Jacqueline Lee Eddie

Jacqueline Lee Eddie died at home
on May 2nd at the age of 80.

Jackie was born on September 12, 1934 at her aunt's home in Miles City, Mt. She was the oldest daughter of Lloyd "Red" and Evelyn Dodd. She moved numerous times with her parents as they searched for work. Before her family settled in Dillon in 1938 her father had many jobs and their family had increased by two more. Her brother James was born in 1936, and her brother Jerry was born in 1938.

Jackie attended Elementary, Junior High, and High School in Dillon. She married Paul Hanson in 1952 and they moved to Utah for a year then moved back to Dillon in 1953 where their first daughter (Debbie Jean) was born on July 2, 1953. Paul worked with Jackie's father around the area on local ranches. On July 25, 1955 they had their second daughter (Rose Marie). In the winter of that year Jackie & Paul divorced.

On July 22, 1956 Jackie married William Dee Eddie, they went on to have a son, (Robert Leroy) on July 17, 1957. Unfortunately they lost a son and a daughter shortly after birth in the four years that followed. On September 1, 1961 they were blessed with their final son (Jack Dee). Jackie worked as a waitress for many years and she was a dispatcher for the Dillon Police Department for several years. She taught water aerobics for many years. Jackie loved to do many craft projects, work in her flower beds, and go camping with her family. She enjoyed snowmobiling and motorcycle riding and loved to fish. One of her favorite passions was bowling for which she won many awards and trophies. She bowled for over 40 years until her body just wouldn't let her anymore. She kept her sense of humor until the end.

She was preceded in death by her parents Red & Evelyn Dodd, her daughter Debbie Blaseg, and the son & daughter she lost shortly after birth.

She is survived by her husband of almost 59 years (William Dee Eddie), her brothers and sister-in-laws James & Joan Dodd and Jerry & Evelyn Dodd, her three children. Her daughter and son-in-law Rose & Dale Sumner of Manhattan, son Robert Eddie of Dillon, and son and daughter-in-law Jack & Heather Eddie of Dillon. She also has 10 grandchildren and 10 great grandchildren, and numerous nieces and nephews.

Come celebrate the life of Jackie with us at the Brundage Funeral Home at 1:00 pm on Friday May 22, 2015. A special thanks to Robert Eddie for the amazing care he has provided for our family over the last 6 years. A guestbook is available online at www.brundagefuneralhome.com.

New Zoning Document
 By: MJ

New zoning regulations adopted by the council in 2014, before Mayor Klakkan took office, might be something you personally would like to address. City meetings I have attended indicate there might be some problems with how this document was adopted by the then seated governing body. **Questions:** *Do you know if the zoning on your property was changed? Does state statute require that you are personally notified of zoning changes that may or may not have been made on your property and if so were you notified? Were the proper public hearings held allowing public input? Where is the official zoning map that according to State Statute must accompany the written document? Possible lawyers dream. Would it be easier to fix or do away with document and start again? Educate yourself by going to Dillon City web site, click on Ordinance/Zoning and read the document in its entirety. Contact your council representative or mayor and let them know your concerns, your ideas and to get any questions answered.*

The days are gone when you can landscape your property the way you want. The city's zoning plan clearly lays out what you will plant, where you will plant and how you maintain vegetation in your yards. *A minimum of 50% of the total area of the front, side, and back yard to consist of acceptable living plant material. All landscaped areas shall be perpetually maintained in a healthy condition. The Tree board will assist landscaping. The fines can range from 100 to 500 dollars for non-compliance. Will there be room enough for your dogs on your property and still comply with regulations? Will you be able to afford water bills? Is there room for improvement of landscaping in Dillon? Of course. Wherever humans live there is room for improvement and there will always be opinions and judgements.*

Acceptable plant materials allowed will be those hardy in Zones 1-4. The Tree Board describes in Title 18 what these are. No artificial plant material or artificial tree may be used to satisfy the requirements. Each yard adjacent to the residential property must have landscape plan that include at least use of one or more trees and meeting the standards and species guide provided by the Tree Board.

Question: *Looking at the census one might wonder if this document is ahead of time for this small community of Dillon with questionable growth. Does the plan stop or enhance the possibility of growth within the city boundaries?*

Question: Does this landscaping part of document provide for the safety, health and welfare of the people or is it a Taking of Private Property Rights? Would it be more beneficial for Dillon if our representative work toward bringing businesses to the area that will help increase wage base, increase tax base...

Continued updates on the zoning document will follow. 100+ pages of zoning requirements to cover.

**ELK POPULATION IN THE ELKHORNS
MEASURED BY AIR, PHONE & TEETH**

The Elkhorn Mountain Range – spanning 300,000 acres of west-central Montana – is an area revered by hunters (both locally and around the world) for its trophy bull elk population and public accessibility.

A lucky few get to hunt the Elkhorns (Hunt District 380) with an either-sex permit each year. Against tough odds, thousands of hunters apply for the chance to experience a hunt unlike any other.

The allotted number of permits is based on a number of factors – primarily population trends. Montana Fish, Wildlife & Parks biologists monitor the population through aerial surveys, and through helpful information from hunters (gained through phone surveys and a voluntary tooth return program).

In 2014, 120 people were awarded an elk either-sex permit for the Elkhorns, and the phone surveys returned positive results. From the data collected in those calls, biologists estimate 75 hunters harvested a bull elk. And of the 75 bulls estimated to have been harvested, an estimated 68 (90.7%) of them were 6-point or better bulls.

Also, 41 of the successful bull elk hunters provided an incisor tooth for aging of their animal. From that biologists determined that the average age of the 2014 harvested bull elk was 8.2 years with an age range of 4 to 15 years.

In regard to the total elk population in Hunt District 380, 2,178 elk were observed during this past winter's aerial elk survey.

FEATURED SPEAKERS AT ROTARY

Melainya Ryan, Rick Hartz and Geoff Roach, Beaverhead Co. Mental Health Local Advisory Council members, will be the featured speakers at the noon Rotary meeting scheduled for Wednesday, May 20, 2015. The group will discuss the mission of the advisory council, the reason for the formation of the council and current activities in Beaverhead County.

Visitors are welcome. Anyone interested in learning more about Rotary should come at noon to be a guest for lunch. The Club meets in the Guild Hall of St. James Episcopal Church, 203 East Glendale St.

For more information, email Craig Rehm at crehm@dadco.com or Roxanne Engellant at engellantr@gmail.com.

Letter to the Editor

To the BCHS Administration

I am writing this letter, first, to thank you for listening to the parents, students and friends of the BCHS Music Department. It is my sincere hope that you will follow through with your statement on May 6th to advertise for a qualified Choir Director. It is my even greater hope that you will advertise nationwide for a qualified Choir Director. It takes time, yes. But all things worth doing take time.

I think I speak for everyone who is concerned about this issue when I ask you to not limit your advertising to "word of mouth", "make it fast", "tell only your friends and relatives", "keep it local" attitudes.

I find it sad, but not surprising, that it took a grass roots uproar from concerned citizens two weeks ago to make sure that our fine music department would be able to continue at the level that Mrs. Haganbarth and Mr. Kloker have built it to over the years.

I also find it ironic that same week was Teacher Appreciation Week. Need I say more?

My last hope is that you will involve Mrs. Haganbarth and Mr. Kloker in the entire hiring process. They are the two most qualified people and they should be included if they so desire. I shudder to think what will happen if they are not allowed to participate. I'm thinking of the students who would miss out on a great opportunity to start or continue in the music department with a truly qualified teacher.

One last item for those who don't know: All school board meetings are open to the public and must be moved to a venue which will accommodate all who wish to attend, if a larger group is expected. I verified this with the County Attorney on May 6th, 2015.

Sincerely,

Linda Hollifield
