CUBS CONTINUE WINNING STREAK

The Cubs had a non-conference win over the Mission Valley Mariners 6-2.

The Mariners scored in the first inning after Cubs pitcher Gabe Hupp struggled to start with, hit batters and wild pitches before getting settled and earned the win.

The Cubs started scoring in the 2nd inning when Mark Waldrup doubled to bring Hupp in and Chris Carson hit for a single and sent Waldrup home. Jamey Richardson got a single to sent Nate Simkins home. Richardson and R.J. Fitzgerald doubled in runs and Logan Wilson hit in a run for the final score.

Billings Area Sexual and Violent Offenders Targeted in Compliance Check Operation

With the goal of locating offenders who aren't in compliance with Montana' s Sexual or Violent Offender Registry, Montana law enforcement agencies conducted an intensive compliance check in Billings from June 23 through June 26. During the operation:

- 233 offender address verifications were conducted.
- 17 known non-compliant offenders were brought into compliance.
- 24 people were found to be non-compliant (offender has failed to notify law enforcement of a change of address/not residing at registered address).
- 5 arrests were made (4 probation violation, 1 outstanding arrest warrant).
- 1 runaway / missing person found at an offender's residence.

The Billings Police Department, the Montana Department of Justice's Division of Criminal Investigation, the Montana Department of Corrections, federal probation authorities, and the U.S. Marshals Service participated in the operation.

Offender compliance checks were initiated by Montana Attorney General Tim Fox in 2013. To date, law enforcement agencies have conducted operations in Billings, Great Falls, and Missoula.

Under Montana law, convicted sexual or violent offenders must register their address of residence with local law enforcement. The information is provided to the Montana Department of Justice and input into the Sexual or Violent Offender Registry (SVOR). Depending on their tier level designation, sex offenders must verify their addresses with law enforcement on a regular basis (by law, violent offenders are not given a tier level). When an offender fails to verify his/her address, he/she falls out of compliance with the registry.

- Tier III (the most dangerous) sex offenders must verify address every 90 days
- Tier II sex offenders must verify address every 180 days
- Tier I and non-designated sex offenders must verify address once per year

Montana's SVOR, which tracks an average of 2,300 sexual offenders and 3,300 violent offenders at any given time, is viewable online at https://app.doj.mt.gov/apps/svow/default.aspx On-line visitors may also register for free email notifications that allow them to be automatically notified whenever a sexual or violent offender moves into a zip code of interest to subscribers.

COMMISSION APPROVES HUNTING LICENSE SALES FOR TENDOY BIGHORN SHEEP DEPOPULATION EFFORT

On Thursday, Montana's Fish & Wildlife Commission approved the sale of over-the-counter bighorn sheep hunting licenses for the Tendoy Mountains as part of an effort to depopulate a chronically diseased herd.

The either-sex bighorn licenses – valid for hunting district 315 (Tendoy Mtns) – will be available for purchase for a two week period beginning August 3. The licenses will cost $125 for residents and $750 for nonresidents. The archery-only season will run from September 5 through September 14, while the general season will run September 15 through November 29. The goal of the hunt is to remove the entire population of bighorn sheep, which has struggled with disease issues since 1993. Once this removal is complete, a new disease-free group of sheep will be transplanted into the area.

Hunters interested in purchasing a bighorn sheep license for the Tendoys should note the following:

- Hunters successfully harvesting a ram or lamb (of either sex) as part of this hunt will have to wait seven years before applying for another bighorn license;
- Hunters that have harvested a ram in the previous six years cannot take a ram or lamb in this hunt;

Dinner in the Park this Thursday

Milton Menasco's music has been described as a country-fried, electric-fueled, reggae explosion. This one-of-a-kind artist from Bozeman, Montana, blends reggae, country and funk into an unforgettable sound.

Milton Menasco's songs are catchy, soulful and have a genuine roots feel. Menasco finds the perfect balance between original material and covers. With his ability to call out tunes by artists such as Johnny Cash, Bob Marley and Willie Nelson at the drop of a hat, a Milton Menasco show is like nothing you have experienced before. To listen to his music, visit his website at miltonmenasco.com.

Milton Menasco will be performing at the Southwest Montana Art Council's Dinner in the Park this Thursday, July 16, at 6 p.m. in Jaycee Park. There will be a free art activity for kids of all ages as well as local art for sale.

Dinner will be made by Rotary. The dinner for purchase this coming Thursday (July 16) will in fact feature "slow-smoked, pulled pork" with all the "fixins", with the meal coordinated by our local but nationally famous chef Gary Lorenzen.

- Harvested rams must be brought to FWP to be checked (rams of ½-curl or larger will receive an identifying plug by FWP in one of the horns);
- All hunters harvesting any sheep in this district must call the Harvest Reporting Line at 1-877-FWP-WILD (877-397-9453) within 48 hours of the kill;
- FWP will contact license holders and request their help in collecting biological samples from harvested bighorns to assess herd health;
- Hunting District 315 boundaries were shrunk in 2015 and no longer include the Beaverhead Mountains south of Pass Creek;
- There may be high concentrations of hunters in this area especially around season opening and closing dates.

FWP Area Biologist Craig Fager estimates the Tendoy herd at approximately 30 to 40 sheep with approximately four to six adult rams.

"There has been significant interest in this hunting opportunity both from residents and nonresidents," said Fager. "We anticipate the majority of bighorns will be harvested pretty quickly; however, this is a new form of sheep management in Montana and there is a chance that some sheep will survive into October and November. Hunters should recognize that opportunity will diminish as the fall progresses. I encourage individuals that are interested in this unique opportunity to assess their own ability to scout the area prior to the season."

Bighorn sheep in the Tendoys have experienced two pneumonia die-offs in the last 25 years. The population has been augmented three times since 1997, but the population has not rebounded because disease is likely being carried by some of the surviving sheep.

Fager confirms it make take up to two years to remove all the members of the current Tendoy bighorn sheep herd. Any not taken by hunters will be removed by FWP. Once depopulation is complete, about 50 bighorns from healthy populations will used to restock the area. City Council
