## Standard Creek Road Temporarily Closed for Logging Activity

Standard Creek Road (Forest road #237) in the Gravelly Mountains west of Lyon's Bridge will be closed beginning Wed. Aug. 17. The closure will start at the junction with road #237C and travelling west for 5.7 miles.

The road closure will be in effect 5 a.m. to 5 p.m. Mondays through Thursdays, and from 5 a.m. to 3 p.m. on Fridays. The road will be open to public travel Saturdays and Sundays. This closure will remain in effect until logging activities to remove hazardous trees along the roadway has concluded in mid-October.

Access to the Wolverine Basin trailhead will be limited and visitors are asked to plan accordingly.

Travelers in this area are also advised to drive cautiously due to logging truck traffic. Towing of trailers to road barricades is not recommended as turning around may be difficult. For more information contact the Madison Ranger District at (406) 682-4253.

## Dillon Rotary Club

Kevin Engellant, "Hook a Kid on Golf" Program Director, will be the featured presenter at the noon Rotary meeting scheduled for Wednesday, August 17, 2016. Kevin will provide an update on the "Hook a Kid on Golf" program that he brought to the Dillon community in 2014. This program, sponsored by the Dillon Kiwanis Club and Community Youth Initiative.

The Rotary Club will meet at the Guild Hall of St. James Episcopal Church located at 203 East Glendale St. in Dillon. Visitors are welcome to join Rotarians for lunch. The presentation is scheduled to begin at approximately 12:20 p.m. For more information, email Craig Rehm at [crehm@dadco.com](mailto:crehm@dadco.com) or Roxanne Engellant at [engellantr@gmail.com](mailto:engellantr@gmail.com).

## Preparing for the Hunt with Wildfire Safety in Mind

As hunting season nears, land managers want to remind hunters to practice wildfire safety while enjoying the outdoors. Your local firefighters are urging caution for those participating in hunting and other outdoor activities to avoid sparking a fire. Just one small spark/ember from an unattended warming fire, muzzle of a gun or a hot exhaust pipe on a vehicle can ignite the dry grass.

Here are a few suggestions to avoid sparking a wildfire:

- Keep water nearby when welding on stands.
- When shooting close to the ground, be sure there is no dry grass or tinder in front of your muzzle. Though rare, it's not impossible for a shot to ignite a fire.
- Use properly maintained spark arresters on all power equipment.
- Never leave a campfire or warming fire unattended, even for a few minutes. Be sure to completely extinguish campfires/warming fires when ready to go.
- Keep a bucket, a shovel and a fire extinguisher in your vehicle and at your camp.
- Be aware of area fire restrictions. Check <http://firerestrictions.us/> for current information.
- Be mindful of where you drive or park; stay on designated trails. Avoid parking on dry brush or grass, since your exhaust system can ignite the vegetation.

Please keep wildfire safety in mind and have a safe and memorable hunting experience.

## Dillon Junior Fiddlers

Following a full house at the Dillon opening of their latest show, Tales and Tunes, The Dillon Junior Fiddlers will be bringing their latest show, Tales and Tunes, to the Virginia City Opera House on Sunday, August 21st at 7:00 pm. This program showcases the acting and singing talents of the fiddle players along with a liberal sample of their traditional music. When the "Big Book of Family Tales" is opened, the audience will be given a chance to meet a cast of characters, some real and some imaginary. The music will feature a variety of music styles and ethnic origins.

Tickets are on sale at the door the night of the show. The price of admission is \$8 for adults and \$5 for children under 12 years old. All proceeds from the show go to the Virginia City Preservation Alliance and Dillon Junior Fiddlers scholarship fund. This summer, 18 fiddlers from the group were sent to the Montana Fiddle Camp in Monarch, MT on half scholarships. Both the VCPA and the Dillon Junior Fiddlers support preservation of history. Old and young alike will enjoy this show that celebrates connections that are made between generations through stories and music.

## Maintain your Safety Chain

As you pack up the family for an epic outdoor adventure, take a few moments to reduce the chances of igniting sparks along the way to your destination. A loose safety chain on a trailer that drags on the pavement can send a shower of sparks into dry vegetation. You can reduce the chances of igniting a wildfire by greasing your trailer wheels, checking tires and ensuring safety chains are not touching the ground.

With that in mind, here are a few additional suggestions to avoid sparking a wildfire:

- Thoroughly clean and maintain all equipment. When vehicles are driven over vegetation, brush and grass frequently accumulates around exhaust systems. This vegetation can ignite, spreading fire as the vehicle travels. A faulty spark arrestor can shed hot metal. Poorly lubricated wheel bearings can overheat and ignite, and worn out brakes can drop hot material into the grass.
- Keep vehicles off dry grass. If a driver pulls off to the side of the road into dry grass, the red-hot catalytic converter on the exhaust may contact the vegetation and set it ablaze.
- Carry a shovel and a fire extinguisher.
- Follow all public-use restrictions and access closures. Check with local agencies about any closures before venturing out.

We can all make a difference in reducing human-caused fires this season.

## FWP CONFIRMS SIGNIFICANT YELLOWSTONE RIVER FISH KILL

Montana Fish, Wildlife and Parks confirmed Friday a large scale fish kill involving mountain whitefish in the Yellowstone River.

FWP staff floated the section of the Yellowstone from Loch Leven Fishing Access Site to Pine Creek Fishing Access Site south of Livingston and counted 382 dead whitefish on the east bank of the river alone. The fish discovered were of all age classes.

The fish kill was reported to FWP by a number of outfitters and guides.

FWP collected several samples Friday and will return to the Yellowstone with two crews Saturday to further investigate the kill, and collect additional samples to be studied by the fish disease and health lab.

FWP Region 3 Supervisor Sam Sheppard said, "We consider this a significant event. Whitefish play an important role in the ecosystem and can be an indicator of overall river health."

Sheppard added that he encourages the public to continue providing the Department with reports of any dead fish in the Yellowstone including the location and numbers.

## National Breastfeeding Month

August is National Breastfeeding Month. The American Academy of Pediatrics (AAP) recommends breast milk as the best nutrition for infants. Babies should be breastfed exclusively for the first six months, according to the AAP. After other foods have been introduced, the AAP encourages mothers to continue to breastfeed until baby is at least a year old, and as long after that as both mother and child are willing. Breast milk is the perfect food for baby, with numerous advantages over baby formula. Here's why:

- It's always available at the right temperature.
- It's free.
- It provides natural antibodies that help your baby resist illnesses, such as ear infections.
- It's usually more easily digested than formula. So breastfed babies are often less constipated and gassy.
- It may lower the risk of sudden infant death syndrome in the first year of your baby's life.
- It may raise your child's intelligence. Studies show breastfed babies have higher levels of cognitive function.
- Breast milk may even help your child in later years, by reducing the risk of being overweight, and of developing asthma, type 1 and type 2 diabetes, high cholesterol, Hodgkin's disease, leukemia, and lymphoma.

## Finance Committee Discussions:

By MJ

Mayor Klakken explained the values on the Tax Sheet. In the next several Finance committee meetings budget issues were discussed with corrections or changes were made where necessary. There was effective discussions amongst the committee members at the meetings.

**Ray Lynch Park:** A discussion to go from the sewer main on Noble St. out to the softball field and install a manhole. This would allow the Cubs to put their pressure line from their system and connect with the manhole. This project will be presented to the Water and Sewer committee for a recommendation that will be forwarded to the council for the final decision. The sprinkling issue for the park was referred to the Parks and Recreation committee.

**Parking Lot on Montana Street:** The parking lot has been known by the locals as the "Carpita" parking lot. Councilman Straugh reported that a member of the Carpita family asked that the park be referred to as the "Bar Supply" parking lot. First improvement the city will be making to the parking lot is placing an attractive fence on the back side next to railroad as per the city's agreement. The city will continue to make long term improvements to the parking lot in stages.

**Police Retirement Fund:** City Treasurer Straus explained to the committee that after the \$73,000 payment was made on the Police Retirement bond there was \$83,000 remaining in the sinking fund. He ask if he could take \$50,000 from the sinking fund and pay down the new bond early thus reducing the interest and accelerating the payment of the bond. This was approved by the council.

**Fire Truck:** The loan on one fire truck balloons this year and final payment will be made on loan. *City buys fire trucks used by city. The trucks that are used by the fire district are bought by the district. There are trucks also jointly owned by city and fire district. The city and fire district have a mutual agreement that all the fire trucks can be used at any given time when needed regardless of ownership. This is a team working for the safety of the community*
