Wheat Montana Family Purchases Business in Dillon Super 8 Dillon Plans Opening During "Montana's Biggest Weekend"

Montana based Wheat Montana has purchased the America's Best Value Inn, located in Dillon. The property will be re-branded as Super 8. The Folkvord family purchased the property in June and have been busy since then making the needed renovations for their grand opening celebration planned for Labor Day weekend.

As leaders in the growing "Farm to Table" movement, this will be the second lodging purchase the family has made after reopening the Sacajawea Inn, located in Three Forks. According to Dean Folkvord, guests can expect high quality accommodations at an affordable price, including new furnishings in each room.

The Folkvord family has a long history in southwest Montana and wanted to provide a new lodging opportunity to bolster the local economy.

"We've always had an affinity for Dillon," said Folkvord. "I started coming here as a ten-year old when my Dad was in the livestock business. I visited the Beaverhead County Fairgrounds many times as rough stock cowboy in college and as a member of the Professional Rodeo Cowboy Association." "Over the years, we've come to know Dillon as a special community, with great people and a vibrant economy," continued Folkvord. "The property we bought was distressed and we saw an opportunity to improve Dillon visitors' lodging experience. Nothing's easy but we're not afraid of a challenge and we always learn something that helps us in the future. I do know Wheat Montana bread will be served every morning at the hotel breakfast bar!"

In addition to the strong Montana presence from ownership, Butte native, Patrick Bailey will be assisting with brand conversion, renovation & ultimately management of the property. After several years, working in hospitality management around the country, he is excited about returning to his roots and working with such a highly respected family. "Dillon is a destination that is growing in popularity," said Bailey. "We are proud to be a part of Dillon's economic growth by joining existing properties as a lodging choice the community can take pride in."

Bailey has been working closely with the Job Service Dillon to hire local employees for their workforce of at least twelve staffers.

Look for the Super 8 signs to go up in a few weeks, as crews put the finishing touches on Dillon's newest addition to an already successful hospitality industry.

Walk off the War

Lia Jones wrote in Beaverhead County Free Classifieds:
"Hi Dillon! I am currently hosting 2 military veterans,
"Walk off the War" participants, who are hiking the
Continental Divide Trail. They are here in Dillon for some
R & R, and will be joined by their hiking partners on the
15th. I am looking for anybody that could donate some
meals for them to eat while they are staying. Heat and eat,
crockpot, oven meals . . . anything easy. Please contact
my cell at 814-397-9391. No allergies, and BIG appetities.
Thank you!"

She said this is a program to help veterans who have
returned from recent service and are suffering from PTSD.
They started in New Mexico last April and so far have
hiked 1500 miles.

They are staying at her fishing lodge, about 5 miles
north of town. She said the meals would be taken there. If
you are interested in helping, give her a call.

You can find the program at warriorexpeditions.org.
The therapeutic effects of long distance outdoor hiking are
being applied to help these veterans.

DILLON DASH 5K

Come participate in the first annual DILLON DASH
5K! All proceeds will be donated to your local Beaver
Booster Club! This event will be held on Saturday,
September 3rd of labor day weekend.

This is a family fun run so all ages are welcome to run
or walk! Race will be hosted by Orthopedic Rehab and
Payne West, starting in their parking lot at 8:00 a.m. Entry
costs for adults is \$20 (ages 12 and up), which includes a
T-shirt. Youth (under 12 y.o.) is free. Extra T-shirts will
be available for purchase for \$10. Pre-register at raceentry.com/dillon-dash-5k

Finance Committee Discussions:

By MJ

Mayor Klakken explained the values on the Tax Sheet. In the next several Finance committee meetings budget issues were discussed with corrections or changes were made where necessary. There was effective discussions amongst the committee members at the meetings.

Ray Lynch Park: A discussion to go from the sewer main on Noble St. out to the softball field and install a manhole. This would allow the Cubs to put their pressure line from their system and connect with the manhole. This project will be presented to the Water and Sewer committee for a recommendation that will be forwarded to the council for the final decision. The sprinkling issue for the park was referred to the Parks and Recreation committee.

Parking Lot on Montana Street: The parking lot has been known by the locals as the "Carpita" parking lot. Councilman Straugh reported that a member of the Carpita family asked that the park be referred to as the "Bar Supply" parking lot. First improvement the city will be making to the parking lot is placing an attractive fence on the back side next to railroad as per the city's agreement. The city will continue to make long term improvements to the parking lot in stages.

Police Retirement Fund: City Treasurer Straus explained to the committee that after the \$73,000 payment was made on the Police Retirement bond there was \$83,000 remaining in the sinking fund. He ask if he could take \$50,000 from the sinking fund and pay down the new bond early thus reducing the interest and accelerating the payment of the bond. This was approved by the council.

Fire Truck: The loan on one fire truck balloons this year and final payment will be made on loan. City buys fire trucks used by city. The trucks that are used by the district are bought by the district. There are trucks also joint owned by city and district. The city and fire district have a mutual agreement that all the fire trucks can be used at any given time when needed regardless of ownership. A team working for the safety of the community

PARALLEL PARKING ONLY

The City of Dillon and the University of Montana Western would like to let the citizens of Dillon know that starting Monday, August 15th, 2016, Cornell Street from Atlantic Street running east (the street running parallel to the campus) will be parallel parking only. The change is to provide a safer street as well as better access for fire protection.

FIRE SAFE LANDSCAPING

Due to the high level of fire danger Fire Chief Morast and the Dillon Volunteer Fire Department would like to remind homeowners that fire safe landscaping can reduce the hazards from fires and give an added margin of protection. Regular scheduled maintenance decreases the fire hazard. Remove all fallen branches, shreds of bark, and dead or dying foliage from the ground. Keep annual grasses and weeds mowed to reduce their fire carrying potential.

Is Jesus God?

There are many scriptures, too numerous to mention, testifying to the fact that Jesus is not God, but God's Son. I will answer with just a few from the King James Bible.

1 Cor. 8:6... "there is but one God, the Father... and one lord Jesus Christ..."

1 John 4:9 ... "because God sent his only begotten (1st) son (Jesus) into the world..."

Jesus himself testified that he was not the one true God, in John 14:28... "I go unto the Father, for my Father is greater than I"

Mt.3:17, shows God revealed his Son, as he was baptized. "...lo, a voice from heaven saying, 'this is my beloved son, in whom I am well pleased.'"

Luke 1:32, calls Jesus "the Son of the Highest..."

Jesus prayed to his Father many times, showing they are two separate beings.

Luke 23:42 when he was about to be captured "Father..." And when his friend Lazarus was to be resurrected.

John 11:41, 42, Jesus again spoke to his Father, his God & our God. "I knew that though here's me always, but because of the people which stand by, I said it, that they may believe that thou hast sent me"

There are hundreds more, I can also share those with u if u wish.

MOVIE FILMING AT THE METLEN HOTEL

You may have noticed a lot of people around the Metlen Hotel for the last few days. The extras were there getting ready for a bar dancing scene according to Stan Smith. Smith has been working on this movie project for several years.

The filming project is for Ghost Adventures that airs on the Travel Channel and is in its 13th season. The crew was on lock in on Wednesday night, so we will all have to wait to know what happened.

If you have lived in Dillon long, you have heard stories of hauntings at various locations. The crew will take a look at the paranormal activity at the historic Metlen to hopefully get to the bottom of the legends.

The Ghost Adventures have filmed at Bannack and recorded and aired a show from there in past years.

Montana License Plates to Feature New, Larger Font Changes Ahead for Registration Tabs, Too

The Montana Department of Justice and the Montana Department of Corrections have collaborated to change license plates with an eye toward easier readability. Soon, new license plates using a bolder, more legible font will be distributed through County Treasurer's Offices across the state. Motorists will notice their new license plates feature letters and numbers in a larger, bolder, slightly rounded font with a little more spacing between letters and numbers, improving legibility for Montana's law enforcement officers.

Over the past several months, the Law Enforcement Working Group, comprised of members of the Motor Vehicle Division, Montana Correctional Enterprises, the Montana Highway Patrol and other law enforcement agencies, recommended the font change and reviewed how samples looked on all 261 of Montana's plate designs, ensuring the background graphics didn't interfere with the enlarged font.

Montana Highway Patrol Colonel Tom Butler said, "The old font was difficult to read, not only from law enforcement's perspective, but from the public's as well. Our dispatchers noticed that when drivers called in traffic complaints, they had difficulty distinguishing 8's from 9's along with 5's and 6's. The new font is quite a bit more defined and definitely more legible for all."

The new license plates, which are manufactured at Montana Correctional Enterprises in Deer Lodge, are made possible thanks to new technology — the Precision Printing System printer (PPS). The PPS is the most advanced license printer available, capable of printing up to 100 plates per minute. Gayle Lambert, administrator of Montana Correctional Enterprises at the Montana Department of Corrections, said, "We recently installed a state-of-the-art ink jet license plate printer that replaced the original printer purchased 14 years ago. The new printer and updated technology allows us to produce a higher quality plate with greater legibility. Our previous printer manufactured just short of ten million plates while in use, so it was definitely time for a replacement."

The distribution process of the new plates to County Treasurers Offices began a few weeks ago, and according to Motor Vehicle Division Administrator Sarah Garcia, vehicle owners should

start noticing the changes gradually while out on the road. "Typically, anywhere from 700 to 8,000 license plates are ordered across Montana every business day," Garcia said. "It'll probably take a month or so for County Treasurers to work through their old stock, and about five years before the rotation of the new plates is complete across the state."

In a related effort to improve readability of vehicle information for Montana's law enforcement officers, sticker tabs showing vehicle registration month and year will get a new look this fall. Currently, the month and year of registration expiration are shown as an abbreviated month and year in black font against a white background (Sep 16 for example). Based on recommendations from the Law Enforcement Working Group, registration expiration will now be shown numerically, with the numbers for the month in black on a white background, and the letters for the year reversed in white font against a black background. To see the new plates and tabs, visit: <https://dojmt.gov/wp-content/uploads/New-font-new-tab-2016.jpg>. The look of permanent tabs will not change.

Each year, approximately 840,000 license plates are printed in Montana in a wide variety of standard and specialty designs. To view Montana's license plates options, visit <https://dojmt.gov/driving/plate-designs-and-fees/>.

BULLDOG FOOTBALL SCHEDULES SUMMER SCRIMMAGE

The University of Montana Western Bulldog summer football scrimmage is scheduled for Saturday, Aug. 13, 2016 at 11 a.m. at Vigilante Field in Dillon, Mont.

"The first summer scrimmage of the season is a great opportunity to see how our players have progressed since spring and throughout the summer," Head Football Coach Ryan Nourse said. "We lost some outstanding seniors to graduation last spring, so there are jobs to be won based on the performance in this scrimmage."

With nearly 40 incoming freshmen players, the scrimmage will be a chance to see the future of the program, Nourse explained.

Vigilante Field is located at 500 Vigilante Dr, Dillon, MT 59725.

Recent Precipitation Moderates Fire Danger Slightly

Recent precipitation across portions of southwestern Montana have moderated fire danger slightly – from a rating of “very high” to “high” – in most reporting locations. But fire officials say it isn’t enough to let their guard down.

Weather experts predict the return of a warming and drying trend by the end of this week, with temperatures climbing back into the low 90s. “Given the current and expected fire weather, including the drying trend this weekend, we expect to be pushing the fire danger back to the ‘very high’ rating,” said Mike Goicoechea, Forest Fire Management Officer with the Beaverhead-Deerlodge National Forest.

With the resurgence of hot, dry conditions comes the return of the potential for accidentally starting a wildfire. Practicing basic fire prevention limits the chance of accidentally starting a wildfire, as well as the need to enter into fire restrictions. Officials enact fire restrictions in situations when conditions are the most severe or there are numerous human-caused fire ignitions, stretching local resources and the capacity to respond to fire reports.

Several areas in Montana have already implemented restrictions. Know what restrictions are in place in the areas where you plan to recreate, and know what activities are specifically restricted. Check the fire restrictions website at <http://firerestrictions.us/mt/> or contact your local fire district prior to your departure.

As you enjoy the great outdoors, keep these simple fire prevention tips in mind. Build campfires in an existing ring or in an area clear of vegetation. Never leave a campfire unattended and drown it with water, stirring until it is “dead out” and cold to the touch, prior to leaving. Don’t drive or park on dry grass. Properly maintain vehicles, trailers and all mechanical equipment. Check safety chains and spark arrestors.
