU!

Welborn's Weekly Legislative Review

I reported a couple weeks back regarding the proposed Vets home to be built in Butte. For all the veterans in Southwest Montana, the time to get their new residential home built in Butte is long overdue, and this past week, House Bill 493 was introduced to get construction started. I'll share some details surrounding this proposal.

House Bill 493 (Rep. Ryan Lynch) would authorize the State to secure a short-term loan from the Montana Facility Finance Authority to cover the 65% federal share to build the facility, only for the period of time until the federal share is funded. This bridge-financing makes economic sense: With low interest rates available, loan costs will be less than the increased construction costs due to inflation, especially if it takes another two or three years to secure the federal share.

HB 493 is the right thing to do for our Vets, and the timing is right. The Montana Facility Financing Authority is set up to provide this type of low interest loan, secured with the federal funding commitment and an extension of the tobacco tax set-aside. This construction loan would be paid back in full.

The two existing veteran's homes in Montana are located roughly 250 (Columbia Falls) and 450 (Glendive) miles away from SW Montana. To force our veterans to be hours away from their families is a hardship that does not honor the sacrifices that our veterans have made.

The legislation will take at least a two-thirds vote to pass. More than half (82 out of 150) of the legislators have already signed on, including myself as co-sponsors. The hearing was last Friday in front of the House Appropriations Committee, which garnered support of local Veterans and community and statewide leaders, and brought no opposition.

I thought I would give an update from our US Congressman Ryan Zinke regarding this very issue. He has recently pressed Secretary McDonald to begin work on the proposed Butte Veterans Home, a project that has been stuck in limbo for two years thanks to mismanagement at the VA. "For the past two legislative sessions, the State of Montana has appropriated their portion of the funding for this important project, yet it remains delayed in Washington... I believe there are wasteful programs that could be sacrificed in order to deliver the quality care our veterans deserve," said our lone U.S. Congressman.

Shifting gears, Medical reform has become a hot topic this session and will be one of the handful of issues that define this session.

Regardless of where we fall on medical reform, from using federal dollars for full expansion of medicaid, to a hybrid like the Governor's proposal which has already failed to pass and one which wouldn't have gained my support either should it have made it to the floor for debate, or other proposals offered by different legislators, I'm hopeful the 64th Legislature will pass good legislation on this front, but also a plan that the Governor will sign. There has been a lot of pressure from groups being funded from outside of Montana for this legislature to do nothing at all, which is irresponsible from public policy perspective. Now let's look at some of the elements of the bigger healthcare discussion.

Hospitals in Montana currently write off approximately \$400 million per year in charity care as well as bad debt. This is the care delivered to individuals without any insurance coverage and, because it represents a significant financial loss, it is a very real threat to the sustainability of our rural hospital network, especially critical access hospitals like our own in Dillon, Sheridan, Ennis and Whitehall. Adding to the challenges faced by the hospitals and because the uninsured recipients do not have access to regular health care, charity care and the care leading to bad debt is most often delivered in the least efficient and most expensive manner through hospital emergency rooms.

By opposing any opportunity for reform, these outside groups are asking us to simply accept this \$400 million annual cost as a normal part of doing business. If your business or household was faced with a similar financial drain, would you simply accept it or would you work toward a more comprehensive plan to sustain the services that you are already paying for.

Please understand that Montana's insurance and medical industries also send nearly \$573,000 per day to Washington DC. in taxes collected from services delivered to hard working Montanans, this totals approximately \$609 million per year and because our legislature has failed to address the issue of expansion, this money is not returned to our state.

Substitute our federal gas taxes for the medical and insurance taxes and imagine your outrage if the legislature voted to decline our federal highway money. These outside groups would also have us believe that it's ok to accept highway funds that we send to DC in the form of fuel taxes but decline funds from the medical and insurance taxes that we also pay. You decide for yourself if this thought process makes fiscal sense.

In my mind the issue comes down to this, we can continue to burn \$609 million per year in a proverbial fire without any plan to reduce our costs going forward, or we can do nothing and simply inhale the smoke from that same \$609 million fire. I believe that we can and must do better than that. We are working on a viable plan as we speak to address some of the above concerns, one that will serve both the Montana tax payer and the un-insured in a thoughtful, effective and sustainable manner.

I will share more details next week on a plan I'm giving my consideration, one whose elements I've discussed with local doctors, hospitals, businesses, taxpayers, and folks that fall within the current coverage gap, Republican and Democrats alike, and all agree so far agree that our Montana made, free market proposal that will leverage our already levied federal dollars, putting Montana on the right track.
