She was deeply religious and patriotic, always concerned about the future of the nation and doing what she could do to make changes. Estelle served many years as an election judge. She was a wonderful wife and mother, very caring, kind and is greatly missed.

She was preceded in death by her husband, parents, and granddaughter Venessa Warner.

Siblings are Claire Owen, Robert (Mary), Don Jules (Bonnie) James (Louise) and Gordon Marchesseault.

Come say goodbye to Mary Holt at the Dillon Public Library on Friday!

Mary Holt is retiring from the Dillon Public Library after 20 dedicated years of city employment. Friday, May 29th is her last day of work. The community of library users is invited to stop by the Library on Friday between the hours of noon and 3:00 pm and share a piece of cake, a glass of punch, stories about the good old days before technology took over our jobs! For the past 20 years as part of her job, Mary has maintained a vertical file of articles from various local publications. This file is always available for public perusal, but we invite you to stop by and see this labor of love that Mary has organized and maintained over the past 20 years. Mary is not only a valuable city employee, but she also has volunteered time over the years for many library endeavors.

The beautiful lilac bushes in the library's back yard (rumored to be some of the first lilacs in the city of Dillon) will remain a lasting credit to her volunteer efforts here at the Library. We hope you can join us in wishing Mary a happy retirement! See you @ the Library – 121 South Idaho St. – on Friday between 12 and 3.

Forest RACs Seek Project Proposals

The Tri County and SW MT Resource Advisory Committees (RAC) are soliciting funding proposals for forest and water quality improvement work on the National Forest in seven Montana counties. The funding is made available through the Secure Rural Schools and Community Self-Determination Act.

RAC projects must meet established criteria and improve federal lands in the following areas: roads, trails, infrastructure maintenance, soil & forest ecosystem health, watershed restoration, maintenance & improvement of wildlife & fish habitat, control of noxious weeds, & re-establishment of native species. At least 50 percent of all project funds are dedicated to restoring streams and watersheds; or road maintenance, decommissioning or removal.

Tri County RAC funding is available for projects in Deer Lodge, Granite and Powell counties; Southwest Montana RAC covers Beaverhead, Jefferson, Madison, and Silver Bow counties. In the past five years, the RACs have approved more than $3.5 million in funding for projects that benefit National Forest system lands in these seven counties.

Applications for project proposals are available electronically at http://www.fs.usda.gov/main/bdnf/workingtogether/advisorycommittees. Proposals must be submitted on-line by **May 29, 2015** to be considered. Individuals, non-profit organizations, and local governments can submit project applications. Funding would be available for implementation this year.

Committee members serve without compensation, but may be reimbursed for travel and per diem expenses. Meetings are typically held 1 or 2 times per year (with optional field trips).

The Southwest Montana and Tri County Resource Advisory Committees do currently have vacancies for members to represent the following interests: • Commercial timber industry • Archaeological and historical interests • Federal grazing permit or other land use permit holder or representative of non-industrial private forest land owners • Hold State-elected office

To apply, individuals may nominate themselves or others, nominees must live in the state of MT. The application form, referred to as an AD-755 can be obtained by visiting www.fs.usda.gov/bdnf and clicking on Resource Advisory Committees on the right-hand link or by contacting: Patty Bates, (406) 683-3979 or email pbates@fs.fed.us. Applicants are encouraged to add detail or attach a resume pertaining to questions 10 – 16. Applications must be received by mail only, as hardcopy is required for the Department of Agriculture. Mail applications to: Attn: Patty Bates/RAC Application, Beaverhead-Deerlodge National Forest, 420 Barrett Street, Dillon, MT 59725. All applications take a minimum of six month, require two applicants per vacancy prior to moving forward for processing and are contingent upon Secretary of Agriculture Review and selection.

For more information on the Committee or to learn more about proposing projects please contact the RAC coordinator, Patty Bates at 406-683-3979.

VETERINARY ASSISTANT PROGRAMS

I have some exciting news to share. The University of Montana Western and Pima Medical Institute have collaborated to now offer the first-ever veterinary technician and veterinary assistant programs within the state of Montana.

The veterinary technician associate degree and veterinary assistant certificate program will be offered on the University of Montana Western campus in Dillon, Mont. Students who enroll may live on campus, if they chose, use campus facilities and be apart of the campus community as they complete their program through Pima Medical Institute.

We hope you will share this news, as we know there's a shortage of vet techs and vet assistants in Montana.

We would love to get the word out so that local veterinarians, ranchers, farmers, and others know that soon there will be educated, employable and well trained vet techs and vet assistants in Montana ready to hit the ground running with their careers.

I have attached a media release with more information and two images. Caption information for the images is at the bottom of the media release.

To learn more about Pima Medical Institute, please visit www.pmi.edu. Pima Medical is a premier health care career college with 15 campuses across the western United States. It offers multiple bachelor's and associate degrees as well as certificates in various health care specialties.

Utah Man Ordered to Pay Over $97,000 in Restitution to Montana State Fund

Pleads guilty to stealing workers' compensation benefits for six years

Last week, Utah resident Benjie Leroy Christensen plead guilty in Lewis & Clark County District Court to felony theft for receiving Montana workers' compensation permanent disability payments for six years while he was actually performing construction work.

In September 2014, Christensen, 52, was accused of defrauding the Montana State Fund for $97,352.71 in wage loss, medical, and prescription benefits he received from 2008 to 2014. Christensen pleaded guilty to the felony theft charge in District Court in Helena and was sentenced on May 21 to ten years at the Montana Department of Corrections; all were suspended and Christensen will remain on supervision. He was also ordered to pay restitution to Montana State Fund in

Assistant Attorney General Mary Cochenour alleged Christensen lied about being permanently disabled after sustaining injuries while working at Montana State Prison in Deer Lodge in 2000 and again in 2001. Christensen was found to be permanently disabled by a physician in January 2004, and began receiving permanent total disability payments from Montana State Fund in April 2004.

Seven years later, a registered nurse was sent to Christensen's home in Vernal, Utah to evaluate his condition because Christensen and his doctor had failed to communicate with Montana State Fund. The nurse noted Christensen was in good physical condition, and that there were several construction tools on his front porch. In 2012, Christensen told a Salt Lake City physician during another medical evaluation that he couldn't lift anything heavier than a gallon of milk and that his wife took care of him because he couldn't be left alone.

However, investigators from the Montana Department of Justice's Division of Criminal Investigation and Montana State Fund learned after observing surveillance video footage in 2013 that Christensen was actively engaged in construction activities, including walking up and down a ladder several times, lifting pieces of lumber, stacking lumber, and throwing lumber. Last year, the State's investigators visited homeowners who had hired Christensen for construction work, and learned that he owned a business named B & C Construction, which he advertised on Facebook. Investigators also learned that Christensen had been paid over $202,000 for work he had completed as a subcontractor in Utah from 2010-13. The State's investigators also discovered that Christensen had applied for four other work comp claims in Utah between 1987 and 1989.

"This case sends a clear message that we will find and prosecute anyone who defrauds Montana's workers' compensation system, no matter where you live," said Attorney General Tim Fox. "My thanks to Assistant Attorney General Mary Cochenour, Division of Criminal Investigation Agent Tony Poppler, and the staff at Montana State Fund for their thorough and tenacious efforts on behalf of Montana's employers and employees."

Laurence Hubbard, president of Montana State Fund, noted that the Christensen case involves one of the highest claimant fraud restitution amounts in recent history. "Workers' compensation fraud is theft, plain and simple. It hurts all businesses paying into the system, so it is vital that we prosecute these cases vigorously. We appreciate the collaborative work between Montana State Fund and the Montana Department of Justice that enables us to preserve benefit funds for injured workers who truly need them."
