Charles "Chuck " Bennetts

Charles "Chuck " Bennetts passed away Wednesday, January 13, 2016 surrounded family. Chuck had just celebrated his 102nd birthday at the Front Range Assisted living in Fairfield, Mt. A memorial service will be held at the Brundage Funeral Home in Dillon on Sunday at 11:00 a.m. December 17th.

Chuck was born in Virginia City on December 15th, 1913 and moved to the family homestead in the Madison Valley when he was 3 years old. The family consisted of 11 children. Charles was born the 7th son of the seventh son and had three younger sisters. All preceded Chuck in death.

Chuck worked as ranch hand and cowboy in the Valley as a youth until the fall of 1937 when he joined the Montana Power to begin what became a wonderful 41 year career working throughout the state of Montana. Chuck kept an alphabetic list of 109 towns in Montana that he worked in while constructing power lines to the state. His career included long terms stays in both Whitehall and Dillon at the end of his service. This career was interrupted by a short stint in the Army during WW11.

Chuck married the love of his life, Hannah Gallagher January 4, 1941. Hannah preceded Charles in death Bin April of 1994. He was also preceded by his Granddaughter Brittney Bennetts in 2014. They had 3 children Charlie, Jim, and Rita Kay Bennetts Anderson. Chuck was the proud grandfather to 6 grandchildren and 10 great grandchildren. Uncle Chuck was also the favorite uncle to numerous nieces and nephews and a tremendous number of long term friends throughout Montana and touched the lives of all he met!

A luncheon will be held at the Lions Den following the service

BUTTE AREA ELK POACHING**

Montana Fish, Wildlife & Parks game wardens are looking into a case of elk poaching just west of Butte this week.

Wardens responded to an anonymous tip which alerted them to an elk carcass in an area east of Browns Gulch Road and south of Oro Fino Gulch Rd. The person or persons responsible for shooting the elk attempted to hide the carcass, but ravens made its presence on the landscape obvious to the reporting party and responding wardens. Most of the meat had been removed along with the head. Given that the head had been removed and the lighter color of the hide, it is believed to be a bull elk.

In addition to hunting out of season, the person or persons responsible may among other violations be charged with unlawful possession, game unlawfully taken, and criminal trespass.

Anyone with information about this case is urged to call (800) TIP-MONT. Callers may remain anonymous and may be eligible for a reward.

Natural born citizens*Submitted by Chuck Dishno*

I was taught all my life that to be a US President one had to be a natural born citizen- Now- to no surprise- we are told that one is a natural born citizen if one's mother was born in the US. I have never heard this before and assume it is another government interpretation to its own wants. Interesting that a child born to illegal mother- born in the US- is a US citizen- why isn't it a citizen of the country where the mother was born?? All of a sudden the laws and rules of our beloved country can be changed on a whim and we are to put up with it. We have suffered the past 7 years with the worst leadership our country has ever had and it still continues to do anything it wants. What our country was founded on and has been lived up to no longer matters-This next 10 months cannot go by quickly enough and yet I fear what will happen if a candidate wins- not on what HE believes in but what they believe we want to hear. I want the constitution to be followed and the Electoral College done away with and popular vote elects our leaders. When I hear you say you are serving the people of Montana I want you to mean it-not go along with the current president. Montanans do not want what is going on in Washington!!

Parking Issues Continue

By: MJ

With the changing times the needs of the people have changed and that means the city and citizens must change. With these changes comes problems. Let us not forget the city streets are supported by tax payer dollars paid by all and just not a few.

Today you have an auto repair shop where there at one time was a gas station. The repair shop requires parking for vehicles while parts are ordered because you can't just quickly run downtown and pick the part up. Today we have a brewery that many people enjoy however there was no parking allotted to accommodate all the vehicles. The zoning committee is working on putting into place the requirement of the "vision triangle" on the alleys. This would take out more parking spaces. Dillon exists in an agriculture area therefore ranchers/farmers coming to town often will be pulling a trailer. That trailer must be parked somewhere in order for them "shop in Dillon." You have larger vehicles, people who do not want to park close to anyone else's vehicle for fear of being backed into. You have parking spaces reserved by the museum for only their customers, ignoring the fact that businesses across the street depend on their customers finding a parking space. You have apartment houses downtown. The problems are endless and the extend of problem depends on who's eyes you're looking through.

You have people that want all cars, trucks, trailers, motorhomes and etc. removed from the streets. Why? You have an old town with small lots where parking spots were not on the radar in the years gone by. If the streets are void of vehicles what kind of message would that sent to out of town guests? It's a Catch 22 situation.

As you see there are many problems affecting the parking issues. If you have facts and figures showing a workable cost effective solution that will fit Dillon, I'm sure the city fathers would like to hear it. *The city is asking the people to be good Samaritans, good neighbors and be aware of where their vehicles are parked.* That's a small request for the city to ask. Let's step up to the plate and help out.
