Beyond The Sunset

Should you go first and I remain, to walk the road alone,
I'll live in memories garden, dear, with happy days we've known.

In spring I'll wait for roses red, when faded, the lilacs blue.

In early fall when brown leaves fall, I'll catch a glimpse of you.

Should you go first and I remain, for battles to be fought.
Each thing you've touched along the way will be a hallowed spot.

I'll hear your voice, I'll see your smile, tho blindly I may grope,
The memory of your helping hand will buoy me on with hope.

Should you go first and I remain, one thing I'll have you do:
Walk slowly down that long long path, for soon I'll follow you.

I want to know each step you take, so I may take the same.
For someday down that lonely road, you'll hear me call your name.

New Business Sign

By: MJ

"Welcome to Dillon, Unfair Government" is the new sign painted on the side of the Dillon Bar building by the proprietors. It is a sign that expresses of the owner's experience while working with local government representatives. The sign is the results of the Zoning Committee denying the Dillon Bar the right to put up an animated sign because it does not comply with the zoning compliance. Dillon Bar representative argued that if McDonalds was given a permit for their sign so why can't Dillon Bar.

When a zoning document is causing the city multiple problems, in the form of law suits and derogatory signs, maybe it is time to change it. Is the document today hindering or helping the economic growth of the community? New buildings and new business increase the tax base for the city and tax dollars is what fills the city's coffers.

Over the years I have watched many sub-divisions created and fill up with beautiful new homes. People build outside of town because taxes are less, larger parcels of land, more privacy... How many of those people in the subdivisions work within the city, thus using the infrastructure yet paying no usage fees or city taxes? Is this fair?

THANK YOU

We want to thank a wonderful caring community for taking care of us during the time we had to take care of our husband, son, father, grandfather, brother, and friend, Robby Joseph Worrell. We will always remember the special people who stepped up when we couldn't handle our trials ourselves. We want to thank Ron and Julie Briggs, Stan Smith, Beaverhead County Law Enforcement, Brandon Turney, the Mormon Church, everyone who brought food into our home to feed this enormous group of loved ones and anyone else who came to care for our needs. For the cards and phone calls and love that has been extended to us during this trying time. Thank you, thank you so much.

Letter to the Editor

After reading J.P. Plutt's article in the Aug 19, 2015 issue of the Dillon Tribune regarding the Monida right of way I made an appointment to meet with County Attorney Fitch. Owning property adjoining Lot 8B I was interested to know what portion of the \$27,000.00 was land cost being reported to the State Department of Revenue for property valuation reasons.

Lot 8B, C.O.S. 857, was created in 1993. It is not part of an "Original Plat of Monida". This lot which the commissioners voted to purchase on Monday, August 17th is a parcel of land consisting of .28 acres with a demolished foundation full of debris - no buildings. Just a mess. The deed was signed on Wed., August 19th - the day before I met with Mr. Fitch. Pretty fast turn around from the vote on Monday the 17th. The selling price is reported as \$13,500.00 and all will be reported to the State as land costs. That's about \$47,250.00 per acre, in Monida, Montana. This price in no way reflects real market value. But the County needed the property. Okay, done is done.

According to Mr. Fitch, the other \$13,500.00 will purchase a portion of Lot 6, C.O.S. 857. This portion of land sits wholly in the existing County road measuring 33' X 25'. This road has been maintained by the County and open to Lakeview year round. The County has placed speed limit signs on the road. The Monida-Lakeview Road is mentioned on this exact spot on Deeds dating as far back as 1937 and that's only as far back as I have found. The County Commissioners are buying roadway that's been in existence for well over 70 years. Mr. Fitch says "the prices on the deeds don't actually reflect the deal that was made." The Commissioners are buying land they don't need to buy and are manipulating the records and not accurately representing the real distribution of the funds. The sale of the portion of Lot 6 is scheduled to close in September.

There's really no answer as to what portion of the \$27,000.00 is going for actual land costs. What is certain is \$27,000.00 for less than three tenths of an acre is equivalent to \$90,000.00 per acre.

Thanks to Mr. Fitch for his openness. He merely is doing the paperwork, the Commissioners did the deal.
