RESTRICTIONS REINSTITUTED ON JEFFERSON & PORTIONS OF THE BIG HOLE

Montana Fish, Wildlife & Parks has reinstituted "hoot owl" angling restrictions on the entire Jefferson River and the following stretches of Big Hole River effective Tuesday:

- Maiden Rock FAS to the mouth
- Saginaw Bridge on Skinner Meadows Road to North Fork Big Hole River

"Hoot Owl" restrictions close the noted river stretches from 2 p.m. to midnight.

The restrictions come after close monitoring of water temperatures and river flows showing that recent warmer weather caused the rivers to again meet restriction criteria (restrictions had been briefly lifted last week).

FWP follows guidelines set by the Big Hole and Jefferson drought management plans.

The following stretches of Region 3 rivers remain closed to fishing from 2 p.m. to midnight daily:

- Ruby River from Duncan District Road to confluence with the Beaverhead River;
- Shields River from its mouth upstream to its confluence with Smith Creek;
- Lower Madison River from Ennis Dam to the Missouri River Headwaters;
- Lower Gallatin River from its confluence with the Madison River at Three Forks upstream to Sheds Bridge (Hwy 84) near Four Corners;
- East Gallatin River from its origin (at the confluence of Rocky Creek and Bear Creek) to its confluence with the West Gallatin River

For up-to-date information on drought-related restrictions, visit http://fwp.mt.gov/news/restrictions/.

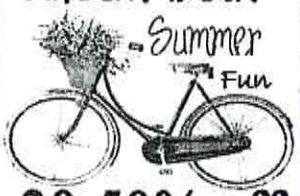

Zoning 8.3.15

By: MJ

Meeting was called to order by Chairman Mr. McIsaac. Second item on the agenda was; Housing Project @ 714 Barnett Ave. The chairman informed the 30+ people in the audience to send in emails to the city attorney, city or committee explaining their ideas on how to deal with the Barnett Ave. development.

Question: why were the people not allowed to verbally express their opinions at the meeting? *Fourteenth Amendment of the U.S. Constitution states that fairness and equal treatment or, "due process" & "equal protection" are a given right to the people.* You have a right to have your voice heard, factually argue your point of view, listen to the opposing views and work with the conclusions. It appeared the board did not want to listen at the meeting.

Signs: Mr. Brown, representing the Dillon Bar explained the animated advertising sign he wishes to put on his building. Brown argued that the city allowed the McDonalds animated sign therefore he was entitled to put one up. Mr. Mooney explained to Brown that the McDonalds sign did not come before the zoning committee. The committee denied the sign until the committee has had time to review the zoning document and a possible rewrite on animated signs.

Atomic 79 representative made a presentation explaining the neon sign they were asking approval for and to be placed on the building. The board approved the sign with the conditions that the rowels on the spurs could not move.

Zoning District changes: Idaho Street; Barry Briggs presentation with 11+ signatures requesting that the zoning not be changed. The board will be holding a public hearing on the issue. Barnett Ave; there is a request to change the zoning from R3 to R2. There was a map of the area along with GIS identification of all property owners involved to the committee. There will be a public hearing held.

Porch Enclosure: Mr. and Mrs. James was denied the right to enclose their existing deck on their home for not qualifying with setback rules quantified in the zoning document. They had a deck and were trying to enclose it. The board is taking another look at their decision and possibly will reverse decision because of confusion with the zoning document. The board is taking another look at their decision and possibly will reverse decision because of confusion with the zoning document.

Problems: Would it solve many problems is the representatives of the local government would review the zoning document and possibly add amendments that would allow the document to better serve the area.

Question: *Is the document taking the community backwards and blocking the free market from being an affective and beneficial tool for the community? Seems all that is being done is putting out fires.*

CHILDREN LEARN HORTICULTURE AT MONTANA WESTERN COMMUNITY GARDEN

University of Montana Western X Camp kids visited the campus community garden this week with Environmental Science Professor Linda Lyon.

"The kids were fabulous. They asked insightful questions and had a surprising knowledge of plant-life," Lyon said.

While at the garden the children sampled raspberries, placed university student made beehives and learned about different plant habitats, flower anatomy and bees.

X Camp Coordinator Timi Miles said, "The kids were truly involved and engaged because they could explore and be hands-on. That is what X Camp is all about."

The camp created by Montana Western's School of Outreach is in its second year and includes week-long camps for the visual arts, language arts, outdoor sciences and world history. It promotes creativity and keeps kids in grades two through five engaged in fun and educational activities during the summer, Miles said.

The community garden was started six years ago as an outdoor classroom. It grows enough fruits and vegetables to contribute to Montana Western's dining services.

For more information on X Camp contact the Montana Western School of Outreach at 406-683-7537.

Community garden information is available by calling Lyon at 406-683-7075.
