"SECURITY CHANGES AT BARRETT HOSPITAL & HEALTHCARE"
 To ensure the safety of our patients and staff members, Barrett Hospital & HealthCare has implemented new entrance and exit guidelines for evening and early morning hours. Beginning March 7th, the main Lobby doors will be locked from 9:00 PM – 6:00 AM. Visitors are still welcome during these hours, but are asked to enter and exit the hospital through the Emergency Department. Utilizing one dedicated entrance will allow hospital staff to monitor visitors and, in turn, keep patients and staff safe. Signs are posted that direct visitors and family members to the Emergency Department.
 For more information about this change, please call Barrett Hospital Safety Officer Geoff Roach at (406) 683-3021.

Museum Building

By: MJ

Feb. 29, 2016 the Board of Adjustments granted a zoning variance to Beaverhead County Museum for the construction of a storage building located on South Montana Street in vacant lot between Good Life and Milk Pail businesses. Upon completion of construction the building will be donated to the county.

The Variance Committee granted the variance with five stipulations. 1) Obtain a licensed architect; 2) have engineering studies done on the lot to assure the building will be supported; 3) submit drawings depicting the design of building for State Building Code approval; 4) the design must be consistent with the surrounding buildings, 5) the building must provide protection for the adjacent buildings.

Ms. Stout, representative for the project, stated that the Museum Association intended to comply with all the listed conditions.

MONTANA WESTERN STUDENT ACCEPTED INTO DENTAL SCHOOL

Senior Dylan Starkel was recently accepted into the University of Colorado School of Dental Medicine.

Starkel attributes getting into his first-choice dental school to the University of Montana Western's Experience One (X1) program.

"X1 gave me the flexibility to intern with local dentists in the area which significantly strengthened my application and prepared me for the real world," Starkel said. "I had the time and freedom to pursue real-life work experience in my field of interest."

Starkel also said that by being taught with the X1 system he was able to learn terminology and apply it in conversation effectively because of the immersive nature of the classes.

While interning as a dental assistant with local dentist Dr. Orme and the Birch Creek Dental Clinic, Starkel identified a need in the industry for bilingual dentists.

"I want to become a bilingual dentist to avoid the language barrier between myself and my Spanish-speaking patients," Starkel said. "I was attracted to Colorado because they encourage hands-on learning and they have a study abroad program which would allow me to learn Spanish and spend part of my summers doing clinical practice in Guatemala."

Starkel will graduate this May with a Bachelor's of Science degree in biology with a molecular bioscience option.

IN THE BUSINESS OF SAVING LIVES

The Beaverhead County Search and Rescue asks for your continued support of our organization and this resolution NO. 2016-04. It is becoming very difficult to stay abreast of training opportunities and new technologies due to rising cost. Please support us in our professional calling to assist all the people in need within the boundaries of Beaverhead County.

WHEREAS, the volunteer members of Beaverhead Search & Rescue have a duty and commitment to provide search and rescue services to the people in and of said Beaverhead County; and

WHEREAS, the Beaverhead Search & Rescue provides services and the cost of providing said services, upkeep of equipment and operating expenses, currently funded by donations, fundraising efforts and funds allocated from the Beaverhead County Sheriff's budget; and

WHEREAS, it has become apparent to the Beaverhead County Commission that the current funds raised through these sources, are not sufficient to provide said protection in an efficient and proper manner; and

WHEREAS, the cost of operations and maintenance of Beaverhead Search and Rescue facilities, repairing, maintaining, and replacing equipment, providing proper training and support for the volunteer members continues to increase; and

NOW, THEREFORE, BE IT RESOLVED, the Beaverhead County Commission hereby places the following measure on the ballot of the primary election on June 7, 2016.

Shall the Beaverhead County Commission be authorized to levy two (2) mills, being approximately \$40, 400 for the improvement, operation and maintenance of said Beaverhead Search and Rescue? This mill levy shall be perpetual. The fiscal impact on a home having a market value of \$100,000 is estimated to be \$2.70 each year and \$5.40 on a home having a market value of \$200,000.

HUNTERS: MARCH 15 APPLICATION DEADLINE APPROACHING

**SOME SW MONTANA HUNT DISTRICTS NOW
REQUIRE ANTLERLESS PERMITS**

For those planning to hunt elk in the districts between Butte and Helena, some important changes to the regulations for the 2016 hunting season need to be considered. These changes specifically apply to Hunt District 215 (East Deer Lodge), 318 (Butte-Basin), and 335 (Helena South).

Previously in these districts hunters could hunt antlerless elk by applying for an elk B license by the June 1 deadline. This year, hunters must apply for a special permit by March 15 to be allowed to hunt antlerless elk HDs 215, 318, and 335.

For the 2016 season, these three hunt districts will be treated as one unit, and a permit for antlerless elk will apply to all three. A total of 800 permits for antlerless elk will be available to be used in any of the three districts.

It's important to note that hunters drawing a permit to hunt antlerless elk will not be allowed to hunt antlered elk in any of these districts for the duration of the hunting season.

Archery only hunters, youth ages 12 to 15, and hunters with a permit to hunt from a vehicle may still hunt both antlered and antlerless elk with their general license.

The deadline to apply for elk B licenses is still June 1.

Life's Too Serious

by: Joe Barnhart

I was on the phone with my kindergarten granddaughter, Abi. She lives in Anchorage, Alaska as her parents moved there once the three grandkids started to take me seriously. On the phone she mumbles and the conversation sounds like:

Me: So, Abi, how's school going?

Abi: My teachers wenter othbe an saseter downen to the class.

Me: Oh, how nice. Did anyone else light a book on fire?

I was telling Abi how windy it had been and she asked, "Gramps, where does wind come from?" Abi is not to be trifled with as she once told a playmate, "My house, my rules, stupidhead." I don't like being a stupid-head so here's what I told her.

Wind is a liquid, much like electricity without the wires and risk of electrocution. If wind was left at rest, it would settle around your feet, making walking difficult. It's good thing that it moves. The primary force behind wind is mother Earth rotating at something like 567 billion millimeters a minute. As the earth rotates, the wind lags in rotational speed (known as global resistance) and you feel that differential. Here's a simple way to experience it. Get a stretch limo with a driver whose name is Ronald and say, "Hey Ron, head down the interstate at 80 miles/hour." Open the sun roof and stand up. If everything goes as planned, you should feel wind in your face. Don't forget to tip.

Obviously, wind doesn't travel in the same direction all the time. Duh! This is because the magma underneath the Earth's surface is causing a Magnetic Flux Inversion Vortex (MFIV). Fill a basketball with tapioca pudding and shake it - you'll get the idea. MFIV is very complicated and if I had the time, a flip chart, a DVD on thermodynamics principles, a light-show of the galaxy, and a pint glass of your finest pilsner, I'd explain it.

Then there are windless days and windier-than-heck days. Obstacle Drag Coefficient (ODC) causes this just like it causes hemorrhoids. Mountains, skyscrapers, coniferous trees, rocks and clusters of Girl Scouts all cause ODC. Try this, block a crowded restroom's door and the inhabitants will eventually blow past you, just like how ODC affects the wind.

That's all I know about the wind. Abi didn't call me stupidhead. I'm glad.

MEDIA RELEASE ALCOHOL COMPLIANCE CHECK

On February 25th and 27th, members of The Beaverhead County Sheriff's Alcohol Enforcement Team conducted Alcohol Compliance Checks to determine if local establishments throughout Beaverhead County would serve alcohol to persons under the age of 21. Out of the fifteen locations checked nine locations passed by determining the minor was under 21 years of age. The other six locations failed to verify the age of the minor prior to selling alcohol. The common denominator for the violations appeared to be a lack of training.

The minors used in this program received training provided by the State Of Montana. This training emphasized that there will be no attempt to deceive the servers. When asked, the underage person will produce their own valid Montana License which shows they are under 21 years of age.

Establishments that serve alcohol are encouraged to attend Responsible Alcohol Sales and Service (RASS) Training. These classes are geared for checking ID's, education on Montana liquor laws and liability. You may locate a list of state approved server training programs at www.alcoholservertraining.mt.gov under Alcohol Server Training tab.

The Alcohol Enforcement Team is encouraging all establishments to educate themselves on asking for and reading ID's. The number of incidents involving underage drinking can be reduced by all of us doing our part.

2016 PEEPS DIORAMA COMPETITION!
March 9th – March 26th, 2016

CONTEST RULES

1. Think of a scene. It could be a current, historical, futuristic, or totally imaginary event. It might depict a scene from a book, a movie, a song, or a work of art. It could be "punny," offer social commentary, be sweet or serious.
2. The most important rules are these:
 - a. **All characters must be played by Peeps.**
 - b. **All dioramas must be original.**
3. The diorama should be no larger than 15 inches square at the base. It must be able to be carried by one person.
4. Pay attention to: **Details**....the more you include, the better your diorama will do!
Workmanship.....make it as neat as possible!
5. Give your diorama a title. This could be a play on words using the word "Peep." (Example: "Peepter Rabbit" instead of "Peter Rabbit.")
6. The contest is open to anyone in Beaverhead County. Categories are as follows:

Single Entries (One person entering a single diorama):

Child	Ages 5 – 8
Student	Ages 9 – 12
Teen	Ages 13 – 17
Adult	Ages 18 and up

Group Entries (More than one person entering a single diorama):

Youth Group	Group of children, any combination of ages.
Adult Group	All members 18 and up.
Family/Friends Group	At least one adult and one child.

7. DO NOT put your name on your diorama. You will be asked to fill out a contest entry card when you deliver your diorama to the library and your diorama will be assigned an identifying number.
8. Dioramas will be accepted from **March 9th, 2016 through March 26th, 2016**. Contest results will be announced Wednesday, March 30th.
9. There will be an award for the winner in each category. There will also be an award for **"People's Choice Single Entry"** and **"People's Choice Group Entry"**
10. Entries will be judged by local artists on the following criteria: originality, use of Peeps as the primary medium, and creative detail. All judge's decisions are final.
11. We ask that dioramas be left at the Library for display through Friday, April 1st. Entries may be picked up from the Library beginning Saturday, April 2nd
