Lucille Balfour, 93

Lucille Balfour, 93 of Dillon, MT passed away at Parkview Acres Care and Rehabilitation on March 2, 2016. She was the first child born to Forrest and Myrtle Storey Campbell December 12, 1922 in Anaconda, Montana. She grew up in Anaconda and graduated from Anaconda High School in 1940. While in high school she played violin and viola in the orchestra and small string groups. Great Granddaughter Talana carries on with her violin.

She entered Bozeman Deaconess Hospital Nursing program in the fall of 1941. She was engaged to John Paddock and they married when he was home on leave, October 17, 1942. She finished her nurses training and worked a year as an R.N. at Galen until he was discharged from the Army Air Corp in 1945.

They lived in Anaconda for several years and were the parents of three children, Jim, Bob and Carole. They lived near Pablo in the Flathead Valley and had a dairy for a short time. On returning to Anaconda both she and John worked at the Tuberculosis Sanitarium at Galen. They moved to Dillon in 1961 where they owned a service station. Lucille went back to school in Bozeman and earned her B.S.N. degree at Montana State University. After John died in 1965, she was the Dean of Women at Western Montana College for two years before returning to work as a nurse at Fort Harrison in Helena. She again went back to college and obtained her Master's Degree in Nursing in 1970. In the ensuing years, she also worked for the Indian Health Service; was the Executive Director of the Montana Nurses Association; taught in the Nursing program at Idaho State University and returned to Montana to work at the Montana State Health Department.

In 1982 she went to Sitka, Alaska to work at Sheldon Jackson College. It was there she met and married Clinton Balfour in 1984. After he finished his volunteer stint at the college they settled in Florence, Oregon. They were both active in volunteering. They were on the board for the Dial-a-Ride agency and she drove the Dial-a-Ride bus for eight years; was on the advisory boards for Hospice and Home Health; was on the board for an agency working with the developmentally disabled; was on a committee working to provide educational opportunities for senior citizens; took continuing education courses at the local junior college; was an avid genealogist who traced and documented both sides of her and both husbands families. Clint died in 1997.

She traveled extensively- to Mexico, Europe, Scotland, England, Ireland, Hawaii, Alaska and many of the states in this country.

She is survived by a sister, Virginia Paddock, Boulder CO; her sons James (Jo Ann) Paddock; Robert (Mary) Paddock, Dillon, MT, and Carole Herron (Wayne Momsen), Helena, MT; step-son, Ron Balfour, West Virginia, and step-daughter, Faye (Ken) Morley, California. Identity

By: MJ

Is your identity rooted in what other people think? If that is true maybe you are blocking out cracks and fissures in your own life that needs some repair work done. Often we are in denial and can't see the cracks until it's too late. Cracks could be identified as; anger, skepticism (no one cares, everyone is a cheat), unbelief (hopeless), fear, procrastination, pessimism, negativity, laziness… *These can become strong-holds in our lives and the older we get the stronger the hold is.*

Are you a person that needs to renew or make renovations in your life? **Example**: If you were renovating a house you would take out the old and replace it with new. *Renewing ourselves is no different than that house except it is much harder. We must throw out the old thoughts, actions, behaviors and replace them with new Changes to one's mind is a daily challenge, requires daily awareness and discipline to do what needs to be done. Changes mean we go against everything that is familiar to us and move into the unknown areas. Changes mean less judgment, less blame more honesty and consideration…*

You may or may not be a person that has issues you would like to change, issues that might be obstructing your lifestyle. **Example of changes**; have less self-guilt, improved job, continued education, trimming body down, improve communication skills, less anger, more laughter & enjoyment, be a better parent, less procrastination, more energy, let yourself be loved…

You must identify your own changes, decide if they need an overhaul and make your own choices. There is an old saying, "As you make your bed, so you must lie" (you must suffer the consequences of what you do). **Example**: I must accept responsibility for what I write. When you respond to an article I have wrote, all I ask is you address the article and not me personally. (Two different issues). I appreciate your comebacks.

Letter to the Editor

A self-proclaimed Socialist is running for the highest office in the United States. I decided to find out the definition of socialism, according to the Webster dictionary socialism is "the stage of society in Marxist doctrine coming between the capitalist stage and the communist stage in which private ownership of the means of production and distribution has been eliminated."

I don't know of a better example of what socialism can do to a country than what has happened in Venezuela. Cesar Chavez socialized the country and now Nicola's Maduro has taken over and is continuing to follow the practice. The state has taken over hundreds of companies. Venezuela used to export meat, coffee and rice now it imports everything. Their inflation is the worst of any country it being 700 % with no end in sight. Infants have died because of lack of medicine; power is rationed meaning food spoilage when the refrigeration is shut off. One lady stood in line for 2 hours hoping to get some food all she was able to get was a small bottle of cooking oil. She stated the country government is putting us through "savage suffering" with no change in sight. Venezuela is a very oil rich country and there was a fund set up in case oil prices dropped now most of the funds have disappeared. These are just some examples of how socialism affects a county.
