Study Commission Meeting

By: MJ

3/24/2015. The Government Study Commission for City of Dillon met with all members present to discuss strategy. They have a large task ahead of them with gathering public feedback into the functionality of the city government and reviewing the existing government.

1) The goal of the committee is to Evaluate and Understand how the current local government works and to compare different forms of government available by law.

2) They will reach out to the public at large for input and ask questions like, "Do you have any ideas to improve city government?"

3) To help the public understand the importance of the task the committee members will be asking to speak at local organization meetings like: Kiwanis, Rotary, Jaycee, Chamber and others. They will also use radio papers, survey mailer.....

NOTE: The committee has made a temporary decision to proceed with the current system that includes a Charter, Council and Mayor.

Other issues discussed around the table were; 1) election of council at large, 2) odd number council members and 3) outside city limits representation.

There was considerable discussion with all members of the committee bringing forth ideas. If you are looking for a meeting to attend this would be the one.

20 E. Bannack 683-3548**Forest Service Considers Converting Status
of Communication Sites**

The Beaverhead-Deerlodge NF is considering an administrative conversion of two proposed communication repeater sites to a permanent status.

The first site is located near Deer Peak in the West Pioneers Inventoried Roadless Area (IRA) which is also a Wilderness Study Area.

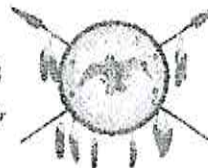

The second site is located near the top of Dickie Peak in the Granulated Mountain IRA north of Wise River. Currently, there are permitted temporary communications repeaters at these locations that have been tested to determine the effectiveness of the locations.

These proposed changes would not require any ground disturbing activities; however, future plans may include an improved shelter and taller equipment support if needed to keep the equipment out of the snow. No more than two helicopter flights would be required to replace the existing shelter with a taller one. Flights would be planned after July 4 to reduce disturbance to wildlife. More information about this proposal is posted online at www.fs.usda.gov/goto/bdnf/projects.Comments are welcome anytime, but will be most helpful if they are submitted by April 27, 2015. Comments may be sent via email to: comments-northern-beaverhead-deerlodge@fs.fed.us with "Communication Sites" typed in the subject line, or, sent to Wisdom Ranger District, P.O. Box 238, Wisdom, MT 59761, Attn: Russ Riebe. Comments in response to this proposed conversion, including names, postal and email addresses and phone numbers, will be considered part of the public record, and available for public review. WILLIAMS JR. AND MCCALL EARN ALL-AMERICAN HONORS

Montana Western men's basketball players Dexter Williams Jr. and Stephen McCall have been honored as 2014-15 NAIA Division I Men's Basketball All-American.

The recognition follows a season in which Montana Western earned a co-conference championship and advanced to the second round of the national tournament. It is the second time in the tenure of head coach Steve Keller that Bulldog teammates have earned All-American status.

"I'm very proud of both Dexter and Stephen for earning All-American status," Keller commented. "It is an important individual honor, but it speaks greatly of the work of our entire team this season."

Williams Jr. was named to the All-American second team after earning Player of the Year and Co-Newcomer of the Year recognition in the Frontier Conference. A 6-foot-4 inch junior from Jacksonville, Fla., Williams Jr. led the Bulldogs in rebounds (6.76 per game) and steals (1.70 per game). Williams Jr. completed the season with five national top 40 rankings for statistics: number 19 in field goal percentage, number 26 for total steals (56), number 32 in total scoring, number 38 in steals per game and number 39 in total rebounds.

McCall, a 5-foot-8 inch senior point guard from Las Vegas, Nev. was an All-American honorable mention selection. McCall earned first team all-conference recognition in his single season with the Bulldogs. McCall was the Bulldog leader in scoring (15.9 points per game) and assists (3.52 per game). McCall scored a tournament-high 36 points in the opening round of the NAIA National Tournament. McCall was ranked nationally in five categories at the completion of the season: number one in free throw percentage, number 41 in total assists, number 46 in assists per game, number 48 in total scoring and number 49 for field goal percentage.

Letter to the Editor

While attending the council meeting 3/18/2015 I noticed on the council table in front of Councilman Gore was what looked like a camcorder. I stood and ask what that item was sitting on the table in front of Gore and he told me it was a camcorder. The camera was positioned in my direct line of vision and it appeared that Gore was filming selected members of the audience. Nobody ask Gore if the camcorder was running or not.

Anything the audience had to say would be recorded on the city's audio tape and in the written minutes already available to Gore. This was a public meeting so did Gore give a copy of the tape to the city? Seems odd that Gore had a need to have his own private record of the meeting and was unable to rely on the city's recording.

I felt my privacy was being invaded without my knowledge of what and where his recording will be used.
