JAMES "JIMMY" MOUNTJOY

7-20-58 - 7-14-15

Jim was born in Dillon, MT to James and Lois Mountjoy. He grew up working on farms and ranches around the area.

Jim was a man capable of anything he wanted to do. His family had a flower shop in town and he also worked at the Dillon Tribune. When the jet crashed into the grain tower in 1980; he lost the tip of his finger in the binding machine that same day. He used to joke about not being able to ten. Shortly after that me moved to Jackson Hole, Wyoming, and was proud that he helped the local paper gain national recognition as one of the best small town papers anywhere.

He had a bad motorcycle wreck there and came back to Montana after that. He worked on a highway crew in Helena. He was a trucker for awhile and travelled the entire country. He also worked on ranches and once got kicked in the head by a bull and was "knocked-out" reportedly all afternoon out in the Big Hole valley. He also worked as a logger from time-to-time. Jimmy also spent time living and working Costa Rica, so he could be near his sister Janet. He worked at the local ski hill, Maverick Mountain, for Red Kamps and later for Randy Shilling as lift manager. He loaded 10,000 kids on that lift and loved helping and teaching children.

Jim was all about family and friends. He cared for his parents when their health declined and later lost his dear sister.

He was a good friend. Jim had several loves in his life, but never married. He gave everything to them. He gave everything he had to everyone he knew. Some would say he was too nice, and got taken advantage of ... but that is not how he saw it. Friends were family and cared more for them then for money or things. Anytime you wanted him to help...the answer was yes. He was always good company and happy to be with you. There are many stories of Jimmy stepping forward to help in big ways without being asked.

Jim bravely fought a ten year battle with frontal lobe dementia. The decline was slow at first and he was not diagnosed until recently, when the disease became more aggressive. He was dignified and humble and strong in his fight and he was loved by all those who knew and cared for him.

He is preceded in death by his father James Shannon Mountjoy, his mother Lois Gilbert Mountjoy and his sister Janet Mountjoy Drescher.

See ya around "One Arm"!

NSF Travel Plan Map:
 BY: MJ
 The Forest Service is now in the process of amending travel management plans on federal lands. The National Forest Service (NFS) manages the use of motor vehicles on 280,000 miles of NSFS lands nationally.
 Beaverhead County's economy is directly impacted do to the large amount of federal lands within the county. Over the past 50± years there has been many roads in the Beaverhead-Deer Lodge National Forest closed. In the song's lyrics "Puff the Magic Dragon" where an imaginary world existed' things came and things went. It might be said that with modern technology and computers the documentation of old roads and trails might go away and no longer show up on maps or other documentation. Many of these roads and trails were the interstate highways in time gone by.
 Yes, it is true the times have changed and mode of transportation on federal lands has went from horse and wagon to vehicles with motorized wheels that present a whole new set of problems for the landscape. Management policies must exist to sustain the lands for the good of the whole but let us not be dishonest about the existence of past roads and trails.
 In a real world where humans could follow laws that tomorrow would not be redefined by an attorney, we did not sell our souls for employment advancement, we did not take bribes, we did not let our own ideology enter into our decisions and were able to step down from our bully pulpit allowing for compromising then managing the federal lands might be better for all.
 If you have any interest in the management of federal lands travel management policies contact one of the county commissioners with your concerns or ideas. Understand the process by asking the commissioners what the protocol between the county and federal agency is on the Travel Plan changes and if the county is allowed any input. By attending public meetings you can have input however the county commissioners are your representatives at the table.

Beaverhead-Deerlodge NF Selects New Deputy Forest Supervisor

The Beaverhead-Deerlodge NF has selected Scott Snelson as it's new Deputy Forest Supervisor. Snelson comes to SW Montana from Minnesota where has been serving as the District Ranger for the Laurentian District of the Superior National Forest in the Arrowhead Region of Northern Minnesota.

Prior to working on the Superior NF, Snelson worked on the White River NF of Colorado where he served as District Ranger for the Aspen and Sopris Districts. He also served as the Forest Staff Officer for Fish, Wildlife, Watershed and Soils and Subsistence on the Tongass National Forest in Alaska. In Montana, Snelson worked for the State of Montana as a fisheries biologist, restoration ecologist and watershed coordinator before returning to the US Forest Service as the Forest Aquatic Ecologist for the Superior National Forest in Northern Minnesota.

"My family and I are wildly excited to be returning to Montana, a place where we have deep roots," said Snelson. "I am very much honored and looking forward to joining and working with the communities of the Beaverhead-Deerlodge National Forest as we take on the challenges of stewarding the amazing public trust resources."

Snelson grew up in Central Minnesota where he lived to camp, hike, hunt and fish. Snelson began his land management career as a farm hand on his Uncle's dairy farm in Northern Wisconsin where he spent his summers helping his uncle scratch out a living from the rocky loam landscape. Snelson spent 16 years in Montana where he earned both his bachelor and Master of Science degrees from Montana State University in Biological Sciences and where he worked as a US Forest Service trail crew foreman in the Bob Marshall Wilderness and a fire fighter.

Snelson and his wife Heidi have two adult daughters, the oldest is a Forestry graduate from the University of Montana in Missoula, and the youngest is a massage therapist and lives in Duluth, Minnesota. Snelson begins work at the Beaverhead-Deerlodge NF July 27.

FWP to Lift Some Fishing Restrictions on Big Hole River

Montana Fish, Wildlife & Parks is alerting the public that angling restrictions will be removed on the Upper Big Hole River on July 18, 2015 as a result of cooler weather patterns. Restrictions may be reinstituted if weather warms and water temperatures rise in the coming weeks.

Lifting the restrictions on Saturday means the Big Hole River from the Headwaters downstream to MFWP Maiden Rock Fishing Access Site will be open to fishing for all hours of the day. Criteria for removing hoot-owl restrictions have been met in the upstream reaches.

Although the lower two sections nearly reached the criteria for removing restrictions, both reaches exceeded 70 degrees on Friday afternoon. Three consecutive days below 70 degrees are required to remove restrictions based on the Big Hole Watershed Committee Drought Plan.

The Big Hole River has a detailed drought management plan put together by the Big Hole Watershed Committee. Not only does this plan provide criteria for regulating fishing restrictions based on water temperature and flow, but it encourages irrigators to reduce diversions to help protect fisheries and aquatic ecosystems.

FWP is an advocate of the locally-developed drought plan and will continue to follow the criteria for implementing and removing fishing restrictions.

Weather forecasts are projected to be in the mid 80s next week and temperatures exceeding 70 degrees are anticipated in the lower Big Hole River.

Regional Fisheries Manager Travis Horton says biologists are continuing to watch water temperature and flows on Southwest Montana rivers.

For up-to-date information on restrictions related to drought, visit fwp.mt.gov/news/restrictions.

FALL SPORTS MEETING

The pre-season meeting for the fall sports season between parents, athletes and coaches will be August 11th. The meeting will start at 7:00 pm and includes the sports of football, cross country, golf and volleyball. Plan ahead and get your appointment for your sports physicals out of the way. For more information call the school at 683-2361.

The Dillon Relay For Life Presents

Paint The Town Purple Week

Please join us in celebrating Relay week!!!

Relay for Life, Friday, July 24th – Barrett Hospital Kennedy Trail 6:00 pm

MONDAY, 7/20

"Purple Pride Day"...share a purple ribbon day. Anyone interested in picking up a **FREE** purple ribbon to give to someone can stop by The Bookstore, 3D, NV Salon, Womack's Printing or the Knock About. By sharing a purple ribbon you are sharing **HOPE**, which is what Relay for Life is all about.

TUESDAY 7/21

"Purple In & Out Day"...eat, drink, wear purple day. Purple is the color of the Survivor t-shirts every year at Relay. Relay supports **ALL** Survivors of **ALL** cancers and a person becomes a Survivor the minute they hear the words "you have cancer". 47¢ of every dollar raised goes to programs that help support Survivors in Montana.

WEDNESDAY 7/22

"Tie a Purple Ribbon Day"...tie a ribbon around your antenna, mailbox, a pole downtown etc. Show your support to everyone whose lives have been affected by cancer one way or another.

THURSDAY 7/23

"All Out Purple Day"...wear purple clothes, hair, fingernails, hats etc. Show your support in wearing purple today for the families and friends left behind because cancer stole a loved one from them all too soon. Wear something silly to show cancer it can't steal the fun everyday.

FRIDAY 7/24

RELAY DAY - "Wear a Relay T-shirt Day"...wear a t-shirt from past years, if you don't have one just wear some more purple or pin a purple ribbon on. Today is the day where all of the fundraising and planning pay off. Today is the day we **FIGHT BACK**. If interested in having a great time come to Relay for Life tonight at Barrett Hospital Kennedy Trail. The fun starts @ 6:00 pm.
