FEDERAL INITIATIVE THAT CUTS COSTS

New hospitals and health care providers join successful, cutting-edge federal initiative that cuts costs and puts patients at the center of their care

Medicare accountable care organization initiatives to improve how the health system cares for patients

Yesterday, the Centers for Medicare & Medicaid Services (CMS) announced 121 new participants – representing 49 states and the District of Columbia – in an innovative initiative – Medicare Accountable Care Organizations (ACO's) – designed to improve the care patients receive in the health care system and lowers costs.

Dillon, MT – National Rural ACO 23 LLC was selected as one of 100 new Medicare Shared Savings Program Accountable Care Organizations (ACOs), providing Medicare beneficiaries with access to high-quality, coordinated care across the United States, the Centers for Medicare & Medicaid Services (CMS) announced today. That brings the total to 434 Shared Savings Program ACOs serving over 7.7 million beneficiaries.

National Rural ACO 23 LLC was also selected to participate in the ACO Investment Model (AIM) which was designed to encourage ACO formation in low penetration and rural locations. This model provides ACOs access to the capital to invest in the infrastructure necessary to successfully implement population care management. All AIM ACOs also participate in the Shared Savings Program. Participating in both programs provides ACOs with additional resources to achieve lower costs and higher quality of care for beneficiaries.

Doctors, hospitals and health care providers establish ACOs in order to work together to provide higher-quality coordinated care to their patients, while helping to slow health care cost growth. National Rural ACO 23 LLC will be one of 434 ACOs participating in the Shared Savings Program as of January 1, 2016. Beneficiaries seeing health care providers in ACOs always have the freedom to choose doctors inside or outside of the ACO. ACOs receive a portion of the Medicare savings generated from lowering the growth in health care costs as long as they also meet standards for high quality care. "People across America are going to be better cared for when they go to their health care providers, because these hospitals and providers have made a commitment to innovation, a commitment to change how they do business and care for patients," HHS Secretary Sylvia Matthews Burwell said. "Medicare, and the health care system as a whole, is moving toward paying providers based on the quality, rather than just the quantity of care they give patients. The three new ACO initiatives that are being launched today mark an important step forward in this effort."

Since ACOs first began participating in the program

in early 2012, thousands of health care providers have signed on to participate in the program, working together to provide better care to Medicare's seniors and people with disabilities. The new and renewing ACOs will bring approximately 15,000 additional physicians into the ACO program starting January 1, 2016.

ACOs are delivering better care, and they continue to show promising results on cost savings. In 2014, they had a combined total net program savings of $411 million for 333 Medicare Shared Savings Program (Shared Savings Program) ACOs and 20 Pioneer ACOs. Based on 2014 quality and financial performance results for Shared Savings Program ACOs who started the program in 2012, 2013, and 2014, ACOs that reported in both 2013 and 2014 improved on 27 of the 33 quality measures, including patients' ratings of clinicians' communication, beneficiaries' rating of their doctors, screening for tobacco use and cessation, screening for high blood pressure, and Electronic Health Record use. Shared Savings Program ACOs also outperformed group practices reporting quality on 18 out of 22 measures.

Ultimately, today's announcement is about delivering better care, spending dollars more wisely, and having healthier people and communities. ACOs drive progress in the way care is provided by improving the coordination and integration of health care, and improving the health of patients with a priority placed on prevention and wellness. More information about the Shared Savings Program is available at https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/sharedsavingsprogram/index.html?redirect=/sharedsavingsprogram/

Horse's Mouth

By MJ

Yes, Mrs. .Giles is correct. You should go to the horse's mouth (the person that is directly involved) to get the information you are seeking. **Question:** In today's world is what comes from the horse's mouth the whole truth or is it only a splinter of the truth?

Problem: When you don't look at the opposite end you will receive fragmented information. **Example:** Political Candidates --Are they telling you want you want to hear and will get them elected and is the whole truth? *Follow the money! Is it possible they are telling you what the person with the money, that supports their campaign wants them to say?* **Remember:** The person with the money, that is behind or at the rear end, will lead the head in the end.

Moral of the story is look at both ends before making your own decision.

Search and Rescue News

Submitted by Mel Rice: Public Relations Officer

The Beaverhead Search and Rescue held its monthly meeting Wednesday, January 6th at the S&R building. Commander Tommy Goins presided over the meeting. First order of business was a discussion of the "Stan Shafer Memorial Ice Fishing Derby" to be held January 30th at Clark Canyon Dam. There will be 50/50 pots to be split for each $1000.00 worth of tickets sold. The drawings will take place at main camp at the end of the day. Tickets can be purchased from Unit members out on the ice the day of the derby or at any of the food camps around the lake.

Each year there are numerous door prizes given away. These range from hats to camping/fishing gear, to money. Door prizes will be drawn in the early afternoon of derby day. You need not be present to win one of these. There will also be a $150 cash prize drawn from all derby ticket stubs.

Payouts during the derby are numerous as well. The Search and Rescue will pay out $750.00, split 4 ways, for the top 4 trout turned in by weight. The same is true for the top 4 ling. We also introduced a kid's contest a couple of years ago. The payout is $75 for the largest trout and $75 for the largest ling by weight, $50 for second place in each category by weight, and $25 for third place. Other possible payouts include two tagged fish that will be swimming around the lake. One of the tagged fish is worth $2000.00 and the other is worth $5500.00. Derby tickets are available from S&R members or at various businesses around town. Come out and join us, there should be lots of good ice.

The next order of business was the critique of two callouts the unit had this last month. The first occurred on Dec 26th for an individual whom accidently set off his SPOT while snowmobiling on the north side of the Centennial Valley. Upon further investigation by search manager Park Scott, it was determined the person was fine and had no idea the SPOT had been activated in his pack. A full call out was not necessary. The second search manager page occurred January 3rd. A 911 call was received by the Sheriff's office in the afternoon from a party of snowmobilers on the south side of the Centennial Valley. A member of the group had severally broken his arm and was in need of medical assistance. Search manager Russ Sigman contacted Life Flight out of Idaho Falls to assist. GPS coordinates identified the exact

location of the injured individual. Life Flight dispatched to the location and was able to retrieve the injured person. Again a full callout of membership was not necessary.

Next, Dr. Mike Clarke, training officer, explained the up and coming training for the next two months. First will be a round table discussion, January 25, on emergency and disaster response to a Clark Canyon Dam failure. Procedures and expectations will be discussed. The second training will be February 5-6 on winter survival/avalanche skills. The last one scheduled at this time will be February 17th. This training will be an in depth look at compass use, GPS operations, and reading and understanding various types of maps.

The meeting concluded with the election of officers for the year 2016. Here is the new slate:

- Commander- Tommy Goins
- Vice Commander-Alan Holt
- Treasurer-Brian Vinson
- Secretary-Tara Remely
- Communications-Brad Wagner
- Public Relations-Mel Rice
- Training-Mike Clarke
- Equipment-Larry Skiles
- Board Members-Park Scott, J.D. Mulkey, Chuck Maddox

Under "Good of The Order" the unit was informed of the resignation of three very good/active members. All have other things going on in their lives at this time. Hopefully they can rejoin the Unit at some time in the future. We wish the best to Mike and Angela Keck and Brenda Kirkley. Thank you for your hours of dedication and hard work to the Beaverhead Search and Rescue.

Remember to let someone know where you are going and when you plan to return every time you venture to the great outdoors. Be prepared for the many different situations that might arise while recreating outside. Snow conditions are not the best and the cold and wind have been severe, so take care.

BUTTE TRAPPER EDUCATION CLASS SET FOR JANUARY 23

A trapper education class is scheduled for Saturday, January 23 at the Montana Fish, Wildlife & Parks Butte Area Office (1820 Meadowlark Lane). The class is free of charge and all are welcome to attend. An adult must accompany youth who are under 12 years of age. Pre-registration is required by contacting Vanna Boccadori at 406-494-2082.

The class will be held from 8:30 a.m. to 4:00 p.m. with an hour break for lunch. Topics will include trapping equipment, trap setting, ethics, rules and regulations, furbearer identification, and fur handling. The class is sponsored by the Montana Trappers Association and Montana Fish, Wildlife & Parks.

Class participants will receive a certificate of completion, the Montana Trappers Association trapping handbook, and other informational material. However, please be aware this class does not certify participants for Montana's wolf trapping season. All would-be wolf trappers needed to have completed a formal wolf trapping certification class held in the fall.

For more information contact Vanna Boccadori at 406-494-2082 or Fran Buell with the Montana Trappers Association at education@montanatrappers.org.
