Animated Signage in Dillon

By: MJ

At the zoning committee meeting Sept 8, 2015, allowing animated signs in Dillon was discussed. A member in the audience who worked with a genre of advertng provided information to the committee and offered them a live display of the inner workings of animated signage

Electric Message/Changeable Signs (EMCs) can offer more effective business identification and are a substantial way of advertising for businesses. *Note: "Difficult" might be a word used to define the city's zoning regulations that appears to be inhibiting entrepreneurs from broadening their advertising campaign using modern technology. Advertising benefits business by helping to increase economic viability hence more taxes paid.*

Concerns people have: Keep the historical feel of Dillon; don't want Dillon to look like Las Vegas; animated signs are blinding and the motions of sign takes my eyes off the road... All negative feedback yet there is a great deal of positives associated with animated signs. The signs can be: 1) brighten or dimmed when needed, 2) the size of sign can vary, 3) you don't have to put an animated sign in what is considered an historical area, 4) the message can be changed via a computer, 5) speed of movement can be controlled, 6) height of sign and contents can be defined by local government... **Question:** In many conversations the word "historical" comes up. Does the "Zoning Document" identify the location, type of architecture, lighting, sidewalks, historical time period and etc. that would go along with identifying a historical commercial or residential area?

Yes, the zoning board members are contributing their personal time, putting forth the effort to improve the document. **Question:** Does this group of people have enough time to give the document the rebirth that may be required to create a viable document for Dillon, considering it took 1+ years to produce the original document with outside personal hired and paid? *Note: When a tire continually goes flat it might be cheaper to buy a new one. Is that what needs to happen with this zoning document? It seems the current document has complications that are causing problems for the citizens and the city.*

Let us not shut the door on progress via an unfriendly document that hinders growth and continued success for businesses in the city. Let's not lay a foundation that would cause businesses to move out of Dillon and into the county where the environment might be less restrictive and more business friendly consequently depriving the city of tax dollars. People are resourceful and will find ways to reach their goals. Numerous sub-divisions outside of Dillon is proof of people finding a way.

Director of Operations: Mr. J. S. Turner announced that he was on administrative leave.

BEAVERS BEAT BILLINGS CENTRAL

The Dillon Beavers won 32-28 Friday night with quarterback Troy Andersen throwing 4 touchdowns against one of the states top teams. The Beavers had control of the ball for the last 5 minutes of the game and sealed the victory. The Beavers main problem in the game was Central's 6'6" receiver who pulled down four touchdowns and could jump up and haul down most everything thrown his way.

The Beavers and Rams went back and forth scoring until Tory Walker ran in 2 yards for a touchdown with just over 6 minutes left. With 1:09 left, RF Fitzgerald went for three yards and first down, capturing the win. Fitzgerald rushed for a game-high 111 yards, nearly all of coming after the half; he also added a 20-yard touchdown catch in the third.

Central scored first then the Beavers answered Central's drive with a 73-yard run that was topped by Andersen hitting Gabe Hupp from four yards out to tie the game at 7-7. Andersen hit Payton Lafrentz on a screen play and Lafrentz weaved around the Rams for a 50-yard run and tying the game at 14. The Beavs took advantage of having the ball first in the second half, using less than three minutes to go 65 yards. Fitzgerald's had a 20-yard touchdown catch From Andersen that saw him break at least three tackles for a 26-21 lead. Andersen ended with 15 of 19 and a total of 214 yards as well as having 4 touchdown passes and he had 48 yards of the field.

Montana Western cross country makes history

The University of Montana Western cross country team made history on Friday by running in the first race in school history. In Montana Western's inaugural race, they saw results that head coach Dylan Zitzer was happy about, "I feel good about how they (the athletes) performed today."

The Bulldogs roster is comprised of almost all freshmen, seven women and six men. The women's roster features Mindy Kaufman, Beth Jansma, Gabi Gomez-Wint, Kylie Eliot, Caleigh Buckmaster, Devi Tull, and Amanda Stobie. The men's roster includes Russell Kujala, Paul Bielawski, Marcus Bearmedicine, Cole Davis, Tanner Lehr, and Dalton Delaney.

For the women, they were led by Mindy Kaufman from Teton High School in Driggs, Idaho. Kaufman who finished the race in 15th place with a time of 16 minutes and 14 seconds. She was followed closely by Beth Jansma from Bozeman, Mont. who finished in 22nd place with a time of 16 minutes and 46 seconds. The women did not have enough competitors to achieve a team score.

The men were led by Paul Bielawski, from Shelby, Mont., who finished in a time of 13 minutes and 55 seconds, which put him in 18th place on the day. Russell Kujala followed closely on heels finishing in a time of 13 minutes and 56 seconds and in 21st. The men paced 5th in the meet with a total team time of 111 minutes and 39 seconds.

Kaufman and Bielawski are now school record holders at the University of Montana Western.

Coach Zitzer is very excited about the group, "This first season is all about hard work and progress for these kids, and I'm seeing that every day!"

They will compete again on September 19th at the Montana State University Open in Bozeman, Mont.

Visitor's Center

I wanted to report that the Beaverhead Chamber of Commerce has tallied the attendance of traffic that has come through our Visitor's Center. For only 2 months of July & August, our busiest season of the year, we counted 622 individuals come in through our office looking and interested in the attractions, businesses and resources Beaverhead County has to offer.

This translates into customers that buy meals, pump fuel, stay in hotels, & shop in our local stores. Not included in this count are the numerous emails, phone calls and welcome packets that we field for our community.

Our website, beaverheadchamber.org also receives hundreds of hits as people search and plan to visit us from all corners of the U.S. At the Chamber, we strive to put the area's best foot forward in promoting our special spot in Montana. We want to congratulate all of our local businesses and customer service entities for a great tourist season that doesn't stop here, but only grows with the popularity of Beaverhead County.
