RATTLESNAKES! WITH ROGER SIEMENS

Rattlesnakes are fascinating, misunderstood and potentially dangerous creatures. Although feared by many people, they were revered by some Native American tribes. They are often needlessly killed yet they are an important predator feeding on mice, ground squirrels, and small rodents. If you've never seen a rattlesnake up close join us on August 8, at 2 PM in the Group-use area at Bannack State Park. We will separate the myths from realities with rattlesnake expert Roger Siemens. Roger will explain the role these interesting animals have in the environment and share some of his many encounters with rattlesnakes. He will demonstrate how rattlesnakes use their senses to obtain food in a dramatic strike demonstration. You can safely get up close and personal with live rattlesnakes during this special program! In case of rain the program will take place in the shelter.

After graduating from the University of Montana with a degree in wildlife biology Roger went to work for the US Forest Service and retired after a 35 year career. His interest in reptiles began in 1985 after moving to Silver Star, Montana where he had numerous encounters with rattlesnakes. Today, he and his wife operate a small natural resource consulting firm and specialize in animal damage control of nuisance animals, including rattlesnakes.

All Saturday programs are free, out of state vehicles pay a $6.00 park admission fee. Park hours are 8 a.m. to 9 p.m. every day. For more information please call 406-834-3413.

GREAT HARVEST BAKE DAY SUCCESS

The Great Harvest Bake Day was a great success due to the hard work of the crew there and the citizens who supported the project of the Dillon Main Street Improvement Group.

The latest update on the project is that the corners should begin immediately after Labor Day. R.E. Miller has the contract and now must order all of the supplies, lamp posts, benches, wastebaskets, etc., to complete the work. The good news is that because the project is funded with federal money, all of the products used must be produced in the USA. Millers anticipate that it will take about three weeks to get the supplies in their hands. That puts the start date the week before Labor Day.

As all of Dillon knows, the motor traffic and pedestrian traffic is congested at best during the Beaverhead County Fair and the Labor Day Rodeo and Parade. The corner of Bannack and Montana will be blocked while the bump outs are being built for the safety of the driving and walking public. It is not practical to have that corner blocked during the festivities. Ergo, the project will be delayed until then.

Keep watching, it is going to happen and the first steps to make downtown more inviting to the public. There will be spots to linger and visit and just enjoy our amazing downtown.

BARRETT HOSPITAL & HEALTHCARE PATIENT SURVEYS

by BHH Patient/ Family Advisory Council

The Patient & Family Advisory Council of Barrett Hospital & HealthCare is a group of former patients, family members of those patients, and hospital staff, physicians, and administrative leaders committed to finding opportunities to improve the patient and family experience. Our group regularly receives the results of the Patient Surveys conducted by the hospital. We had some questions about the process and thought we should share the answers with the rest of our community.

BHH continuously asks for feedback from their customers for two main reasons: 1) they want their patients to have the best experience possible when receiving services and 2) the Centers for Medicare & Medicaid Services (CMS) require it in some instances.

BHH surveys 7 different patient populations. CMS requires that BHH survey all inpatients age 18 and older, as well as all Home Health patients and the families of Hospice patients. BHH also surveys all Outpatient Surgery patients and a sample of Emergency, Outpatient (Laboratory, Imaging, and Therapy), and Clinic patients.

BHH uses an outside vendor, Press Ganey out of Indiana to conduct the surveys. Medicare requires that a certified vendor be used for their mandatory surveys, and Press Ganey has over 30 years of experience in hospital patient surveying. They use scientifically tested survey tools and have a team of analysts that produces statistically valid reports. They also provide valuable guidance on how to improve patients' experiences based on their research of thousands of facilities across the nation.

Most surveys are mailed within a few weeks of a patient's visit. The clinic has been using a phone survey, but is in the process of switching to a mailed survey based on feedback from the community that a mailed survey is preferred. Press Ganey does have a process in place to ensure that one patient does not receive multiple surveys, however occasionally that is unavoidable due to sampling requirements. E-mail surveys are a possibility in the future, however CMS does not allow the use of e-mailed surveys at the present time.

Results, including comments, are shared regularly with Barrett Hospital & HealthCare Board of Trustees, Patient/Family Advisory Council, Management, Medical Staff, and Employees. BHH uses the reports and comments to improve patients' experiences and they appreciate all who take the time to complete and return surveys.

The next time you get a survey from Barrett Hospital & HealthCare, please take a few minutes to provide your feedback and help make our community hospital the best it can be.

Letter to the Editor

Message: Mr. Will Durst,
In my opinion on the current federal politics, anybody except Hillary is better than what we now have in D. C. I am all for term limits in the Senate and Congress, too much corruption.

RE: Mr. John Ranno,
Sorry about your sign, we were curious as to the McDonald\'s and Town Pump signs, as we disagree with them in our small rural town, we don\'t shop there. Water is still free in McDonalds. We have small business\' and we try to support other small business\'. The sign at the town pump is eye level to many vehicles and can cause an accident.

Thanks for the daily paper.

REMINDER: BOZEMAN '15 & FORWARD LISTENING SESSION MONDAY

Montana Fish, Wildlife & Parks (FWP) is looking for public input on values, needs and priorities for the agency as part of its '15 & Forward initiative. Region 3 will be holding a listening session this Monday, August 10, from 6 p.m. to 9 p.m. at the Regional Headquarters in Bozeman (1400 S. 19th Ave.).

FWP is interested in hearing from a diverse public including (but not limited to) hunters, anglers, birdwatchers, hikers, mountain bikers, kayakers, boaters, and other outdoor enthusiasts.

The '15 & Forward initiative will help update FWP's vision and be a foundation on which it builds programs and services that hold the most value for the public and Montana's fish, wildlife, recreation, cultural, and state park resources.

In Region 3, both Butte and Helena sessions already occurred with great turnouts. Sessions have also been held in Billings, Miles City, Missoula and Great Falls. There is also a listening session scheduled for Kalispell on August 12.

Members of the public that can't make a listening session can weigh in online at fwp.mt.gov by following links to "Submit Public Comments" and "Doing Business."

Listening sessions last three hours and refreshments will be provided. The public is encouraged to RSVP by emailing FWP15andForward@mt.gov.
