Ray Quilici

Ray Erwin Quilici, 84, went back to the open range on September 13, 2015. Ray was born to Gilbert & Maude (Maddox) Quilici on July 5, 1931 in Dillon, MT. Ray attended school in Twin Bridges for a few years, he went to work at a very young age, working cattle, which is what he would end up doing for most of his life. He was called away for a little over 3 years in 1949; he was enlisted in the Army and fought in the Korean War. Upon his return he had encountered a woman, that he had met years prior, the first meeting didn't go so great. The second meeting, he was able to convince her that he was a pretty good guy. She later became his wife and remained to be the love of his life. Ray and Nellie (McClaren) Quilici, were married in Dillon, MT on August 22, 1956 at her parent's home, John and Gladys McClaren. Ray had worked for various ranches throughout most of his life; he did stray away for a short time and worked as a guard for the prison in Deer Lodge, MT. He was on duty during the prison riot that occurred in 1959. Ray and other guards were taken hostage for approximately 36 hours. Afterwards, he decided that was enough excitement and returned to doing what he loved, and that was being a cowboy. He knew that life better than anything else and he was good at it. In 1966, Ray and Nellie moved their family to Odessa, WA where they remained for 47 years. Ray was involved with the local VFW and American Legion for most of his residency in Odessa.

Ray was a simple man. He loved deeply and patiently. He was strong and firm, was selfless and always greeted you with a smile. Ray leaves behind, his loving wife of 59 years, Nellie Quilici. He is survived by their children Rita (Stan Butler), Ray (Tina) Quilici, Nanette (Jason) Flowers, Arlee Riley, Janet Tapia, Tony Quilici and Roger McQuiston, his brother Byrl Quilici and sister Cedillia, along with numerous nephews and nieces. As well as 17 grandchildren, 27 great grandchildren and 10 step great grandchildren.

Memorial Services will be held at the Odessa Christ Lutheran Church, 602 Amende Dr, Odessa, WA. 99159 on Saturday, October 3, 2015 at 2:00 PM. Please sign the online guestbook at www.kayserschapel.com

If wanting to send arrangements/ pay respects and cannot make the memorial please call local Sweet pea Floral 5099820052 708 E 2nd Ave, Odessa, WA 99159

Montana Joins Multi-State Investigation

German automaker Volkswagen accused of deceiving customers, falsifying emissions test results

Attorney General Tim Fox announced today Montana has joined several other states to launch an investigation into Volkswagen for altering software to produce false results on vehicle emissions tests.

Attorneys general from at least 32 states and Washington, D.C. will work together to investigate allegations that Volkswagen equipped 11 million diesel vehicles with software that could be used to cheat on emissions tests, potentially deceiving consumers and violating clean air standards. As part of this multistate investigation, the attorneys general will send subpoenas to Volkswagen. Many states will review the matter through both their consumer protection and environmental protection divisions.

Attorney General Tim Fox said, "Growing up, my folks owned a car dealership, and I know how important it is for consumers to be treated fairly when they purchase a big-ticket item like an automobile. Emissions standards are important anti-pollution features that Montana consumers seriously consider while making their vehicle purchasing decisions. Any required repairs to correct emission problems may result in lower fuel economy and higher fuel costs, which also may violate Montana's consumer protection laws." Attorney General Fox added, "We look forward to working with other attorneys general across the country to investigate these allegations of consumer fraud leveled against Volkswagen, and to make sure Montana's Volkswagen diesel customers and our environment are protected to the fullest extent possible."

A list of affected Volkswagen and Audi models and model years, as well as FAQs for vehicle owners, are available at the U.S. Environmental Protection Agency's recall website.

Montana consumers who own one of the affected diesel cars are welcome to file a complaint with the Montana Department of Justice's Office of Consumer Protection online at <https://dojmt.gov/consumer/> or by calling 1-(800) 481-6896 toll-free within the state. Consumers may also email contactocp@mt.gov for more information.

Zoning Board

By MJ

Members present: Mr. Mooney, Mr. Schwandt, Mr. McIsaac and Mr. Graham.

BeaverPride: Zoning compliance certificate #2279 (townhouse construction) in the Beaver Pride sub-division was discussed. Chairman McIsaac stated that the board had misinterpreted the zoning document. A motion was made and passed to allow the townhouses to be built. Mr. Stoker stated there was a parking space in the rear of building. The setbacks and size of building on the lot were found to be in compliance with the newly presented information from Mr. Stoker. The committee discussed the back door and determined that the side door fulfilled the zoning document regulation. The committee will revisit the definition "back door in back yard" of the zoning document.

Sparky's: Zoning compliance certificate #2283 for a neon sign at the newly remodeled Sparky's restaurant. Once again the application submitted by Sparky's personal was incomplete and the zoning committee could not ok the sign.

Electronic signs: The topic of electronic signs was discussed without any conclusion that would direct the committee in the future. **Question:** Should there be a committee outside the zoning committee that includes people representing all factions in Dillon. The zoning committee is set up to have 7 members however at this time there is only 4 members and this makes for an overwhelming work load.

Historical: Historic buildings, district and etc. was also brought up for discussion without any conclusion or direction. **Question:** What is a historic sign, what does it look like, what would be an allowable size, does it hang on building, does it mount on wall, what type of lighting can be utilized, how bright can the sign be, can the sign have moving parts... **Question:** What is a historic building; what year does it have to be built, is there a construction material used in the building that would qualify it as historical, is there a certain area historical buildings would be located, can the building be updated, does the facade have to be kept intact...

To be fair to the citizens and building owners it appears that some basic facts need to be determined before the committee can make any decisions on what is historical and what it not. **Question:** What is the value of the beautiful historical buildings in Dillon? If you have ideas and suggestions contact any council member, committee member, mayor or anyone else involved. Better yet, if you are interested in the continued progression of the community volunteer to be part of the zoning committee.

BEAVERHEAD RIVER WATER CLARITY ISSUE TO BE DISCUSSED AT OCT. 27 MEETING IN DILLON

In late summer of 2014, the water of the Upper Beaverhead River became markedly cloudy – or turbid. Biologists took note and monitored the conditions, and the river cleared up in the fall. However, after a stretch of warm weather in late spring of 2015, the Upper Beaverhead began running turbid again and has remained that way ever since.

To better understand the potential causes of these water clarity issues, Montana Fish, Wildlife & Parks began sampling in June 2015 in Clark Canyon Reservoir (the headwaters of the Beaverhead) and in the Upper Beaverhead with follow up sampling in July and August. Early analysis of that sampling shows suspended sediment and algae as likely causes for the clarity issue.

To present what is known about these conditions and to describe current investigations and findings on the Upper Beaverhead River and Clark Canyon Reservoir, the Montana Department of Environmental Quality and FW&P will hold a public meeting in Dillon the evening of Oct. 27 from 6:00 to 8:00 p.m. at the Search and Rescue Building. Representatives from both agencies along with representatives from the U.S. Bureau of Reclamation, and the Beaverhead Watershed Committee will be on hand.

The Montana Department of Environmental Quality will make reasonable accommodations for persons with disabilities who wish to participate in this meeting. If you require special accommodation, please contact Alex Smietanka at asmietanka@mt.gov or (406) 444-6749 by Oct. 16.

Join Relay For Life

Have you or someone you love been affected by cancer? Are you ready to stand up to cancer and make a difference in this fight on a local AND global level? Join the Relay For Life planning committee!! Every month, a group of dedicated cancer-fighters get together to plan a fun and meaningful Relay For Life for our local Survivors and the Dillon community. YOU can be part of this! YOU can make a difference! No role on the Committee is too small; everyone is helping bring us closer to a world without cancer! For more information, contact Nicole Anderson at 406-270-6570 or irelay4ryan@gmail.com, Deb O'Neil at 925-0100 or debaoneil@gmail.com, or Misti Wahl at 925-9054 or wahl@q.com.
